“Urban Bicycle Facilities Planning and Design in Calgary: Examples and Opportunities”

*by Blanka Bracic, P.Eng., The City of Calgary
Transportation Solutions*

Partner: APPI

Sponsors: Westhoff Engineering and Clifton Associates

Abstract:

Have you ever wanted to bike to the store, a friend's house or out to eat in Calgary? You're not alone: 59% of Calgarians are interested in biking more often. People are increasingly interested in active living and sustainable lifestyle choices. The fifty actions contained in the July 2011 Cycling Strategy set a way forward for Calgary to become a more bicycle-friendly city. Blanka will explore some Calgary bicycle facility examples and opportunities.

About the Speakers:

Blanka Bracic has a passion for creating a healthy, sustainable city for people. In her six years at The City of Calgary she has worked on a variety of transportation planning initiatives to benefit pedestrians and cyclists. Highlights have included writing high-level transportation policy, managing the planning of bike route projects, and working with an ever more motivated bicycle advocacy community. Blanka earned her Civil Engineering degree and two Humanities degrees at the University of Calgary.

The presentation is followed by:

Annual General Meeting of the CSCE Calgary Section.

**Please register your attendance at www.cscecalgary.ca
at least 24 hours prior to event.**

The CSCE is a learned society intended to develop and maintain high standards of civil engineering practice in Canada and to enhance the public image of the civil engineering profession.

Schedule

5:30 PM – Cocktails & Registration
6:30 PM – Dinner
7:15 PM – Presentation
8:30 PM – Closing Remarks

Location

Blackfoot Inn
5940 Blackfoot Trail SE

Cost

Students – \$15
CSCE Members – \$30
Non-Members – \$40

Other Upcoming Events:

Wednesday November 30, 2011

Workshop: Guide to Bridge Hydraulics
by Marcel Chichak, P.Eng.

Thursday January 19, 2012

South-East Stoney Trail Project
by Garry Lamb, P.Eng.,
Alberta Transportation
Partner: ITE

Thursday February 16, 2012

SAIT Trades and Technology Complex
by Boris Dragicevic, M.Arch., SAIT

Also: Graduate Student Poster Contest

Thursday March 15, 2012

City of Calgary, 80/20 by 2020,
Lessons Learned
by Paula Magdich, P.Eng., City of
Calgary Program Development

Thursday April 19, 2012

Heavy Foundation Design
by Robin Tweedie, P.Eng.,
Thurber Engineering
Partner: CGS
