

UNIVERSITY OF CALGARY
CUMMING SCHOOL OF MEDICINE

General Neurology Locums

The Division of Neurology is inviting applications for Neurologists with an interest in doing 9-12 month, outpatient or inpatient, full or part time, locums. We will also consider offering a part time locum with a part time preceptorship (in some subspecialties).

Qualifications include an MD and a specialist certificate in Neurology from the Royal College of Physicians and Surgeons of Canada and eligibility for licensure in the Province of Alberta. We are not able to consider anyone for locums without these qualifications.

In accordance with Canadian immigration requirements, priority will be given to Canadian citizens and permanent residents of Canada. Alberta Health Services and the University of Calgary are committed to employment equity.

For more information please contact Dr Luanne Metz.

Applications for locum positions will be ongoing.
