"Planning for the Future, Building for Tomorrow –

Calgary Ring Road Project"

Presented by

Garry Lamb, P. Eng.

Alberta Infrastructure and Transportation

Provision of a functional ring road system is vital to mobility and safety in Calgary. Planning work currently in progress for the southwest portion of the ring road has recently attracted the attention and keen interest of stakeholders. This talk will present aspects of the Owners perspective on the Calgary Ring Road system.

Mr. Garry Lamb P. Eng. is Urban Construction Manager, Calgary for Alberta Infrastructure and Transportation and is currently responsible for the design and construction of the Calgary Ring Road system. He is a Calgarian who graduated from the University of Calgary in 1975 with a B.Sc. in Civil Engineering. He worked for the PFRA in Southern Alberta in the late 1970's and then joined The City of Calgary in 1980. There he completed his M. Eng. in 1983. During his career with the City, he has worked as a design engineer, production superintendent and project manager in the Engineering Department. He left the City of Calgary in 2001, working as an independent Project Manager and joined Alberta Infrastructure and Transportation in May, 2005.
