

Secured Bicycle Parking – Guidelines and Information

Cage Usage:

- An access card is needed for entry into the Secured Bike Parking. An exit button is used to leave the facility.
- Ensure the door to the facility is securely closed after each entry and exit. Security of the bicycles is dependent on each user closing the door.
- **ONLY authorized users should be allowed in the cage – do NOT hold the door open for someone. Everyone should use their access card to provide security.**
- Usage of a high security lock is required while using a bike rack within the secured area.

General Information:

- Two secured parking facilities, one at HSC (south campus) and one in the Art parkade (main campus). Secure Bike parking permit valid for both locations.
- Bike permits will be valid until April 30 each year.
- There is an annual fee to use the facility, rate is approved by the Board of Governors on an annual basis. Rate for 2019/2020 is \$30.00 per year plus GST.
- Fee will not be prorated.
- A waiting list will be taken for permit requests after the cage is fully assigned.
- Proof of University affiliation (UofC ID card) is required before purchase of permit will be completed.
- Permits holders will be notified by email approximately 6 weeks ahead of expiry and given priority to renew their permit for the facility.
- Cage is provided for daily use. Under the Parking Policies and Regulations (section 20.1), bicycles that are left in the cage for an extended period will be removed and impounded. These bikes may be subject to a storage charge during impoundment.
- The University of Calgary is not responsible for and expressly disclaims liability for any loss or damage to bicycles or property, however caused. Owners are advised to protect their personal property while using the facility.

The Secured bicycle parking facilities at the University are managed and operated by Parking and Transportation Services. Please contact us at (403)220-6771 or parking@ucalgary.ca with questions or concerns.
