

DATA COLLECTION

Snap Shot

SINCE MAY 2008

3387 WOMEN

were recruited based on the following inclusion criteria:

- ✓ able to write and speak in English
- ✓ <24 weeks pregnant at enrollment
- ✓ accessing prenatal care in Calgary

8 QUESTIONNAIRES

have been completed by participants at:

- ✓ 24 weeks & 34-36 weeks pregnant
- ✓ 4 months, 1, 2, 3, 5 and 8 years post-partum

Upon consent, questionnaire data was linked to administrative data and birth records.

95% OF PARTICIPANTS

agreed to be contacted for follow-up research including providing blood samples, participating in a Centering Pregnancy program, completing a Flood questionnaire, and participating in lab visits & interviews.

100% OF RESEARCHERS

using study data require approval by the Research Ethics Board. All researchers, trainees and staff who use the data **MUST** sign confidentiality agreements.
