Bold choice
Bright future

Viewbook 2020-21
The University of Calgary would like to acknowledge the traditional territories of the people of the Treaty 7 region in Southern Alberta, which includes the Blackfoot Confederacy (comprising the Siksika, Piikani, and Kainai First Nations), as well as the Tsuut’ina First Nation, and the Stoney Nakoda (including the Chiniki, Bearspaw, and Wesley First Nations). The City of Calgary is also home to the Métis Nation of Alberta, Region 3. The University of Calgary is situated on land adjacent to where the Bow River meets the Elbow River, and the traditional Blackfoot name of this place is “Moh’kins’tsis,” which we now call the City of Calgary.

a bold choice
five reasons to choose UCalgary

1 Excellence in academics
Choose from a range of high-quality programs at one of the top 250 universities in the world. A community committed to excellence, UCalgary has 18 alumni who became Rhodes Scholars and our Faculty of Kinesiology is the #1 sport science school in North America.

2 Research opportunities
Join a leading Canadian research university. With $487.8 million in sponsored research funding in 2018-19, UCalgary provides many students the opportunity to gain valuable research experience while helping overcome some of society’s greatest challenges.

3 A supportive community
Access the support you need throughout your degree. With academic advising at the Student Success Centre, employment preparation through Career Services, mental health and wellness professionals at Student Wellness Services, and much more, you’ll find the services and supports you need to thrive at our university.

4 Earn while you learn
Take advantage of various employment options throughout your degree. UCalgary offers exciting, paid co-operative education and internship opportunities with companies such as BMW and Garmin.

5 Adventurous lifestyle
Explore world-famous destinations like Banff and Lake Louise. With the Rocky Mountains only an hour away, it’s no wonder Calgary is the fifth most livable city in the world.
UCalgary has six broad research priorities that include Energy Innovation for today and tomorrow; Infections, Inflammation and Chronic Diseases; Human Dynamics in a Changing World; Engineering Solutions for Health; New Earth-Space Technologies; and Brain and Mental Health. The researchers pictured here successfully teleported a photon six kilometres, which may lead to a future with more secure communications.
your city

Home to 1.4 million people, Calgary is Canada’s youngest city, a global finance hub and an economic powerhouse. It’s truly a city of great opportunity, shaped by passion, creative energy and an entrepreneurial spirit. Attending UCalgary means tapping into that spirit and beginning the adventure of a lifetime.

QUALITY OF LIFE

5th MOST LIVEABLE CITY IN THE WORLD
ONE OF CANADA’S SAFEST MAJOR CITIES

EMPLOYMENT

INNOVATION CAPITAL OF CANADA
ENERGY CAPITAL OF CANADA AND GLOBAL FINANCE HUB

LIFESTYLE

NORTH AMERICA’S MOST EXTENSIVE PATHWAY AND BIKEWAY NETWORK
6 MAJOR MOUNTAIN SKI RESORTS WITHIN 3 HOURS OF UCALGARY

WEATHER & CLIMATE

CANADA’S SUNNIEST MAJOR CITY (333 SUNNY DAYS PER YEAR)
AVERAGE DAILY MAXIMUM OF 21.9°C IN SUMMER AND -1.4°C IN WINTER

Professional sports teams
Calgary boasts professional hockey, football, lacrosse and soccer teams. Most teams offer student pricing for events with dedicated university nights.

Canada Olympic Park and Winsport
Home to Canada’s Sports Hall of Fame, Winsport offers summer luge, bobsled and BMX courses, along with skiing, snowboarding and tubing in the winter.

Bow River
The Bow River is at the heart of Calgary. Take a bike ride on the river pathway system, enjoy some of Calgary’s top restaurants on its banks or give river surfing a try.

Calgary’s Music Mile and the National Music Centre
The Music Mile is a vibrant stretch of live music venues. It’s also home to Studio Bell’s National Music Centre, which houses several different Canadian music halls of fame.
Exceptional facilities

The Hunter Hub for Entrepreneurial Thinking
A space to share knowledge and turn ideas into practical solutions, the Hunter Hub is dedicated to helping students develop entrepreneurial ways of thinking. It hosts the Energy New Venture Competition each year, which introduces start-ups to investors and industry leaders.

Lab Next Makerspace
This makerspace features freely available technology to develop and design your own projects. Located in the Taylor Family Digital Library, you can print and scan in 3D, use milling machines or editing suites, try out a virtual reality simulator, and more.

The Atrium
A favourite study space for students, the Atrium features modern furniture, luscious vegetation and lots of natural light.

The Outdoor Centre
The Outdoor Centre, part of the Faculty of Kinesiology and Active Living, has been renting gear and teaching outdoor skills for more than 40 years. Build skills in climbing, kayaking, biking and many other sports, and rent the equipment you need to play in the Canadian Rockies. As a student, gear up for the outdoors with 10 per cent off rentals and a $25 credit.

The Olympic Oval
Watch an international speed skating competition or take skating lessons on the world’s fastest ice in this facility built for the Winter Olympic Games.

Painting “The Rock”
An age-old campus tradition
Unearthed during the construction of campus buildings, three large painted rocks have become an important part of UCalgary culture. They are used by students for artistic expression and to advertise events.

your university

Live and study in a park-like setting — a hub of social, cultural and academic life with strong campus traditions more than 50 years in the making. Attend a Dinos sporting event, a performance at University Theatre or a presentation by an engaging professor. Day or night, there’s always something new to discover. With transit connecting the university to the rest of Calgary, it’s easy to explore the city too.

Explore the University of Calgary using Google Street View at: ucalgary.ca/future-students/undergraduate/tours-events

UCalgary’s main campus is 526 acres of park-like space.
student life

Moments that will define you

You’ll feel campus buzzing with energy throughout your time here — during Orientation, your Induction Ceremony, the UCalgaryStrong Festival and your Convocation. Exciting dance, drama and music events are held on campus throughout the year, and many are free for students. Attend the boisterous Crowchild Classic with 15,000 of your fellow classmates to cheer on the Dinos hockey teams. Participate in a service-learning program that helps a local community. No matter how you choose to get involved, count on making new friends and living new experiences.

With numerous clubs on campus, chances are good you’ll find one that interests you. The Humans of UCalgary, the Dungeons and Dragons Club, the Community Garden Club, and the Relectric Car Team are just a few of the many options available to you.

| 300+ student clubs to join |
| 50 intramural sports teams |
| 155 countries represented on campus |

Enjoy beginner and competitive sports leagues, fitness classes, and recreational sports clubs for building skills and developing technique. You can also access our world-class Active Living recreational facilities.

active-living.ucalgary.ca

Make new friends, broaden your horizons and enjoy unique learning opportunities by participating in UCalgary’s experiential learning programs in locations such as Toronto, Costa Rica and the Yukon. You’ll connect with the greater community and discover that learning has never been more fun.

ucalgary.ca/student-services/leadership/community-engagement

Our programs and services are designed to help you get the most out of your university experience. Examples include the following services:

Career Services
The expert staff at Career Services will help you prepare for a career you’ll love. Talk to a career specialist, get expert advice to improve your resume, and attend career fairs to meet potential employers.

ucalgary.ca/careers

Student Accessibility Services
Dedicated to creating an equitable and supportive learning environment, Student Accessibility Services has access advisors who can help you transition accommodations from high school to university.

ucalgary.ca/access

Leadership and Student Engagement
Benefit from programs that develop your leadership skills, such as the Emerging Leaders Program, which pairs you with a mentor and teaches you to harness your unique strengths.

ucalgary.ca/leadership

Student Success Centre
Advising, learning support and writing support staff can assist you in achieving your academic goals. You can also take advantage of Transitioning to First-Year group sessions to be fully prepared for your first semester.

ucalgary.ca/ssc

Writing Symbols Lodge
In this welcoming campus space in support of the university’s Indigenous community, you can access a computer lab, study space and a range of cultural programming including monthly ceremonies, social activities and advising.

ucalgary.ca/writing-symbols

Fall Orientation features exciting events to help students connect with each other and build community at the launch of a new academic year.
welcome to your new home in residence

Living on campus is a great way to fully immerse yourself in all that the university has to offer. Make new friends, get involved in activities in your community, and access leadership, academic and wellness resources.

- Living on campus means you’re as close to your classes as you can get.
- You can select your roommate through a matching service or request to live with a friend. Gender-specific wings are also available.
- You’re close to classes and labs, the library, professors, residence academic communities, study lounges, tutoring and study groups.
- Access world-class fitness facilities, unlimited meal plans, dietary resources, mental health support and in-house community advisors.
- Take part in residence life activities including theme nights, community dinners, sports tournaments, and student groups to connect with like-minded students.

FULLY-FURNISHED, SINGLE- OR DOUBLE-BED UNITS AVAILABLE

24/7 CAMPUS SECURITY

2,500 STUDENTS FROM ACROSS CANADA AND MORE THAN 75 COUNTRIES

EMPLOYMENT AND LEADERSHIP OPPORTUNITIES

All You Care to Eat dining:
The Landing at the Dining Centre offers the 5-day and 7-day unlimited-entry All You Care to Eat (AYCTE) meal plans with multiple options of fresh food available including gluten-free, vegan, vegetarian and halal. Eat what you want when you want. Food labelling and one-on-one consultations are available with a staff dietician and the executive chef.

Meal plan options
The 5-day or 7-day AYCTE plans are mandatory for first-year residence students but are available to any other full-time student, whether they live in residence or off-campus. The swipe plans are available for upper-year residents and students living off-campus and can be used for any meal occasion.

RESERVING YOUR ROOM
If you’re a high school applicant, you’re guaranteed residence for the first two years of study if you apply for residence by May 1, 2021.
Learn more about living in residence, including 360-degree videos, rates and how to apply, by visiting: ucalgary.ca/residence

† Rates are per student for eight months (September to April).
* Double room availability may be limited.
academic life

At UCalgary, you’ll find a rich learning environment. Quality classroom experiences, state-of-the-art teaching facilities, and modern study spaces define academic life at UCalgary.

Research conducted in the class or in the field can also be an important part of your academic journey. The Program for Undergraduate Research Experience (PURE) and the Alberta Innovates Summer Research Studentships are two examples of programs dedicated to giving undergraduate students research experience. You’ll work alongside researchers to learn how projects are developed and how research can contribute to solving our world’s greatest challenges.

Learn more at: research.ucalgary.ca/students

Learn about undergraduate research

A LIFECANGUING PROMISE
Catharine Bowman’s research journey began with a promise to help find a cure for her mother’s debilitating lymphedema. As an undergraduate student, she spent a summer doing research for one of the few lymphedema experts in Canada. Her work has brought together researchers from across Canada for a project that continues to this day.

INNOVATING IN AGRICULTURE
An interdisciplinary team of undergraduate medicine, engineering and science students attended the world-renowned iGEM competition. They won a silver medal for their solution to reverse the seed-spoiling chlorophyll problem caused by frost.

MAPPING YOUR MEMORIES
Second-year neuroscience student Daniela Oboh spent a summer exploring how memory works. By studying the hippocampus, one of the only parts of the brain that still creates neurons in adulthood, Oboh hopes to get a better understanding of how the brain reorganizes memories.

Co-operative (co-op) programs, practicums and internships
Deepen your understanding of concepts and get practical experience through internships, practicums and co-ops. Hundreds of positions are available for students in a variety of disciplines. Recent co-op placements include ConocoPhillips, Garmin, Suncor, the National Energy Board, the Washington Center and the United Nations Association of Canada.

Learn more at: ucalgary.ca/student-services/careers/students/coop-internships

If you’re ready to see the world, UCalgary can take you there
You don’t have to wait until you graduate to see the world. With 200+ partners and programs across six continents, we can boost your degree with experiential learning opportunities that maximize your time at UCalgary. This is your chance to explore new places and new ideas through study and travel, leading to the adventure of a lifetime.

3 Program offered in partnership with Southern Alberta Institute of Technology
4 Direct entry honours program
SCHULICH SCHOOL OF ENGINEERING

Gain work experience through our 12- to 16-month paid engineering internships and our new summer work practicums for first- and second-year students. Access exclusive scholarships, leadership programs and global learning experiences. Or use our makerspaces to create your own projects.

Bachelor of Science in Engineering
Chemical Engineering ³
Civil Engineering ³
Electrical Engineering ³
Geomatics Engineering ³

Note: Engineering students apply to a major after a common first year.

FACULTY OF KINESIOLOGY

Join the #1 sport science school in North America. Be active while learning leadership skills in many sports, and study scientific topics including anatomy and biomechanics. Thrive in internships with organizations like the UCalgary Dinos or Team Canada and other Olympic teams that train at our Olympic Oval.

Bachelor of Kinesiology
Mind Sciences in Kinesiology ³

Bachelor of Science
Biomechanics ³
Exercise and Health Physiology ³
Kinesiology ³
Mind Sciences in Kinesiology ³

PROGRAMS REQUIRING PREVIOUS POST-SECONDARY STUDY

Some programs at UCalgary, such as our Law, Social Work or Architecture programs, require that applicants have previous university experience before applying for admission.

Education (after-degree)
Energy Engineering ³
Graduate Studies
Law
Medicine (Canadian students only)

UCalgary also boasts a number of world-class graduate level programs to further specialize your studies after completing your initial undergraduate bachelor’s degree. Learn more at: grad.ucalgary.ca

FOOTNOTES
1 Must meet entrance requirements for combined degree program
2 Combined education program requires that students complete two degrees concurrently
3 Co-operative education and/or internship option available
4 Honours program offered in upper years
5 Online option available

FACULTY OF NURSING

The Faculty of Nursing offers a vibrant student-focused experience. Our unique curriculum integrates theory courses with leading-edge nursing simulations and practicum placements that will prepare you for an exciting career that can take you anywhere you want to go.

Bachelor of Nursing
Nursing

WERKLUND SCHOOL OF EDUCATION

The Werklund School of Education will prepare you to teach in an ever-evolving education system. Learn from Indigenous Elders at Writing-on-Stone Provincial Park, volunteer with an organization that teaches refugee children, or join the Teaching Across Borders program to gain teaching experience in a totally different context.

Bachelor of Education
FOUR YEAR (CAMPUS-BASED)
Elementary: Early Childhood Education, English Language Arts, Mathematics, Science, Social Studies – Revitalization of Indigenous Languages

#### NOTES

1. Two courses in the same subject area may not be presented to satisfy entrance requirements unless the courses are equivalent to Mathematics 20-1, Mathematics 30-1, or Mathematics 30-2.
2. Only one senior-level course of the same language may be used to satisfy admission requirements.
3. A maximum of two Fine Arts courses may be used for admission to Dance, Drama, Music and Visual Studies. A maximum of one Fine Arts course may be used for admission to all other programs.

Students from Quebec, who have completed one year of CÉGEP will be considered transfer students. For more information about admission requirements and transfer credit, visit ucalgary.ca/future-students/undergraduate/requirements.

Students can present an approved IB or AP course to meet a course requirement. Course equivalencies can be found at ucalgary.ca/future-students/undergraduate/requirements.

The chart below shows which courses from each province and territory are equivalent to the Alberta courses listed in our admission requirements.

Footnotes:

1. Two courses in the same subject area may not be presented to satisfy entrance requirements unless the courses are equivalent to Mathematics 20-1, Mathematics 30-1, or Mathematics 30-2.
2. Only one senior-level course of the same language may be used to satisfy admission requirements.
3. A maximum of two Fine Arts courses may be used for admission to Dance, Drama, Music and Visual Studies. A maximum of one Fine Arts course may be used for admission to all other programs.
### Dual credit students

Dual credit students applying for admission to a degree program will be considered high school applicants if they haven’t completed more than 30 units (10 courses) at a post-secondary institution. They’ll be considered transfer students if they’ve completed more than 30 units (10 courses).

### Adult students

You can be considered for admission as an adult student if you meet all three of the following criteria:

- You’re 21 years of age or older
- You’re a Canadian citizen or permanent resident
- You’ve completed fewer than 12 units (four courses) of post-secondary coursework.

Adult students aren’t required to meet all high school applicant admission requirements. However, you must present a satisfactory standing in English Language Arts 30-1 or an acceptable equivalent, meet the admitting average of your program, and meet any other Grade 12 subject requirements specified by your program of choice.

Visit our academic calendar at: ucalgary.ca/pubs/calendar/current/a-5-4

### Transfer students

If you’ve attended an accredited/recognized post-secondary institution and have completed 12 or more units, you’ll be considered for admission based on your post-secondary academic standing. Some programs may require you to complete, or be in the process of completing, specific course requirements at the high school and/or post-secondary level.

Visit our academic calendar at: ucalgary.ca/pubs/calendar/current/a-5-3

### Diverse qualifications admission process

If you’ve achieved excellence outside of your academics or have overcome significant hardships, you may seek admission under the diverse qualifications process. To be considered for admission under this process, you must be a Canadian citizen or permanent resident and demonstrate:

- excellence in non-academic areas; or
- high potential in academic or research activities; or
- perseverance under great difficulty or hardship.

Admissions under diverse qualifications is only available for your first-choice program and isn’t available for Bachelor of Health Science or science honours programs.

Visit our academic calendar at: ucalgary.ca/future-students/undergraduate/diverse-qualifications

### Indigenous students

If you’ve self-identified as Indigenous on your application form, you’ll automatically receive consideration first under the regular competitive admission process and then under the Indigenous admissions process, if needed. If you’re granted admission under the Indigenous process, you’ll be asked to submit documentation to verify your Indigenous ancestry before registering for classes.

Indigenous students who are missing requirements for their desired program, or would like additional support with transitioning to university, may be able to join the Indigenous Student Access Program (ISAP). Designed to help you prepare to enter a faculty-based program, ISAP consists of university classes, advising, cultural support, peer support and tutorials. This full-time program qualifies for student loans and other sources of funding.

---

### English language requirements

There are three ways to meet our English language entrance requirements: high school studies, English language test scores, and the Academic Communication Certificate.

#### High school studies

To meet the English language requirements with your high school studies, you must have completed three years of study with English as the primary language of instruction at an accredited Canadian, American, or British curricula high school or in a University of Calgary approved English-speaking country.

Learn more at: ucalgary.ca/future-students/undergraduate/elp-exempt-countries

#### English language test scores

If your high school education doesn’t fulfill UCalgary’s English language requirements, you can present one of the minimum scores listed in the table below.

Note: Our school code for the TOEFL exam is 0813 and the department code is 00.

#### Academic Communication Certificate (ACC)

The ACC is for English learners who want to enter a university program. If you apply for undergraduate admission and complete the ACC through UCalgary Continuing Education by the end of summer term in the year of application, you could be considered for conditional admission to a degree program.

Learn more at: esl.ucalgary.ca/programs/academic-communication-certificate

Student loans
Government student loans and grants are available to Canadian citizens and permanent residents. Apply through your home province of residence or visit canlearn.ca for details.

Albertans can apply online at studentaid.alberta.ca. If you’re a student from the United States, visit ucalgary.ca/registrar/finances/student-loans/us for funding options.

Winter at UCalgary is one of the most magical seasons. Take advantage of the nearby skiing, snowboarding, ice skating and other fun winter activities.
your next steps to becoming a Dino

Students should apply as early as possible to be considered for both admissions and awards.

1. **Select your program(s) and check admission requirements**
   - Review our programs and identify your top two choices. Check the admission requirements for both programs. If you receive an offer to your first-choice program, this is the only offer you’ll receive. We recommend you rank your program choices with your most desired program as your first choice.
   - Visit: ucalgary.ca/future-students/undergraduate/explore-programs

2. **Submit your application and pay your fee**
   - Submit your online application between October 1, 2020 and March 1, 2021 and pay the $125 application fee ($145 for students with international credentials). You can change your program choices until March 1, 2021.
   - Visit: ucalgary.ca/future-students/undergraduate/apply

3. **Apply for scholarships and awards**
   - As soon as you apply for admission, you can apply for our undergraduate awards. To be considered for all major awards (including prestige awards), submit your award application by December 1, 2020 and all required admission documents by December 15, 2020. The high school entrance award application is due March 1, 2021.
   - Visit: ucalgary.ca/awards

4. **Submit your documents**
   - Upload your unofficial transcripts and other required documents to your Student Centre (my.ucalgary.ca) by March 15, 2021. We recommend submitting these documents as soon as possible. Applications are considered based on the highest level of education completed at the time of review. All courses required for admission must be completed by June 30, 2021. Official transcripts are required to finalize your offer of admission and are due August 1, 2021. Specific details are located in your Student Centre (my.ucalgary.ca).
   - Visit: ucalgary.ca/future-students/undergraduate/documents
   - Note: UCalgary automatically receives high school and post-secondary transcripts from Alberta institutions participating in APAS.

5. **Apply for residence**
   - Applications for residence open on January 1, 2021. High school applicants who apply for residence by May 1, 2021 are guaranteed a home on campus for two years. You can apply for residence before you receive an offer of admission.
   - Visit: ucalgary.ca/residence

6. **Review your status**
   - Log in to your Student Centre (my.ucalgary.ca) to find details on your application status, required documents, and deadlines specific to your application.
   - Visit: ucalgary.ca/future-students/undergraduate/admitted

7. **Accept your offer**
   - Accept your offer of admission through your Student Centre (my.ucalgary.ca) and pay the $500 non-refundable admissions deposit by May 1, 2021 to confirm your seat. Your $500 admissions deposit is applied to your first-year tuition fees.

8. **Register in your first-year courses**
   - Course registration will begin in early May.
   - Visit: ucalgary.ca/registrar/registration/new-first-year-students

9. **Your Dinos adventure begins!**
   - New student orientation begins on September 2, 2021 and your fall classes start on September 7, 2021.
connect with us

Visit campus
Get to know your future campus by experiencing it on a campus tour. Guided by one of our current students, you’ll explore our classrooms, student services, athletic facilities and more. All campus tours conclude with the option to speak with an advisor to explore programs and admission requirements.
To book a tour, visit: ucalgary.ca/future-students/undergraduate/tours-events

Attend a virtual event
We’ve made it as easy as possible to connect directly with us. You can join us online for our Virtual Open House, faculty information sessions, Choose UCalgary admission webinars and Awards Tips and Tricks webinars.
Visit: ucalgary.ca/future-students/undergraduate/tours-events

Connect with a recruiter
Have questions? Communicate directly with the recruiter responsible for your city or region.
To learn about the recruiter for your area, visit: ucalgary.ca/future-students/undergraduate/recruiters

Take a virtual campus tour
Through our Future Students Facebook account, you can join the recruitment team for live monthly virtual tours of UCalgary’s landmarks and favourite campus spots. Guests will have the opportunity to live chat and ask questions throughout the tour.
You can also view campus and the surrounding areas using Google Street View. With more than 100 simulations, you can explore our classrooms, student services, athletic facilities and more.
Find our Google Street Views at: ucalgary.ca/future-students/undergraduate/tours-events

Join our mailing list
Learn more about our campus community by joining our mailing list. You can request more information, find out when we’ll be hosting our next prospective student event or information session, and receive important details and reminders.
To sign up today, visit: ucalgary.ca/registrar/future-students/connect
