UNIVERSITY OF CALGARY

Viewbook
for fall 2023 applicants
The University of Calgary acknowledges the traditional territories of the people of the Treaty 7 region in Southern Alberta, which includes the Blackfoot Confederacy (comprising the Siksika, Piikani, and Kainai First Nations), as well as the Tsuut’ina First Nation, and the Stoney Nakoda (including the Chiniki, Bearspaw, and Wesley First Nations). The City of Calgary is also home to the Métis Nation of Alberta, Region 3.

Learn about our Indigenous Strategy, ii’taa’poh’to’p at: ucalgary.ca/indigenous

Watch Dr. Reg Crowshoe, Traditional Knowledge Keeper in Residence at UCalgary, share why territorial acknowledgements are important.

UCalgary at a glance

- Founded in 1966
- 28,000+ undergraduate students
- Five campuses
- Canada’s entrepreneurial university
- Youngest Top-5 research university in Canada
- 94% after-graduation employment rate
- 95% undergraduate retention rate
- 14 faculties
- 28,000+ undergraduate students
Ready to join Canada’s most entrepreneurial university?

Experience a premier education at one of the nation’s top five research universities. Whichever of our 250+ program combinations you choose, we’ll help you turn your next big idea into a reality.

Access many resources designed to spark innovation, including creative labs to develop your ideas, programs to help launch start-ups and mentorship from local entrepreneurs.

If you’re ready to find your voice, take the spotlight and shape the future, this is the place to make it happen.

Meet Gillian
one of our student innovators

Gillian's chemical engineering courses sparked an idea for a better moisturizer acne solution.

As part of LaunchPad, a program that builds entrepreneurial skills, Gillian further developed her idea.

Gillian launched bAlm, a company that provides skin health education and products to help people be confident in their skin.

bAlm finished in first place in the 2021 Innovation Rodeo competition, receiving $12,500.

Where will your UCalgary journey lead you?

Join innovative projects, such as the UCalgary solar car (below).

Use creative spaces, such as a virtual reality studio and a makerspace with 3-D printing.

Take specialized programs, like LaunchPad (left), designed to fuel your inner entrepreneur.
Live your best university life

Your vibrant community
Calgary is Canada’s youngest and third-most diverse city. Explore lively neighbourhoods, festivals like Beakerhead or the Calgary Folk Music Festival, and world-class attractions like the National Music Centre, Central Library or Calgary Tower.

Your city of opportunity
Calgary is the innovation capital of Canada, a leader in many fields including aerospace, agribusiness, creative industries, energy, financial services, interactive digital media, and life sciences. Get your start in a city famous for fresh ideas and new beginnings.

Hey! Looking for your next big opportunity? This is the place to find it.

- Most patents per capita in Canada
- Most head offices per capita in Canada
- Highest average personal income in Canada and no provincial sales tax
- Canada’s highest concentration of high-tech workers

3rd most livable city in the world
6 major ski resorts within 3 hours
Canada’s sunniest major city
10,000+ hectares of green spaces
25 of Canada’s top 100 restaurants
Explore your university

Live and study in a park-like setting — a hub of social, cultural and academic life. Day or night, there’s always something new to discover. With transit connecting the university to the rest of Calgary, it’s easy to explore the city too. The university’s light rail station (LRT) is just five short stops from downtown.

Alberta’s first fair trade campus
Top 5% globally for advancing the UN sustainability goals
Heated walkways between buildings
Community edible gardens
Diverse local wildlife

CLICK HERE Check out UCalgary on Google Street View
Lab Next Makerspace — Features technology to design your own projects, such as 3D printers and scanners, milling machines and a virtual reality simulator.

Olympic Oval — Built for the Olympic Winter Games and featuring the world’s fastest ice, a great place to skate with friends or watch international speed skating.

Energy Environment Experiential Learning (EEEL) building — One of the most energy-efficient laboratory buildings in North America, renowned for its pioneering architecture, innovative instructional and study spaces, and platinum-level LEED certification.

Hunter Hub for Entrepreneurial Thinking — A space to help students develop entrepreneurial thinking and to connect start-ups with investors and industry leaders.

Taylor Family Digital Library — One of North America’s most technology- and information-rich facilities, home to a state-of-the-art visualization studio and Canada’s largest gaming collection.

The Atrium — A favourite study space for students, featuring lush vegetation and lots of natural light.

MacEwan Student Centre & MacEwan Hall — The hub of social activity on campus, with 20+ food outlets and one of Calgary’s premier concert venues.

Exceptional facilities

Student activities

Play on one of our 50+ intramural sports teams.
Get all the adventure gear you need at the Outdoor Centre, the largest centre of its kind in North America.
Join one of 300+ student clubs.
Attend on-campus dance, drama and music events.
Cheer on your Dinos and be entered into draws for scholarships and other prizes.

Use world-class facilities like the Aquatic Centre, Olympic Oval or Fitness Centre.
Join a Leadership and Student Engagement program, like the annual Camp Lead.
Find supportive community in friendly spaces like the Women’s Resource Centre or Faith and Spirituality Centre.
Hear from UCalgary students

Want an insider’s perspective of what it’s like to be part of our Dinos community? Some of our students share their experiences, as well as their best tips for navigating UCalgary life like a pro.

Future students blog

[Link to blog](ucalgary.ca/news/future-students)

Read these stories and many more – like tips for making friends on campus or what students wish they’d known in their first year.

Meet Areeb (kinesiology) as he shares his favourite things about UCalgary and his program.

Best breakfast spot, best place to take a nap, weirdest UCalgary tradition – get the inside scoop from five students.

What’s a day in the life of a student look like?

Let Tessa, Damiola and Bharat show you what they do on a typical day at UCalgary.

A day in the life of Tessa

A day in the life of Bharat

A day in the life of Damiola

Meet Kim (business) and hear how getting involved in his student community gave him new perspective and direction.

Take a closer look at life as a UCalgary student

Find these and many more videos about life as a student and the amazing opportunities available on our Choose UCalgary YouTube channel.
Make yourself at home

Choose convenience
Skip the commute and live as close to your classes as possible. Easily access the library, labs, professors, study lounges, the Fitness Centre, study groups and more.

Immerse yourself
Living on campus makes it easy to meet new friends, get involved in your student community, and access leadership, academic and wellness resources.

Select your roommate
You can choose your roommate through a matching service or request to live with a friend. Gender-neutral wings are available.

Eat what you want—when you want
The Landing offers the 5-day and 7-day unlimited-entry All You Care to Eat meal plans with multiple fresh food options available including gluten-free, vegan, vegetarian and halal. Food labelling and one-on-one consultations are available with a staff dietician and the executive chef.

Explore your world

UCalgary students using the world as their classroom! Where better to study the history of early Greece than where it all happened?

Earn credits toward your degree in another country! With 200+ partners and programs worldwide, our Study Abroad program is a chance to explore new ideas through study and travel.

We’re here for you

Your academic success
The Student Success Centre has advising, learning support and writing support staff who can assist you in achieving your goals.

Your health & wellness
Student Wellness Services provides a variety of supports on campus, including medical, chiropractic, massage, mental health support, and wellness workshops.

Your career path
Our Career Services team can help you find a career you’ll love. You can also prepare for your future with Co-Curricular Record and leadership training programs.

Learn more about all our services
ucalgary.ca/future-students/undergraduate/services

Find your inspiration
Studying in another country has inspired many students to make positive change. UCalgary’s first campus bikeshare program was started by Gavin Schneider, who got the idea from his studies in Europe.

But wait! Can I afford it?
As part of the Study Abroad program, you pay your normal UCalgary tuition and avoid the much higher fees you would have to pay as an international student.

What innovative idea will you bring back from your travels?
There are many Study Abroad funding opportunities available for UCalgary students.

Learn more about Study Abroad
ucalgary.ca/international/study-abroad

Our diverse community
UCalgary is a diverse community committed to removing barriers encountered by equity deserving groups, including women, Indigenous peoples, visible/racialized minorities, persons with disabilities, and LGBTQ2S+ students.

“Not only do I have better understanding of diversity in the global workplace, I also have a deeper understanding of the importance of creating inclusive workplace environments. This program has helped me develop the skills and knowledge to lead and manage effectively in a diverse and inclusive workplace, which is essential in today’s global economy.”

Learn more at: ucalgary.ca/equity-diversity-inclusion
Go beyond the classroom

Your education is so much more than a degree. Choose a university that provides experience in your field and meaningful research opportunities.

Students and faculty are working to develop new ways of measuring brain activity in real time.

Work-integrated learning projects, like iCare, give students the chance to gain experience and impact their community.

World-changing research

Whether solving the mysteries of the quantum world or addressing food insecurity, our researchers are making a difference. As one of Canada’s top five research universities, UCalgary provides more opportunities for students to get involved in world-changing research.

More than 1,600 undergraduate students have conducted real-world research in the past two years.

“More than 1,600 undergraduate students have conducted real-world research in the past two years.”

“My project investigated potential vaccine development to combat Legionnaires’ disease. It was an opportunity to explore beyond my degree, pursuing my interest in the intersection between business and health care.”

QUYEN

“My project investigated potential vaccine development to combat Legionnaires’ disease. It was an opportunity to explore beyond my degree, pursuing my interest in the intersection between business and health care.”

QUYEN

“My project investigated potential vaccine development to combat Legionnaires’ disease. It was an opportunity to explore beyond my degree, pursuing my interest in the intersection between business and health care.”

QUYEN

“From engineering cells with the iGEM Team to simulating COVID-19 in virtual reality, the hands-on, interdisciplinary research showed me that innovation occurs when we break out of the rigid roles we set for ourselves.”

MICHAEL

“The UCalgary Global Online Research Program helped me gain international exposure. The learnings I acquired from my research assisted me in landing an internship with a leading energy corporation.”

PRAGYA

Work-integrated learning

More than a quarter of UCalgary students benefit from co-ops, practicums and internships – gaining valuable work experience and making connections with potential employers. Our students gain experience with a variety of leading companies, including Amazon, Garmin, Suncor and BMW.

What are co-ops, internships and practicums?

<table>

**Academic Programs**

**Areas of Study**

Selecting and customizing a degree to match your goals is a simple two-step process.

1. **STEP 1** Select your major
2. **STEP 2** Customize your degree (optional)

- Choosing a minor in an upper year
- Integrating an embedded certificate in an upper year
- Taking a combined degree option

**School of Architecture, Planning and Landscape (SAPL)**

We offer the first undergraduate degree in Western Canada that combines design thinking with a focus on innovative change in the physical and social infrastructure of cities. The unique curriculum integrates studio-based learning, real-world projects and courses that address climate change, sustainability, global citizenship, entrepreneurship and data science to prepare students to shape our future cities.

**Bachelor of Design in City Innovation**

Design in City Innovation Bachelor of Design in City Innovation future cities.

Students tackle real-world problems by collaborating on industry-based, design studio projects.

**Faculty of Arts**

Learn to critically address today’s complex events and circumstances. Take advantage of co-op placements in many programs or apply to join the Arts and Science Honours Academy offering exclusive courses and a small cohort experience. Dance, drama, music and visual studies students will receive a world-class education in the School of Creative and Performing Arts.

"UCalgary boasts a number of world-class graduate programs to further specialize after completing your initial undergraduate degree. Learn more at: gred.ucalgary.ca"

*UCalgary podcast for tips, advice and an insider’s perspective of life at UCalgary.
Your first steps to becoming a Dino

1. **Explore** what UCalgary has to offer
2. **Check** program requirements
3. **Submit** your application

**Learn about becoming a Dino**
Join one of our many online or in-person tours and events throughout the year. Check out our Start Your Journey with UCalgary webinar series or attend one of our national meet-and-greet events for prospective students.

ucalgary.ca/future-students/undergraduate/tours-and-events

**Choose your programs**
View our programs online and identify your top two.

ucalgary.ca/future-students/undergraduate/explore-programs

**Submit your application**

**Required courses**
Each program has five courses required for admission. You can see which courses are required for each program in the tables on the following pages.

**Your admission average**
Your admission average is calculated using the five required courses.

If you are in high school, an early admission average will be calculated with your Grade 11 or junior-level required courses (or equivalent). If grade 12 or senior-level courses (or equivalent) are completed, they will be used to calculate the average. This includes predicted results for students in a year-long curriculum.

**Apply early!**
Applications open Oct. 1, 2022. Apply online and pay the $125 application fee ($45 for students with international credentials).

When you apply, be sure to rank your program choices with your most desired program as your first choice. If you receive an offer to your first choice program, this is the only offer you will receive.

You can apply or change your program choice(s) until March 1, 2023.

Have questions along the way? Contact our recruiters. We’re here to help!

UCalgary has to offer
Explore what UCalgary has to offer.

ucalgary.ca/future-students/undergraduate/apply
### Important notes
- Two courses in the same subject area may not be listed as satisfying entrance requirements unless the courses are Mathematics 30-1, Mathematics 30-2, Mathematics 31 or equivalents.
- Only one senior-level course of the same language may be used to satisfy admission requirements.
- A maximum of one Fine Arts course may be listed for admission.

### Approved Alberta high school courses
- **English Language Arts 30-1**
- **Mathematics 30-1 or 30-2**
- **One of Social Studies 30-1, Aboriginal Studies 30**
  - (5 credits)
  - Mathematics 31, Science 30, Biology 30, Chemistry 30, Physics 30, Language or Language and Culture courses
- **Two approved courses, one of which may be an approved option**

### Approved options
- **English Language Arts 20-1**
- **Mathematics 20-1 or 20-2**
- **One of Social Studies 20-1, Aboriginal Studies 20**
  - (5 credits)
  - Mathematics 30-1, Science 30, Biology 20, Chemistry 20, Physics 20, Language or Language and Culture courses of the 20 level
- **One approved course at the 20 level**

### English language requirements
There are three ways to meet our English language admission requirements:

1. **High school studies**
   - Three years of study in an ESL-speaking country or at an accredited high school (Canadian, American, or CIS school) where English is the primary language of instruction. Your final English course must also be equivalent to Alberta’s senior level (Grade 12) English.

2. **English language test scores**
   - Present the minimum required score from an accredited test:
     - **Duolingo - IELTS**
       - 115 - 6.5
     - TOEFL (internet-based)**
       - 100
   - Some programs have higher scores.
   - Learn more online, including what other tests are accepted.

3. **Academic Communications Certificate (ACC)**
   - If you apply for undergraduate admission and complete the Academic Communications Certificate (ACC) by the end of the summer term in the year of application, you could be considered for conditional admission to a degree program. Learn more at: ucalgary.ca/academiccommunications/accertificate

Do you plan to study elsewhere and transfer to UCalgary later?

If you have completed 12 or more post-secondary academic units, you’ll be considered for admission based on your post-secondary academic standing.

(Some programs may also require you to complete, or be in the process of completing, specific course requirements at the high school and/or post-secondary level.)

View the admission requirements under our transfer student admission process.

Tuition & fees

An education from one of Canada’s top-five research universities is a valuable investment. UCalgary’s tuition and fees compare favorably to other highly ranked universities.

Estimated costs for your first year

- **Domestic tuition**: $6,598 - $8,646
- **International tuition**: $24,408 - $32,307
- **General fees, books and supplies**: $1,900 - $2,400
- **Residence and meal plan expenses**: $7,996 - $14,078

Estimated costs are for an eight-month period (September to April) and are based on an expected first-year course load and a typical student’s experience in residence. Fees are based on the 2022 – 2023 academic year. Tuition fees are reviewed regularly by the Board of Governors, in consultation with students. You can find the most up-to-date tuition and fee amounts at: ucalgary.ca/pubs/calendar/current/p-1-1

Need help planning your expenses? Try our online cost estimator tool.

Payment plan option

We want to make it as easy as possible for our students to pay their tuition and fees. That’s why UCalgary students have the option to self-enrol in a payment plan that allows them to pay in installments over the term rather than all at once.

Common misconceptions

“I don’t qualify for an award.”
Criteria for awards at UCalgary varies – it is not always based on academic merit. What you do outside of the classroom has as much of an impact in selections.

“The process is time consuming.”
Applying for High School Awards is easier than you think. In 15 minutes or so, you can complete one application to be eligible for hundreds of awards.

“Receiving the Chancellor’s Circle scholarship allowed me to engage more with my community through extracurricular activities while pursuing an undergraduate degree. This generous gift alleviated the stress and worry of having to finance a post-secondary education.”

Paul
Bachelor of Science (Neuroscience) graduate
