

1 INSTRUCTIONS

In the reappraisal of a final grade, the only elements that will be considered are the grading of the final examination, if any, together with a recalculation of the weighted components that make up the final mark. An exception may occur when an instructor evaluates a piece of graded termwork or other component at the end of the session; that grade may also be considered in a reappraisal of final grade. Please refer to the University Calendar for deadlines for submission of this form. The final grade may be lowered as a result of the reappraisal. A student may request a reappraisal of final grade only twice in one academic year (July 1 - June 30).

2 STUDENT

Before submitting both copies of this form to the Registrar's Office, students should examine their final examination paper at the department or faculty office. These papers are retained for a period of at least four months after the release of final grades by the Registrar's Office. Students may obtain a machine copy of their graded paper, at cost, from the Department/Faculty.
