Purpose of Professional Expense Reimbursement (PER) Program

- The Professional Expense Reimbursement (PER) program is designed to enable eligible Academic Staff of the University of Calgary to access, in a tax efficient manner, funding for expenditures that relate to the staff member’s present responsibilities for teaching, research, professional or general University duties.
Who is Eligible for PER?

Academic staff holding ‘Initial Term’, ‘Contingent Term’ and ‘Limited Term’ appointments; Academic staff holding ‘Term Certain’ appointments are eligible for the PER program according to the amounts in the following:

**Academic Staff Members – Initial Term, Contingent Term and Limited Term (Full Time):**

**Amount of Eligibility:** To a maximum of $1,500 per academic year (July 1 – June 30).

Annual PER allocations are loaded into the PER accounts by the end of August each year. The new year PER balance will be adjusted to reflect the processed claims.

**Benefit Year:** July 1 to June 30 of the following year

**Exceptions:**

- Where eligibility exists for a portion of the academic year, PER credits will be prorated on the number of months worked.
- Staff members on an approved Leave Without Pay are not eligible during the period of leave, but will received a pro-rated PER allocation upon their return to work.
- Staff members holding less than a .8 FTE will be eligible for a pro-rated PER allocation based on FTE
- Persons who are on Research and Scholarship Leaves, Professional Fellowship, or Assisted Study Leave remain eligible.

**Sessional Instructor:**

**Amount of Eligibility:** $150 per half course equivalent of duties, to a maximum of $1,500 for per academic year (July 1 – June 30).

**Benefit Year:** Expense reports must be submitted within two months following the termination of the Sessional appointment.

- Expenses must be incurred during the period of the Sessional appointment.

Carry Forward

- A Staff Member may carry forward from the current year an unspent balance to the first and second succeeding years.
- Splitting an expenditure for an event or purchase over two separate claims is not permitted unless the following exception applies:

If a staff member spends in excess of the maximum allowance for the year on a single large purchase of capital equipment, he/she may claim the excess over the next five years, subject to the limit available for each year.

The staff member is responsible to resubmit a PER claim form for excess in subsequent years until reimbursement for the capital equipment is complete.

Pooling Funds

- Two or more staff members may pool their respective allowances for the purpose of purchasing capital equipment ONLY.

Such claims should be submitted at the same time with one person submitting the original invoice and the other(s) referring their claim to the "lead" claimant and attaching their own evidence of payment.

Each claim must be supported by the evidence of payment.

• Staff member’s ‘original’ cancelled cheque and copy of related invoice if available.
• Credit card statements will be accepted as proof of payment where the goods or services were purchased via the internet or phone and no original paid invoice was issued by the supplier.
• Documentation from the supplier verifying the items ordered and the costs, e.g. a copy of the internet order, dues assessment notice, priced packing slip that accompanied the shipment etc. should accompany the credit card statement.

Documentation NOT acceptable as evidence of payment:

• Copies of receipts or cancelled cheques.
• Debit card receipts by themselves will not be reimbursed. They must be accompanied by an itemized cash register receipt or paid invoice.

• In the event that evidence of payment is not available, reimbursement will be disallowed.

• Documents will not be returned, please retain copies if required for your personal records.

**Tax Rules**

As these expenditures are not being reported by the University as income of the individuals, they are not valid deductions from the staff member’s income for tax purposes.

Professional Expense Reimbursement is subject to Canada Revenue Agency regulations and approval. As *Non-taxable Benefits*, items with a useful life of more than a year and continuing value remain the property of the University.

When a staff member retires or leaves their employment from the University they should ensure these items are returned to their department or faculty.

If the faculty member wishes to retain any of these items, they should contact Financial Services - Asset Management to transfer ownership from the University to themselves.

**Expiring Allocations**

In accordance with the Carry Forward rules, expired allocations will be deleted from PER accounts.

This process occurs annually shortly after the submission deadline (August 31) and will show as forfeited funds within your PER balance. To calculate your funds at risk:

Add your annual allocation for two years. If your current balance is less than the total of the two years, then you have no funds at risk of expiring. If your current balance exceeds the total of the two years, then you have funds at risk of expiring.

In order to avoid loss of allocations you must make a claim prior to August 31 in the current year. Once allocations have expired, the funds are no longer available.
