Student and Enrolment Services

Dear Student,

The Government of Canada announced an update to travel restriction exemptions, which took effect on Oct. 20. This update allows UCalgary international students with a valid study permit or a study permit approval to enter Canada. Before you make plans to travel to Canada, please ensure you meet all requirements and receive all the necessary authorizations.

Upon arriving in Canada, all international travellers must quarantine for 14 days. Our website has self-isolation support information, including UCalgary's quarantine process for students.

Have a great week!

Updates

**Influenza (flu) vaccine**

This year, there will not be a flu vaccine clinic for students on campus. Vaccines will be distributed through pharmacies and family physicians. If you're enrolled in the Alberta Health Care Insurance Plan (AHCIP) you'll receive the vaccine for free.
If you don't have Alberta healthcare coverage, you can get a vaccine on campus at the Varsity Pharmacy in MacEwan Student Centre for a flat fee of $25. Student Wellness Services can provide vaccines to international students without Alberta healthcare coverage on campus by appointment only. If you have an alternative insurance provider, please contact them to check if you can be reimbursed for the fee.

UCalgary is unable to provide flu vaccines to students' families. If you wish to have your family members vaccinated, please contact Public Health by calling 811 for more information.
