

VIRTUAL OPEN HOUSE

SATURDAY, OCT. 2, 2021 | 10 AM - 2 PM

UNIVERSITY OF
CALGARY

welcome

Thank you for joining us. We're excited to show you all that UCalgary has to offer! Please use this guide to help you plan your day and get the most out of our event. Ready to get started?

If you have not yet preregistered, please:

[**REGISTER HERE**](#)

The University of Calgary would like to acknowledge the traditional territories of the people of the Treaty 7 region in Southern Alberta, which includes the Blackfoot Confederacy (comprising the Siksika, Piikani, and Kainai First Nations), as well as the Tsuut'ina First Nation, and the Stoney Nakoda (including the Chiniki, Bearspaw, and Wesley First Nations). The City of Calgary is also home to the Métis Nation of Alberta, Region 3. The University of Calgary is situated on land adjacent to where the Bow River meets the Elbow River, and the traditional Blackfoot name of this place is "Moh'kins'tsis," which we now call the City of Calgary.

exploring Open House

I'm Rex! Although I spend most of my time cheering on our Dinos athletic teams, the Student Recruitment Team has asked me to be your guide and cheer you on while you visit our 2021 Virtual Open House! I want to personally thank you for taking the time to explore today and hope my advice helps you plan your day!

Our event is split into three main components.

1. Exhibition Hall

This is your chance to find out more about the programs, faculties, and support services available at UCalgary. We have brought together over 40 exhibitors for the event this year who are organized over six floors. Take some time to explore each floor and ask questions (as a group or over private chat) to each exhibitor. If approaching a booth seems intimidating, here are some helpful questions that I recommend asking:

- What is unique about your program?
- What career outcomes are possible if I pursue a degree in your program?
- What cool or unique research is your faculty or area working on?
- What research opportunities are available for students to be a part of?
- What supports are available to help me during your degree?
- What opportunities are there to enhance my degree by utilizing your service or program?

If you have specific questions about admission requirements for each program, be sure to visit the Admissions and Recruitment booth on the Prospective Student Office floor.

Here is how you can explore the Exhibition Hall:

1. Take some time exploring each of the floors. You can choose your floor from the doors in the lobby or by clicking the Exhibition Hall link at the top. On each floor, the Exhibitors Index to the bottom left will identify the booths available on that floor.
2. Click on the pictures to learn more about each exhibitor and use the red bar at the bottom of the page to access videos and other resources for each booth.
3. Use the Chat feature to engage with representatives from each booth who are excited to answer your questions. You can submit questions publicly in each booth's group chat or request to connect privately with a specific representative.
4. Once in the booth, be sure to check out the booth resources including videos or helpful links and download documents to your virtual swag bag. At the end of the event, you will have the option to e-mail a copy of all the virtual resources you collected in your swag bag. Select 'Swag Bag' from the menu option and select the e-mail you would like the resources sent to.

2. Discovery Sessions

These sessions are your chance to take a deep dive into a specific topic, faculty or service area. Explore sample lectures or other informational sessions in these short 30- to 60-minute sessions. My biggest piece of advice for our Discovery Sessions are:

- Plan ahead! You can explore the full list of sessions and time slots on pages 11-19. Some sessions are offered more than once, and our introductory admission sessions are offered as 'bonus' sessions before the event at 9 AM or after the event at 2 PM to ensure you have lots of time to explore everything UCalgary.
- If you find there is more than one session that you want to attend at the same time, do not worry! All of our sessions will be recorded and can be accessed following the event through our fair platform and on our **Choose UCalgary YouTube Channel!**

3. Virtual Campus Tours

Take a digital driver's seat through our campus with our live campus tour! The tour is 40 minutes in duration and includes the ability to instant chat with our Tour Leaders throughout the tour.

Campus Tours run every hour, on the hour, for the duration of the event. We are also offering 'bonus' campus tours one hour before the event at 9 AM MST and after the event at 2 PM MST. I recommend taking one of the bonus tours to maximize your time in the Exhibition Hall and to give you more time to attend the other discovery sessions.

To join a virtual tour, come to our **Choose UCalgary YouTube account**. While you are there, be sure to subscribe to our channel!

Some other important pieces of advice:

Are you ready to submit your application for admission?

UCalgary's **application for undergraduate admission** opens on October 1! On pages 9–10, we outline all of the steps for you to become a Dino! If you have specific questions about admission requirements or questions about how to submit your online application, be sure to visit the Admissions and Recruitment booth on the Prospective Student Office floor.

Pick up some swag!

You will be the coolest kid at school wearing a UCalgary Dinos hoodie — trust me! Our **Campus Bookstore** is offering an Open House exclusive discount of 20% on all UCalgary and Dinos branded merchandise.

Follow us on our **Choose UCalgary Instagram account** and share your Open House experiences!

Use the hashtag: #ucalgaryopenhouse

We recognize the difficult choice you have ahead in selecting a post-secondary institution that will help you reach your potential, and we hope today helps you with your decision. **Go Dinos!**
