

Legal resources.

Receive the support you need.

Whether it's a question about divorce, real estate, writing a will, estate planning, handling a legal dispute, or finding a lawyer in your area, we're here to help.

Legal Consultation

We can connect you with a lawyer for free telephonic consultations. The lawyer can offer information on a wide variety of legal matters, with the exception of employment law.

Local attorney referral

If needed, we can help you find a licensed attorney in your area to provide legal support. You receive a free, 30-minute consultation to review your needs and assess the fit. If you wish to retain their services you may be eligible to receive a discount off legal fees.

Visit the TELUS Health One platform today to access these valuable resources.

Follow the online instructions to create your separate account to take advantage of all features.
