

**MaPS Flexible Group Benefits Plan – Health, Dental and Spending Account Options**

The University gives eligible MaPS employees **Flexible Spending Credits** each benefit year based on the employee's **Single, Couple or Family dependent status**. These "Flex Credits" are used to pay for the Health and Dental benefit coverage the employee chooses.

If the Spending Credits do not cover the total cost of the health and dental options, the difference will be collected through regular payroll deductions. Excess Spending Credits may only be allocated to Health or Wellness Spending Accounts.

**Benefit Year:** January 1 to December 31      **Effective:** Date of Hire

The summary below shows examples of the coverage available for common types of health and dental expenses under each option. Click [here](#) to view the **video presentation** of the MaPS Group Benefits plan before finalizing your selections.
