Dear Student,

Until further notice, International Student Services advising is moving to email or Zoom. To access ISS advising services, contact international.advice@ucalgary.ca using your UCalgary email account. Our advisors will set up an appointment with you via email or Zoom (if video or audio is needed) during advising hours (9 a.m. to noon and 1 to 4 p.m. MST).

Alberta Health Services encourages social distancing, which means keeping about six feet apart from those around you. As a result, the ISS student lounge in MSC 275 is now closed to students as of 4 p.m. on March 17 and all upcoming events have been cancelled. We apologize for any inconvenience and appreciate your understanding during this time.

Stay well!

**COVID-19 (Coronavirus) Updates**

You can find all the latest UCalgary COVID-19 updates for students on the UCalgary COVID-19 website.

You can also find helpful information about COVID-19 and the situation in Alberta on the Alberta Health Services (AHS) website.
Travelling restrictions

Prime Minister Trudeau has announced that effective Wednesday, March 18, at 12:01 a.m. EDT, Canada will be restricting entry of foreign nationals by air travel from all countries, except American citizens. If you choose to leave Canada you may not be able to return until the restriction is lifted. Canada will deny boarding to any passenger who is not a Canadian citizen or permanent resident, or who has spent time in any country other than the U.S. in the last 14 days.

Effective Wednesday, March 18, Canada will also be re-routing all inbound international flights to Toronto Pearson International Airport (YYZ), Vancouver International Airport (YVR), Montreal-Pierre Elliott Trudeau International Airport (YUL) and Calgary International Airport (YYC). This move will not affect domestic flights or flights coming from the United States, Mexico and the Caribbean, and Saint-Pierre-et-Miquelon.

This situation is rapidly evolving — please visit the Government of Canada's travel advisory page to stay up to date.

Study permits and work permits

Immigration, Refugees and Citizenship Canada (IRCC) have stated that the decision to move classes online will not affect your eligibility for a post-graduation work permit (PGWP) or your status as a student.

Should you decide to stay in Canada, you can stay on your study permit as long as you're still a student. If you will no longer be studying, you can apply to change your status to visitor as long as your study permit has not expired.

Please ensure that you still maintain a valid status while in Canada. Students who currently have a study permit extension application in progress will benefit from implied status and may remain in Canada until a decision is rendered on their application. If you have any further questions, please contact international.advice@ucalgary.ca.
