**Risk Management’s Reminders for Renting Vehicles on University Business**

1. Complete rental agreement and meet driver standards.
   - All drivers must be university authorized drivers and listed on the rental agreement.

2. Understand what’s covered by insurance.
   - The university provides non-owned auto liability insurance for the use of rental vehicles (for university business only).

3. Check the vehicle for scratches or dents.
   - Prior to leaving the rental agency, do a full inspection of the vehicle. If there is pre-existing damage, report it to the agency immediately.

4. Know what to do in the event of an accident.
   - If there is an accident: take pictures of both vehicles and damage, contact local police and the rental agency to file reports.
   - As soon as possible, complete an incident report with Campus Security. If there were injuries sustained, please contact Campus Security at 403-220-5333.
