Religious Studies 399, 577, 589 and 595 will be designated as Western, Eastern or Nature of Religion depending on the topic covered. Religious Studies 200 and 377 are not counted in any of the three streams.

Note: To obtain "consent of the Department" to take a course without the specified prerequisite, the student should consult with the instructor of the course. If the instructor is not available, then the student can consult with the Department Head.

Note: Religious Studies 333, 339, 341, 349 are senior level courses with no prerequisite.

Junior Courses

Religious Studies 200 H(3-0)  
*Origin and Nature of Religious Worldviews*

Readings (in English translation) from the classical literatures of middle Eastern and Asian religions. Introduction to the evolving mythological traditions from three geo-cultural centres (the middle East, India, and China) by examining recurring themes: cosmology; existential values and goals; destinies of humans, the world, and the cosmos.

Religious Studies 201 H(3-0)  
*World Religions - Western*

Introduction to Judaism, Christianity and Islam.

Religious Studies 203 H(3-0)  
*World Religions - Eastern*

Introduction to Eastern religions such as Jainism, Hinduism, Buddhism, Confucianism and Taoism.

Religious Studies 205 H(3-0)  
*The Nature of Religion*

An introduction to the academic study of religion with particular emphasis on the nature of religion and the relationship of religion to contemporary thought and culture.

Religious Studies 207 H(3-0)  
*Classical Hebrew I*

Classical or Biblical Hebrew language; the development of ability in the critical reading of ancient texts. No attempt will be made to provide any competence in medieval or modern Hebrew.

Religious Studies 209 H(3-0)  
*Classical Hebrew II*

Continuation of Religious Studies 207.

Prerequisite: Religious Studies 207.

Religious Studies 211 H(3-0)  
*Sanskrit I*

Classical Sanskrit language; the development of ability in the critical reading of ancient Hindu or Buddhist texts.

Religious Studies 213 H(3-0)  
*Sanskrit II*

Continuation of Religious Studies 211.

Prerequisite: Religious Studies 211 or consent of the Department.

Religious Studies 215 H(3-0)  
*Tibetan I*

Classical Tibetan language; the development of ability in the critical reading of ancient Bon and Buddhist texts.

Religious Studies 217 H(3-0)  
*Tibetan II*

Continuation of Religious Studies 215.

Prerequisite: Religious Studies 215 or consent of the Department.

Religious Studies 219 H(3-0)  
*Classical Chinese for Religious Texts I*

Introduction to Classical Chinese language, with emphasis on developing the ability to read ancient Chinese religious texts.

Religious Studies 221 H(3-0)  
*Classical Chinese for Religious Texts II*

A continuation of Religious Studies 219.

Prerequisite: Religious Studies 219 or consent of the Department.

Religious Studies 273 H(3-0)  
*Introduction to the Bible*

Selected readings and topics from the Bible in English translation. The course introduces the Bible’s role as a mythological foundation in Western culture. Topics include: human origins, value structures, world views; mythological and cultural evolution in the ancient Mediterranean culture that produced the Bible.

Religious Studies 277 H(3-0)  
*Quranic and Classical Arabic I*

An introduction to the script, vocabulary, and grammar of Quranic and Classical Arabic.

Prerequisites: Religious Studies 201 or 347, and consent of the Department.

Note: Not open to students with credit in Religious Studies 355

Note: Permission to register or remain in this course can be refused if the Department deems that the student’s knowledge of Arabic exceeds the level of this course.

Religious Studies 279 H(3-0)  
*Quranic and Classical Arabic II*

Continuation of Religious Studies 277.

Prerequisite: Religious Studies 277 or consent of the Department.

Senior Courses

Religious Studies 301 H(3-0)  
*Studies in the Hebrew Bible/Old Testament*

An introduction to the critical study and reading of the books of the Hebrew Bible/Old Testament in English translation. The course focuses on the Bible as religious literature.

Prerequisite: Religious Studies 201 or 273, or consent of the Department.

Religious Studies 303 H(3-0)  
*Introduction to Hinduism*

The history, textual traditions, schools and sectarian traditions of Hinduism.

Prerequisite: Religious Studies 203 or consent of the Department.

Religious Studies 305 H(3-0)  
*(Greek and Roman Studies 305)*

*Greek and Roman Religion*

A survey of religious beliefs and practices in the pre-Christian Greek and Roman World.

Prerequisite: One of Greek and Roman Studies 205, 209, Religious Studies 201, 205, or 273, or consent of the Department.

Religious Studies 309 H(3-0)  
*Religious Experience*

A study of philosophical and psychological theories of the nature and function of religious experiences and an introduction to a variety of religious experiences, which may include theophany, mysticism, enlightenment, conversion, and guilt.

Prerequisite: One of Religious Studies 201, 203, 205, 273 or consent of the Department.

Religious Studies 313 H(3-0)  
*Early Buddhism*

Buddhist developments from Buddha to Mahayana.

Prerequisite: Religious Studies 203 or consent of the Department.
Courses of Instruction

Religious Studies 315  H(3-0)
Islamic Mysticism
Principal figures, ideas, and writings of Islamic mysticism in the early, medieval, and modern periods.
Prerequisite: Religious Studies 201 or 273 or 357 or consent of the Department.

Religious Studies 319  H(3-0)
Vajrayana Buddhism
The development of the Vajrayana tradition in India, Tibet, China, Japan and in the West from medieval times to the present.
Prerequisite: Religious Studies 203 or consent of the Department.

Religious Studies 323  H(3-0)
Mahayana Buddhism
Mahayana developments in India and China or Tibet or Japan.
Prerequisite: Religious Studies 203 or consent of the Department.

Religious Studies 325  H(3-0)
Female Saints and Sacred Figures in Eastern Religions
Female images in eastern religions such as goddesses, women as saintly persons, the Ultimate in female symbols.
Prerequisite: Religious Studies 203 or consent of the Department.

Religious Studies 327  H(3-0)
Tibetan Religious Traditions
The religious developments in Tibet, with emphasis on religious history, literature and philosophy and their contemporary implications.
Prerequisite: Religious Studies 203 or consent of the Department.

Religious Studies 329  H(3-0)
Buddhism in East Asia
The history, doctrines, literature and leading figures of Buddhism in China and Japan.
Prerequisite: Religious Studies 203 or consent of the Department.

Religious Studies 331  H(3-0)
Religious Perspectives on Suffering
An examination of various religious perspectives on the nature and causes of human suffering.
Prerequisite: One of Religious Studies 201, 203, 205, 273 or consent of the Department.

Religious Studies 333  H(3-0)
Religious Perspectives on Death and Afterlife
An examination of various religious perspectives on the nature of death and life after death.

Religious Studies 335  H(3-0)
Feasts, Fasts and Rites of Passage: Religious Rituals and Practices
A major form of religious expression is the various practices and rituals performed by individuals and the community. Various ritual theories and approaches will be examined along with different examples of religious ritual expressions.
Prerequisite: One of Religious Studies 201, 203, 205, 273, or consent of the Department.

Religious Studies 337  H(3-0)
Daughters of Eve: Female Images and Figures in Western Religion
A study of selected female images and important female figures in Judaism, Christianity and/or Islam.
Prerequisite: Religious Studies 201 or consent of the Department.

Religious Studies 339  H(3-0)
Transformations of Religion in Africa
Nature of religion through a study of religious transformations in Africa.

Religious Studies 341  H(3-0)
New Religious Movements
An examination of the beliefs, practices and developments of new religious movements of both Eastern and Western origins (e.g. Krishna Consciousness, Transcendental Meditation, Unification Church, Children of God, etc.).

Religious Studies 343  H(3-0)
Religion and Social Morality
Critical examination of social theories of religion and religious perspectives on ethical issues of social, economic, and political consequence in contemporary cultures.
Prerequisite: Religious Studies 205 or consent of the Department.

Religious Studies 345  H(3-0)
God and Transcendence
Comparative and theoretical discussion of various traditions, Eastern and Western, regarding the object of religious belief and devotion.
Prerequisite: One of Religious Studies 201, 203, 205, or consent of the Department.

Religious Studies 347  H(3-0)
Scripture and Religions
Comparative study of selected scriptures in Eastern and Western religions to identify how scripture functions in a range of religious settings and to establish a basis for theoretical analysis of the nature of scripture.
Prerequisite: One of Religious Studies 201, 203, 205, 273 or consent of the Department.

Religious Studies 349  H(3-0)
Nationalism and Religion
The complex relationship between religion and nationalism. Topics may include the origin of apartheid in South Africa, Black Theology, the rise of the New Christian Right in America, Emperor Worship in Japan and the Muslim-Hindu relationship in India.

Religious Studies 353  H(3-0)
Islam in the Modern World
Reform, revivalist and sectarian movements and significant thinkers in Modern Islam.
Prerequisite: Religious Studies 201 or consent of the Department.

Religious Studies 357  H(3-0)
The Religious Civilization of Islam
A survey of the basic religious ideas, texts, figures, and practices in Islam, including their historical development.
Prerequisite: Religious Studies 201 or 273 or consent of the Department.
Note: Not open to students with credit in Religious Studies 351.

Religious Studies 359  H(3-0)
East Asian Religious Traditions
The history, doctrines, literature and leading figures of traditions including Confucianism, Taoism and Shinto. Buddhism will not be examined in this course.
Prerequisite: Religious Studies 203 or consent of the Department.

Religious Studies 369  H(3-0)
Introduction to Judaism
An introduction to the major practices, beliefs, institutions and religious literature of the Jewish religion, as developed from antiquity to modern times.
Prerequisite: Religious Studies 201 or 273 or consent of the Department.

Religious Studies 377  H(3-0)
Researching, Writing, and Thinking about Religion
Provides students with systematic instruction in research, writing, and the practice of critical analysis in the field of Religious Studies. Besides practical instruction, students will be introduced to a variety of theoretical approaches used in the academic study of religion.
Prerequisite: One of Religious Studies 201, 203, 205, or 273, or consent of the Department.
Note: Open only to Religious Studies minor, major, and honours students and students registered in combined programs with Religious Studies.

Religious Studies 379  H(3-0)
Eastern Religions in the West
Examines the historical emergence and contemporary manifestations within Western culture of Eastern religions such as Buddhism, Confucianism, Hinduism and/or Taoism.
Prerequisites: Religious Studies 203 and 341, or consent of the Department.

Religious Studies 381  H(3-0)
Women and Religion
An examination of the views on and participation of women in selected religious traditions.
Prerequisite: One of Religious Studies 201, 203, 205, 273 or any Women’s Studies course or consent of the Department.

Religious Studies 383  H(3-0)
Origins of Christianity: 100 BCE-200CE
Study of formative Christianity in its political, social and religious contexts with particular attention to its origins within Second Temple Judaism.
Prerequisite: Religious Studies 201 or 273 or consent of the Department.
Religious Studies 385  
Councils, Canons and Creeds: Christianity 200-800 CE

Examination of social, economic, cultural, religious and political factors that influenced the evolution of early Christian identities as expressed through doctrine, rituals, practices, clerical structures and scripture.

Prerequisite: Religious Studies 201 or 273 or consent of the Department.

Religious Studies 387  
Scholastics, Mystics and Reformers: Christianity 800-1600 CE

An overview of medieval Christianity and of various sixteenth century Protestant and Catholic Reform movements.

Prerequisite: Religious Studies 201 or 273 or consent of the Department.

Religious Studies 389  
Modern Christianity: 1600 - Present

An overview of the Christian response to modernity, from the early modern and enlightenment periods through to the contemporary period.

Prerequisite: Religious Studies 201 or 273 or consent of the Department.

Religious Studies 391  
Intermediate Sanskrit

Further development of reading skills through the study of selected religious texts.

Prerequisite: Religious Studies 213 or consent of the Department.

Note: Not open to students with credit in Religious Studies 409.

Religious Studies 393  
Intermediate Tibetan

Further development of reading skills through the study of selected Buddhist texts.

Prerequisite: Religious Studies 217 or consent of the Department.

Note: Not open to students with credit in Religious Studies 411.

Religious Studies 395  
Intermediate Classical Chinese for Religious Texts

Further development of reading skills through the study of selected religious texts.

Prerequisite: Religious Studies 221 or consent of the Department.

Religious Studies 397  
Religion and Science

The relationship between religion and science with emphasis on contemporary discussions regarding the intersection of religious thought and theories in the natural sciences.

Prerequisite: Religious Studies 205 or consent of the Department.

Religious Studies 399  
Religion in Popular Culture

The intersection of religion with popular culture is explored through specific topics.

Note: May be counted only once towards the major field requirements in Religious Studies.

MAY BE REPEATED FOR CREDIT

Religious Studies 401  
Studies in Biblical Hebrew Literature I

Continued readings in the grammar and literature of classical Hebrew and the Hebrew Bible. Focuses on the study of classical Hebrew as a tool for the study of religion. Designed to meet the needs of Religious Studies majors.

Prerequisites: Religious Studies 209 and 301, or consent of the Department.

Religious Studies 403  
Studies in Biblical Hebrew Literature II

Continued readings in the grammar and literature of classical Hebrew and the Hebrew Bible. Focuses on the study of classical Hebrew as a tool for the study of religion. Designed to meet the needs of Religious Studies majors.

Prerequisite: Religious Studies 401.

Religious Studies 407  
Recent Religious Thought

Detailed examination of a selected writer, topic, or intellectual current in recent religious thought. Possible topics include process thought, liberation theology, post-Holocaust theology, and existentialism.

Prerequisite: At least one 300-level Nature of Religion course (see box at beginning of Department offerings) or consent of the Department.

MAY BE REPEATED FOR CREDIT

Religious Studies 423  
Advanced Studies in Indian Religion and Philosophy

Selected themes, movements and texts in Indian religion and philosophy (e.g. Bhashk, Islam in India, Yoga Sutras, philosophy of language).

Prerequisite: One of Religious Studies 311, 313, 321, 323 or consent of the Department.

Millenarian Movements

A study of religious and political millenarianism. Persons such as Louis Riel, Thomas Muntzer, Karl Marx and William Aberhart. Movements such as cargo cults, nativism, Seventh Day Adventists, Jehovah's Witnesses, and Nichiren Shoshu Buddhism.

Prerequisite: Religious Studies 341, or Political Science 310, or consent of the Department.

Religious Studies 443  
Comparative Mystical Traditions

An examination of experiences and beliefs of mystics in selected religious traditions as well as theoretical discussion of the nature of mysticism.

Prerequisite: At least one 300-level Nature of Religion course (see box at beginning of Department offerings) or consent of the Department.

Religious Studies 447  
Methodology in the Study of Religion

A critical examination of various approaches used in the academic study of religion.

Prerequisites: Open to Religious Studies Major and Honours students who have completed Religious Studies 377 and at least one other 300-level Religious Studies course, or consent of the Department.

MAY BE REPEATED FOR CREDIT

Religious Studies 451  
Advanced Studies in Hinduism

In-depth study of the historical developments of Hinduism (Vedic, Classical, Medieval, Modern) in a seminar or independent study format.

Prerequisite: Religious Studies 303 or consent of the Department.

Religious Studies 453  
Advanced Studies in Buddhism

A seminar course that focuses on selected traditions, or philosophical or historical themes, such as Madhyamaka, Yogacara, T’ien T’ai, Hua Yen, Zen, Pure Land, Nyingma, Kargyud, Abhidharma, Tantric, and Dhyana.

Prerequisite: One of Religious Studies 313, 323, 327, 329, or consent of the Department.

MAY BE REPEATED FOR CREDIT

Religious Studies 461  
Advanced Studies in East Asian Religions

A seminar course that focuses on selected topics related to the Confucian, Taoist or Shinto tradition. Buddhism will not be examined in this course.

Prerequisite: Religious Studies 359 or consent of the Department.

MAY BE REPEATED FOR CREDIT

Religious Studies 469  
Advanced Studies in Judaism

Selected topics in Jewish practices, institutions, beliefs and religious literature. Possible topics include: Jewish Movements of the Second Temple Era; Jewish Rituals and Observances; Midrash and Jewish Biblical Interpretation; Law and Religion in Judaism; Jewish Philosophy and Theology; Judaism in the Modern World; Kabbalah and Jewish Mysticism.

Prerequisite: Religious Studies 369 or consent of the Department.

MAY BE REPEATED FOR CREDIT
Religious Studies 473  
**Advanced Studies in Islam**

Thematic considerations of topics, such as Islamic philosophy, mysticism, theology, or contemporary trends, based on primary sources. Although no knowledge of Arabic is required, students with backgrounds in Arabic will have the option of working with texts in their original languages.  
**Prerequisite:** Religious Studies 315 or 353 or 357 or consent of the Department.  
MAY BE REPEATED FOR CREDIT

Religious Studies 477  
**Further Studies in the Hebrew Bible/Old Testament**

Selected readings, in English translation, from the three major divisions (Pentateuch, Prophets, and Writings) of the Hebrew Bible/Old Testament. Covers topics such as creation, miracles in Egypt, ark of the covenant, sacrifice, prophecies of the Bible, and biblical views of death and immortality.  
**Prerequisite:** Religious Studies 301, or consent of the Department.

Religious Studies 479  
**Contemporary Issues in Women and Religion**

Examination of the religious views and evaluations of traditional religious structures by contemporary women writers such as E. Schüssler-Fiorenza, R. Gross, J. Plaskow, F. Mernissi, K. Lekshe Tsumo, K. McCarthy Brown, and D. Williams.  
**Prerequisite:** Religious Studies 381.

Religious Studies 483  
**Advanced Studies in the Origins of Christianity**

A thematic study of early Christian group formation, maintenance and self-definition represented in gospels, Pauline epistles and other selected resources from the first two centuries of the common era.  
**Prerequisite:** Religious Studies 383 or consent of the Department.

Religious Studies 485  
**Advanced Studies in Early Christianity**

A thematic study of Christianity’s emergence as a separate religion intended to provide students with an opportunity to explore specific topics such as the role of scripture, material culture or women in the formation of Christian religious identity.  
**Prerequisite:** Religious Studies 385 or consent of the Department.

Religious Studies 487  
**Advanced Studies in Medieval and Reformation Christianity**

A thematic study of medieval and Reformation Christianity based on selected primary and secondary sources.  
**Prerequisite:** Religious Studies 387 or consent of the Department.

Religious Studies 489  
**Advanced Studies in Modern Christianity**

A thematic study of modern Christianity based on selected primary and secondary sources.  
**Prerequisite:** Religious Studies 389 or consent of the Department.

Religious Studies 491  
**Readings in Eastern Religious Texts**

Study of religious texts in original languages such as Sanskrit, Tibetan, Chinese or Japanese.  
**Prerequisite:** Religious Studies 391, 393, 395, or consent of the Department.  
MAY BE REPEATED FOR CREDIT

Religious Studies 577  
**Senior Project Seminar**

Students will complete an independent research project on a topic within their area of concentration in Religious Studies and present their research in a seminar setting.  
**Prerequisites:** Religious Studies 377 plus one full-course equivalent at the 400/500 level in Religious Studies, or consent of the Department.  
**Note:** Open only to Religious Studies majors and students registered in joint programs with Religious Studies.

Religious Studies 590  
**Honours Thesis**

Students compose a major research paper under the close supervision of a member of the Department and defend the thesis before an examining committee.  
**Prerequisites:** Religious Studies 377 plus one full-course equivalent at the 400/500 level in Religious Studies, or consent of the Department.  
**Note:** Open only to students registered in the Religious Studies Honours program.

Religious Studies 595  
**Directed Reading in Religious Studies**  
**Prerequisite:** Consent of the Department.  
MAY BE REPEATED FOR CREDIT

Graduate Courses

Religious Studies 601  
**Studies in Western Religions**

Religious Studies 703  
**Advanced Analysis of Religious Claims**  
MAY BE REPEATED FOR CREDIT

Risk Management and Insurance 317  
**Introduction to Risk Management and Insurance**

Covers risk management, economics of insurance, and Canadian life/health and property/liability insurance institutions. Both consumer and industry perspectives are provided.  
**Prerequisites:** Second year standing in the Haskayne School of Business or second year standing in the Actuarial Science program.

Risk Management and Insurance 439  
**Life and Health Insurance**

Analysis of the need for life and health insurance. Types of policies, principles of rate making, underwriting, marketing, and claims management. Integration of life and health insurance into estate planning. Investment practices of insurers and their role in the financial services field.  
**Prerequisites:** Third year standing in the Haskayne School of Business or third year standing in the Actuarial Science program.  
**Corequisite:** Risk Management and Insurance 317 or Finance 479.

Risk Management and Insurance 449  
**Employee Benefits and Social Insurance**

The nature of employee benefits as a major component of the compensation package. Group life and group health insurance, pensions and other retirement programs, workers’ compensation, unemployment insurance, social security and other social insurance plans. Insurer group operations, reinsurance and the legal aspects of employee benefits and social insurance programs.  
**Prerequisites:** Third year standing in the Haskayne School of Business or third year standing in the Actuarial Science program, and one of Finance 317 or Risk Management and Insurance 317.
Risk Management and Insurance 459  H(3-0)  
Managing Commercial Property and Liability Risks
Examines risk management for commercial property and liability exposures. The first half of the course focuses on common property loss exposures that firms face and examines methods of handling such risks. The second half focuses on liability exposures of commercial enterprises, including premises and operations liability, product liability, employment practices liability and director’s and officers’ liability.
Prerequisite: Third year standing.
Corequisite: Risk Management and Insurance 317 or Finance 479.

Risk Management and Insurance 559  H(3-0)
Selected Topics in Risk Management and Insurance
Combines a fundamental understanding of insurance and risk management with current issues confronting the insurance industry and risk managers. Topics include: enterprise risk management, the cost of risk, trends in insurance distribution, reinsurance and alternative risk financing methods, and environmental risk management.
Prerequisites: Risk Management and Insurance 317 and fourth year standing.
MAY BE REPEATED FOR CREDIT

Romance Studies ROST

Introduction offered by members of the Department of Germanic, Slavic and East Asian Studies in the Faculty of Humanities. Students are encouraged to consult the Department website (http://gsea.ucalgary.ca/beta/) for more details on course descriptions and titles of decimalized courses.

Department Head - R.L. Schmidt

Junior Course

Romance Studies 299  H(3-1T-1)
Topics in Romance Culture
France, Italy and Spain: cultures of the Mediterranean.

Senior Courses

Romance Studies 341  H(3-0)
Italian Literature of the Renaissance
Major authors of the Italian Renaissance whose works have influenced artists and writers in England, France and Spain.
Note: This course is given in English and no knowledge of Italian is required.

Romance Studies 399  H(3-0)
The Romance Languages
An introduction to the history and structure of the major Romance languages.

Romance Studies 409  H(1-2)
Introduction to Translation and Practice
An introduction to translation theory and practice. Lectures will normally be given in English, with practical work in French or Spanish seminars.
Format and content of course may vary from year to year.
Prerequisites: One of (a) French 317 or 320 or 321 plus two half-course equivalents in French at the 300 level; or (b) Spanish 303, 321 and 323; or (c) consent of the Department.
Note: May be counted as one of the required courses at the 400 level for French and Spanish Majors.

Russian RUSS

Instruction offered by members of the Department of Germanic, Slavic and East Asian Studies in the Faculty of Humanities. Students are encouraged to consult the Department website (http://gsea.ucalgary.ca/beta/) for more details on course descriptions and titles of decimalized courses.
Department Head - X.-J. Yang

Note: Russian 317, 355, 357 and 359 are given in English and no knowledge of Russian is required. These courses do not count as prerequisites to other senior Russian courses.
Note: Consent of the Department can be received in lieu of a stated prerequisite when equivalent knowledge can be demonstrated.

Junior Courses

Russian 201  H(1-1T-1)
Introductory Russian
Introductory course to Russian in its cultural context. The basic phenomena of Russian, the principles of language learning, strategies for observing and interpreting "cultural" phenomena.
Note: Not open to students with credit in Russian 205.

Russian 203  H(3-0)
Reading Russian
A computer-based reading course. General strategies for the decoding of texts, introduction to basic text types and texts for analysis.
Prerequisite: Russian 201.
Note: Not open to students with credit in Russian 209.

Russian 209  H(3-2)
Russian I
First semester of a three-semester sequence of four-skills language learning, covering the principal elements of modern Russian.
Prerequisite: Russian 201 or 205.
Note: Not open to students with credit in Russian 203 or 207.

Senior Courses

Russian 301  H(3-1)
Russian II
The second semester of a three-semester sequence of four-skills language learning, covering the principal elements of modern Russian.
Prerequisite: Russian 207 or 209.

Russian 303  H(3-1)
Russian III
The third semester of a three-semester sequence of four-skills language learning, covering the principal elements of modern Russian.
Prerequisite: Russian 301.

Russian 311  Q(3-0)
Russian Information Sources
Introduction to information sources, with a specific component of electronic resources, pertaining to Russian (Library; internet, e-mail in target language, electronic processing of Cyrillic alphabet materials, including different codings).
Prerequisite: Russian 201 or consent of the Department.

Note: A basic familiarity with computers and electronic resources (such as the Internet) is expected.

Russian 317  H(3-0)
Issues in Russian Civilization and Thought
Major aspects contributing to the development of Russian civilization and thought.
Note: This course is given in English and no knowledge of Russian is required.

Russian 331  H(3-1)
Intermediate Russian I
A continuation of Russian 331.
Prerequisite: Russian 331.

Russian 355  H(3-0)
Russian Literature in Translation
Selected texts by author, genre or period designed to explore issues of significance in the context of Russian culture.
Note: This course is given in English and no knowledge of Russian is required.
Note: May be repeated for credit to a maximum of two half-course equivalents.

Russian 361  H(3-0)
Russian Literature of the 19th and 20th Centuries
Overview of Russian literature of the 19th and 20th centuries in a historical perspective, with attention to issues of particular significance in Russian literary culture. Initial experience of literary analysis on the basis of diverse Russian -texts.
Prerequisites: Russian 303 and 355 or 317.

Russian 363  H(3-0)
Current Issues in Russian Culture
Selected significant issues in Russian culture, as manifested in written and/or oral texts, with particular attention to language function and usage.
Prerequisite: Russian 303.
MAY BE REPEATED FOR CREDIT

Russian 397  H(3-0)
Inter-Cultural Immersion Experience I
Independent study course. Project with inter-cultural theme, derived from an immersion experience, most likely abroad. Permission MUST be obtained before embarking on the immersion experience or enrolling in this course.
Prerequisite: Consent of the Department. Departmental permission to enroll in this course depends on a faculty member's agreement to sponsor the course of study. To obtain that agreement, a student must first discuss the project with a faculty member orally, then present in written form a coherent and well-formulated project which will demonstrate learning (guidelines are available).
NOT INCLUDED IN GPA
Courses of Instruction

Russian 401  H(3-0)
**Advanced Russian I: The Consolidating Year**
An advanced course in the use of Russian, including experiential learning in the form of a practicum, leading to supervised "teaching" in a suitable lower-level language class.
**Prerequisite:** Russian 333 or consent of the Department.

Russian 403  H(3-0)
**Advanced Russian II: The Consolidating Year**
A continuation of Russian 401.
**Prerequisite:** Russian 401 or consent of the Department.

Russian 451  H(3-0)
**Cross-Cultural Explorations**
Cross-cultural comparison of events, cultural patterns, historical periods, or social movements which find a parallel in more than one of the cultural traditions represented in the Department. The language of instruction is English.
**Prerequisite:** Russian 361, 371, 381 or 391.
MAY BE REPEATED FOR CREDIT

Russian 461  H(3-0)
**Topics in Russian Literature**
Development of a topic, issue, period or author introduced in Russian 361. Topic for current year is listed in the Master Timetable.
**Prerequisite:** Russian 361, 371, 381 or 391.
MAY BE REPEATED FOR CREDIT

Russian 463  H(3-0)
**Topics in Russian Language and Culture from a Historical Perspective**
Concentration on a linguistic and/or cultural topic in its historical development.
**Prerequisite:** Russian 361, 363, 371, 381 or 391.
MAY BE REPEATED FOR CREDIT

Russian 497  H(3-0)
**Inter-Cultural Immersion Experience II**
Independent study course. Project with inter-cultural theme, derived from an immersion experience at an advanced level, most likely abroad. Permission MUST be obtained before embarking on the immersion experience or enrolling in this course.
**Prerequisite:** Russian 397 and consent of the Department. Departmental permission to enroll in this course depends on a faculty member's agreement to sponsor the project.
**Note:** May not be offered every year.

Russian 551  H(3-0)
(formerly Russian 501)
**Independent Study**
An independent research project on a topic that is not normally a part of the program's course offerings.
**Prerequisite:** Consent of the Department. Departmental permission to enroll in this course depends on a faculty member's agreement to sponsor the project.
**Note:** May not be offered every year.

Russian 561  H(0-3S)
**Research Seminar**
Centered around a professor's current research project, the course will engage senior students as members of a collaborative research team. Independent research, discussion, group presentations, dissemination of results in an appropriate venue, e.g. G.S.E.A. "Work-in-Progress" series.
**Prerequisite:** Consent of the Department.
**Note:** May not be offered every year.
MAY BE REPEATED FOR CREDIT

Science

Science, Technology and Society STAS

**STAS**
Instruction offered under the direction of the Faculty of Communication and Culture. For information contact the Academic Programs Office, 220-6343. Additional interdisciplinary courses are offered under the course headings African Studies, Canadian Studies, Central and East European Studies, Communications Studies, Development Studies, East Asian Studies, General Studies, Latin American Studies, and Society, Leisure, Tourism and Society, Museum and Heritage Studies, Northern Planning and Development Studies, South Asian Studies, and Women's Studies.

**Junior Course**

Science, Technology and Society 201  H(3-0)
**The Process of Inquiry in the Natural Sciences**
Provides an introduction to scientific thought. Topics covered will be selected from among: debate and consensus building in science; abstractions, models, and the importance of mathematics; the value systems of the scientific community; scientists as experts in policy matters; and public appreciation of science. Particular attention will be given to the public impact of science and the role of science as a cultural and political force. Current issues such as climate change, genetically modified food, and the dynamics of pharmaceutical innovation will be studied as particular cases.

**Senior Courses**

Science, Technology and Society 325  H(2-2T)
**Technology Within Contemporary Society**
Definitions of technology; theories of technology/society interaction; innovation and waves of technological change; technology as a system; automation and "post-industrial" society; impact of new technology on work; growth and its limits; alternative technology; energy technology; biotechnology and the Green Revolution; human reproductive technology; information technology; controlling technology; ethical problems in technology.
**Note:** This course may not be offered every year.

Science, Technology and Society 327  H(3-0)
**Science in Society**
A case study analysis of the practice of science as a human activity. The theories linking the emergence of modern science to western culture are considered. An analysis of ideas of the social structure of scientific activity including: the role of examples in forming scientific theories, the value system of scientists in both basic research and applied research environments, "individual genius" vs multiple discovery, and the influence of "leading" figures. The linkages of scientific activity with other cultural dimensions are explored and the bases for formulation of "science policy" are considered.
**Note:** This course may not be offered every year.

Science, Technology and Society 341  H(3-0)
(formerly General Studies 341)
**Information Technology and Society**
A study of the implications of information technology for political, social and economic organization, individual psychology, and concepts of knowledge.
Courses of Instruction

Historical, ethical and legal implications will be discussed.

Note: Credit for both General Studies 341 and either Communications Studies 380 or General Studies 304 (Bachelor of Accounting Science 304) will not be allowed.

Note: This course assumes only very basic familiarity with computers at the “user” level. Familiarization with more advanced applications will be provided as required.

Note: Not open to students registered in either the Communications Studies Major or Minor programs.

Science, Technology and Society 343 H(3-0)
(formerly Canadian Studies 443)

Canadian Science Policy and Technology Development

Examination and analysis of Canadian science policy and technology development. Factors which influence policies and strategies, and factors which should influence them. Evaluation of success and failures through case studies and policy analysis.

Science, Technology and Society 401 H(3-0)

Special Topics in Science, Technology and Society

An examination of selected topics in Science, Technology and Society. See Master Timetable for current topic(s).

MAY BE REPEATED FOR CREDIT

Science, Technology and Society 407 H(3-0)

Science, Value and the Environment

An examination of scientific, legal, cultural, economic, management and normative perspectives regarding the care and use of the natural environment.

Prerequisite: At least one prior course in Science, Technology and Society or permission of the instructor.

Science, Technology and Society 501 H(3-0)

Research in Selected Topics

Supervised individual study of a special topic.

Prerequisites: Consent of the Science, Technology and Society Director and the Associate Dean (Academic).

Note: Students should contact the Office of the Associate Dean (Academic) prior to the first day of classes to arrange an independent study course.

MAY BE REPEATED FOR CREDIT

Science, Technology and Society 591 H(3-0)

Integrative Seminar

An integrative seminar on the central themes of science and technology studies.

Prerequisites: Two of Science, Technology and Society 325, History 477.01, 477.02, Philosophy 367, Sociology 435, or consent of the Faculty.

Note: This course may not be offered every year. It may be taken as a reading course if an instructor is available.

Slavic SLAV

Instruction offered by members of the Department of Germanic, Slavic and East Asian Studies in the Faculty of Humanities.

Department Head - X.J. Yang

Senior Course

Slavic 355 H(3-0)

Modern East-European Literature in Translation

Selected works from the literatures of Central European countries in the twentieth century with particular attention to the impact of successive totalitarian regimes and issues associated with post-totalitarian societies.

Note: Lectures and texts will be in English. This course can count toward the Major and Honours in Russian.

Social Sciences SOSC

Instruction offered by the Faculty of Social Sciences.

Contact - J.A. Archibald

Junior Course

Social Sciences 201 H(3-2)

Exploring Social Issues

An introductory study of selected topics that are currently engaging scholars across the social sciences. Organized around a broad theme (e.g., Globalization and Its Critics; Nature and Culture; Sex, Sexuality and Society) and interdisciplinary both in terms of course materials and presentation. A combination of large-group lectures and small-group seminars, with a particular focus on reading, discussion and writing assignments.

Social Sciences 205 H(3-2)

Indigenous Ways of Knowing I

An introduction to various Indigenous people’s ways of knowing (epistemology) with a special emphasis on the contextualization of knowledge-building. Deals with various aspects of building knowledge, such as listening, reflection, protocol, and experience.

Note: Normally offered during Spring or Summer Session. Presession study and field trip(s) are normally required and students may be required to cover field trip costs.

Social Work SOWK

Instruction offered by members of the Faculty of Social Work.

Note: Social Work 201, 317, 319, 321, 327 and 329 are open to all students; all other Social Work courses are restricted to BSW students.

Junior Course

Social Work 201 H(3-0)

Introduction to Social Work and Welfare

Provides an overview of the profession of social work and the social policy context within which it is practiced.

Note: Alberta Social Work Post-Diploma students cannot take this course as fulfillment of their non-Social Work course requirements.

Social Work 203 Q(32 hours)

(Indigenous Studies 203)

Indigenous Ways of Knowing II

Continuation of Social Work 203. An examination of the nature and relations of being (ontology) and specific responsibilities in cultural context. Integration of components of Indigenous ways of knowing. Illustrations will be drawn from Indigenous languages and cultural practices.

Prerequisite: Social Work 203 (Indigenous Studies 203).

Note: Normally offered in Block Week during Winter Session or in Spring Session. Presession study and field trip(s) are normally required and students may be required to cover field trip costs.

Senior Courses

Note: Social Work 353 and 367 may be offered to non-Social Work students in Edmonton and Lethbridge who will be seeking admission into the University Transfer routes in those locations.

Social Work 300 F(6-0)

(Formerly Social Work Access 300)

Generalist Practice in Context Theme Course

Examination of knowledge, values, and skills pertaining to the practice of generalist social work practice in rural, remote, and Aboriginal communities.

Social Work 301 H(15-2T)

(Formerly Social Work Access 301)

Generalist Practice in Context Portfolio Project

Individual preparation and presentation of major project on social work practice models in the local context.

Prerequisite or Corequisite: Social Work 300.

Social Work 302 F(6-0)

(Formerly Social Work Access 302)

Communication and Information Theme Course

Effective communication and information management practices for social work in rural, remote, and Aboriginal communities.

Social Work 303 H(15-2T)

(Formerly Social Work Access 303)

Communication and Information Portfolio Project

Individual preparation and presentation of major project demonstrating competence in interviewing and research process with sensitivity to local applications and issues.

Prerequisite or Corequisite: Social Work 302.

Social Work 304 F(6-0)

(Formerly Social Work Access 304)

Diversity and Oppression Theme Course

Issues of diversity, colonization, and intergroup relations associated with the practice of social work in rural, remote, and Aboriginal communities.

Social Work 305 H(15-2T)

(Formerly Social Work Access 305)

Diversity and Oppression Portfolio Project

Individual preparation and presentation of major project assessing local policies and programs with respect to diversity issues and colonial assumptions.

Prerequisite or Corequisite: Social Work 304.

Social Work 306 F(6S-0)

(Formerly Social Work Access 306)

Social Work Methods Theme Course

Intervention approaches and skills for the practice of generalist social work in rural, remote, and Aboriginal communities.
**Courses of Instruction**

- **Social Work 307**  
  (formerly Social Work Access 307)  
  **H(1S-2T)**  
  **Social Work Methods Portfolio Project**  
  Individual preparation and presentation of major project demonstrating appropriate assessment and relevant intervention plan at different levels of practice for a social problem at the local level.  
  **Prerequisite or Corequisite:** Social Work 306.

- **Social Work 317**  
  **H(3-0)**  
  **Human Sexuality**  
  Psychosocial aspects of human sexuality.  
  **Note:** Alberta Social Work Post-Diploma students cannot take this course as fulfillment of their non-Social Work course requirements.

- **Social Work 319**  
  **H(3-0)**  
  **Death and Dying**  
  Biopsychosocial and spiritual factors involved in death and dying.  
  **Note:** Alberta Social Work Post-Diploma students cannot take this course as fulfillment of their non-Social Work course requirements.

- **Social Work 321**  
  **H(3-0)**  
  **Social Work and Social Problems**  
  Analysis of social problems within a social welfare context.  
  **Note:** Alberta Social Work Post-Diploma students cannot take this course as fulfillment of their non-Social Work course requirements.

- **Social Work 327**  
  **H(3-0)**  
  **Alcohol and Drug Abuse**  
  Analysis of problems related to addictions and the abuse of alcohol and drugs.  
  **Note:** Alberta Social Work Post-Diploma students cannot take this course as fulfillment of their non-Social Work course requirements.

- **Social Work 329**  
  **H(3-0)**  
  **Introduction to Children’s Mental Health**  
  Analysis of problems related to children’s mental health.  
  **Prerequisite:** A course in developmental psychology or human behaviour and the social environment, or equivalent.  
  **Note:** Alberta Social Work Post-Diploma students cannot take this course as fulfillment of their non-Social Work course requirements.

- **Social Work 351**  
  **H(3S-0)**  
  **Seminar on Critical Thinking, Professional Writing and Information Literacy in Social Work**  
  Using inquiry-based approaches to define and practice critical thinking and professional writing within generalist social work contexts.  
  **Note:** Post Diploma route only.

- **Social Work 353**  
  (formerly Social Work 361)  
  **H(3S-0)**  
  **Research Foundations**  
  Introduction to basic research methodology and data analysis within a “reflective practitioner” model of practice.

- **Social Work 357**  
  **H(3S-0)**  
  **Critical Issues: Practice Perspectives and Theories**  
  A critique of practice concepts, perspectives and skills across diverse contexts and populations.  
  **Note:** Post Diploma route only.

- **Social Work 367**  
  **H(3S-0)**  
  **Human Behaviour and the Environments**  
  Examines perspectives on human behaviour within multiple environments across the lifespan from a social work practice framework.

- **Social Work 383**  
  (formerly Social Work 369)  
  **H(3S-0)**  
  **Social Policy and Social Justice**  
  Provides an understanding of Canadian social policy, its impact on social justice and how it influences social work practice.  
  **Prerequisites:** Social Work 201, 367 and 353 or equivalent.  
  **Note:** University Transfer route only.

- **Social Work 385**  
  (formerly Social Work 589)  
  **H(3S-0)**  
  **Ethical Issues in Social Work Practice**  
  Challenges separation of ethical and practice issues, using a model of ethical decision-making.  
  **Prerequisites:** Social Work 201, 367 and 353 or equivalent or admission into the Post Diploma route.

- **Social Work 386**  
  **F(6S-0)**  
  **Anti-Oppressive Generalist Practice**  
  Introduction to the scope of generalist practice and the history, philosophy, and cultural values underlying generalist practice approaches in diverse settings.  
  **Prerequisites:** Social Work 201, 367 and 353 or equivalent.  
  **Note:** Not open to students with credit in Social Work 363.  
  **Note:** University Transfer route only.

- **Social Work 389**  
  **H(3S-0)**  
  **Integrative Seminar: Portfolio-Based Reflection on Theory and Research in Professional Practice**  
  Integration of concepts, perspectives and skills with experiences, developing conceptual frameworks of practice.  
  **Prerequisites:** Social Work 201, 367 and 353 or equivalent or admission into the Post Diploma route.

- **Social Work 391**  
  (formerly Social Work 365)  
  **H(3S-0)**  
  **Inquiry-Based Practice with Individuals**  
  Skills such as interviewing and psycho-social interventions within a context of relevant practice theories and assessment frameworks.  
  **Prerequisites:** Social Work 201, 367 and 353 or equivalent or third year standing.  
  **Note:** University Transfer route only.

- **Social Work 393**  
  (formerly Social Work 371)  
  **H(3S-0)**  
  **Inquiry-Based Practice with Families**  
  Working with families from multiple perspectives and within diverse contexts including theoretical frameworks and assessment strategies.

- **Social Work 395**  
  (formerly Social Work 373)  
  **H(3S-0)**  
  **Inquiry-Based Practice with Groups**  
  Introduction to theories and skills for working with groups within a context of practice and assessment frameworks.  
  **Prerequisites:** Social Work 201, 367 and 353 or equivalent or third year standing.  
  **Note:** University Transfer route only.

- **Social Work 397**  
  (formerly Social Work 375)  
  **H(3S-0)**  
  **Inquiry-Based Practice with Communities**  
  Introduction to communities and community practice within a generalist social work perspective.  
  **Prerequisites:** Social Work 201, 367 and 353 or equivalent or third year standing.  
  **Note:** University Transfer route only.

- **Social Work 400**  
  (formerly Social Work Access 400)  
  **F(0-32)**  
  **Field Practicum A**  
  Direct and indirect social work practice opportunities in the local region with educational supervision.  
  **Prerequisites:** Social Work 300, 301, 302, 303, 304, 305, 306 and 307 or consent of the Faculty.  
  **Corequisite:** Social Work 403.  
  **Note:** Exempt for Alberta social work diploma graduates.  
  **NOT INCLUDED IN GPA**

- **Social Work 401**  
  **H(3S-0)**  
  **Social Work Evaluation**  
  Case and program-level evaluation methods within a social work context.  
  **Prerequisites:** Consent of the Faculty and normally all required 300-level social work courses completed.

- **Social Work 402**  
  (formerly Social Work Access 402)  
  **F(0-32)**  
  **Field Practicum B**  
  Direct and indirect social work practice opportunities in the local region with educational supervision.  
  **Prerequisite:** Social Work 400 or consent of the Faculty.  
  **Corequisite:** Social Work 403.  
  **NOT INCLUDED IN GPA**

- **Social Work 403**  
  (formerly Social Work Access 403)  
  **H(3S-0)**  
  **Integrative Practice Seminar**  
  The integration of theory and practice within local region practicum.  
  **Corequisite:** Social Work 402.
Courses of Instruction

Social Work 404  F(312 hours within one session)

Introductory Practicum
Application of conceptual framework, experience, knowledge and skills within a specific practice setting.
Prerequisite: Fourth year standing.
Corequisite: Social Work 405.
Note: Not open to students with credit in Social Work 381.
Note: University Transfer route only.
NOT INCLUDED IN GPA

Social Work 405  H(3S-0)
(formerly Social Work 379)

Integrative Seminar: Portfolio-Based Application of Research and Theory in Practice
Integration of theory and practice within field practicum and inquiry-based approach to assessment, critique and evaluation.
Prerequisite: Fourth year standing.
Corequisite: Social Work 404.
Note: University Transfer route only.

Social Work 407  H(3S-0)
(formerly Social Work 479)

Integrative Seminar: Portfolio-Based Application of Research and Theory in Practice
Advanced integration of concepts, perspectives and skills with experiences, developing conceptual frameworks of practice.
Prerequisites: Fourth year standing.

Social Work 408  F(256 hours within one session)

Senior Practicum A
Application of professional theory and skills in supervised social work practice settings.
Prerequisites: Fourth year standing.
Note: Not open to students with credit in Social Work 481 or 482.
NOT INCLUDED IN GPA

Social Work 409  H(160 hours within one session)

Senior Practicum B
Application of professional theory and skills in supervised social work practice settings.
Prerequisites: Fourth year standing.
Corequisites: Social Work 407 and 408.
Note: Not open to students with credit in Social Work 481 or 482.
NOT INCLUDED IN GPA

Social Work 479  H(3S-0)

Practice Methods II
Selected theories and the general method of social work practice.
Prerequisite: Social Work 379 or consent of the Faculty.

Social Work 481  H(0-12)

Field Practicum IIA
Direct and indirect social work practice opportunities and educational supervision.
Prerequisite: Social Work 381 or consent of the Faculty.
Corequisites: Social Work 479, 482 and 483.
NOT INCLUDED IN GPA

Social Work 482  F(0-20)

Field Practicum IIB
Direct and indirect social work practice opportunities and educational supervision.
Prerequisite: Social Work 381 or consent of the Faculty.
NOT INCLUDED IN GPA

Social Work 483  H(3S-0)

Integrative Practice Seminar
The integration of theory and practice within field practicum.
Corequisites: Social Work 479 and 481/482.

Social Work 551  H(3S-0)

Selected Topics: Social Work Interventions
MAY BE REPEATED FOR CREDIT

Social Work 553  H(3S-0)

Selected Topics: Fields of Practice
MAY BE REPEATED FOR CREDIT

Social Work 555  H(3S-0)

Selected Topics: Practice with Selected Populations
MAY BE REPEATED FOR CREDIT

Social Work 557  H(3S-0)

Selected Topics: Contexts for Practice
MAY BE REPEATED FOR CREDIT

Graduate Courses
Note: Not all options are offered every academic year. The number of options will vary across the program locations.
Note: Students admitted into an MSW program prior to Fall Session 2003 should seek advice from the Faculty of Social Work Student Affairs Office with regard to course equivalencies.

Social Work 621  H(3S-0)

History and Foundation of the Profession
An examination of the relationship between knowledge, values, ethics and power and how they shape interventions in social work.
Prerequisite: Consent of the Faculty.

Social Work 625  H(3S-0)

Practice with Individuals, Families and Groups
A basic understanding of social work practice theory with respect to work with individuals, families and groups.
Prerequisite: Consent of the Faculty.

Social Work 627  H(3S-0)

Practice with Organizations and Communities
A basic understanding of social work practice theory with respect to work with organizations and communities.
Prerequisite: Consent of the Faculty.

Social Work 629  H(3S-0)

Professional Communication and Interviewing
Offers experiential learning aimed at developing basic professional competencies and practice skills along with critical self-reflection.
Prerequisite: Consent of the Faculty.

Social Work 632  H(3S-0)

Social Policy and Social Justice
An exploration of the social, political and economic forces, social movements and social structures that are transforming the Canadian welfare state and the practice of social work.
Prerequisite: Consent of the Faculty.

Social Work 633  H(426 hours)

Foundational Field Practicum
Direct and indirect social work practice opportunities with professional supervision.
Prerequisite: Consent of the Faculty.
NOT INCLUDED IN GPA

Social Work 637  H(3S-0)

Human Behaviour in the Social Environment
Human development and diversity within a social work context.
Prerequisite: Consent of the Faculty.

Social Work 641  H(3S-0)

Models of Practice
Provides the conceptual and theoretical foundation for students to acquire the skills to practice in Social Work.
Prerequisite: Consent of the Faculty.

Social Work 645  H(3S-0)

Research and Evaluation
An introduction to research methodology and evaluative strategies.
Prerequisite: Consent of the Faculty.

Social Work 655  H(3S-0)

Research I
Conceptualization of social work research problems, research design, data collection and analysis within a chosen specialization.
Prerequisite: Consent of the Faculty.

Social Work 661  H(3S-0)

Children’s Mental Health
A clinical specialized option that focuses on the knowledge required by mental health professionals who work with children and adolescents.
Prerequisite: Social Work 329 or consent of the Faculty.
Courses of Instruction

Social Work 665 H(3S-0)
Policy
An exploration of social welfare policy, structures and programs within a chosen specialization or concentration within the context of examining the impact of oppression on populations at-risk.
Prerequisite: Consent of the Faculty.

Social Work 667 H(3S-0)
Theory and Methods I
An in-depth and advanced understanding of social work theory and practice within a chosen specializa-
tion.
Prerequisite: Consent of the Faculty.

Social Work 669 H(3S-0)
Theory and Methods II
Application of theories learned in Social Work 667 to various problems and diversity issues encountered by social workers within a chosen specialization.
Prerequisites: Social Work 667 and consent of the Faculty.

Social Work 679 H(3S-0)
Special Topics Seminar I
Selected topics related to area of specialization or concentration.
Prerequisite: Consent of the Faculty.
MAY BE REPEATED FOR CREDIT

Social Work 688 F(0-32)
Advanced Practicum I and II
Supervised learning experience in practice.
Prerequisite: Consent of the Faculty.
Note: Normally completed in Calgary.
Note: For course based students only.
NOT INCLUDED IN GPA

Social Work 695 H(3S-0)
Research II
Extends students' abilities to utilize research knowledge as a problem-solving tool in social work practice within a chosen specialization.
Prerequisites: Social Work 655 and consent of the Faculty.

Social Work 696 F(600 hours within two consecutive sessions)
Advanced Practicum
Direct and indirect Social Work practice opportuni-
ties with professional supervision in student's area of specialization or concentration.
Prerequisite: Consent of the Faculty.
Corequisite: Social Work 697.
Note: Not open to students with credit in Social Work 687, 688 or 689.
NOT INCLUDED IN GPA

Social Work 697 H(3S-0)
Diversity, Oppression and Social Justice
Critical examination of the issues of diversity and the power relations that form common links among the experiences of oppression and marginalization in Canadian society.
Prerequisite: Consent of the Faculty.

Social Work 699 H(3S-0)
Special Topics Seminar II
Advanced selected topics related to area of specialization or concentration.
Prerequisite: Consent of the Faculty.
MAY BE REPEATED FOR CREDIT

Social Work 701 H(2-1)
Statistics I
Advanced social science statistics.
Note: Restricted to Social Work PhD students.

Social Work 703 H(2S-0)
Research Methods I
Methodological and design options in social work research.
Note: Restricted to Social Work PhD students.

Social Work 705 H(2S-0)
Doctoral Seminar I
Foundations of clinical practice and policy.
Note: Restricted to Social Work PhD students.

Social Work 711 H(2-1)
Statistics II
Multivariate models.
Prerequisite: Social Work 701.
Note: Restricted to Social Work PhD students.

Social Work 713 H(2S-0)
Research Methods II
Practice and program evaluation.
Prerequisite: Social Work 703.
Note: Restricted to Social Work PhD students.

Social Work 715 H(2S-0)
Doctoral Seminar II
Special issues respecting student's methodological or policy focus.
Prerequisite: Social Work 705.
Note: Restricted to Social Work PhD students.

Social Work 717 H(2S-0)
History and Philosophy of Social Work
An exploration of the history of the social work profession, social policies, fields of practice intervention, and types of research; and the philosophical assumptions underlying these considerations. Provides students with the foundation from which to understand the profession's development and major contributions to society, and consideration of the major ontological and epistemological positions of different approaches to research and practice.
Note: Restricted to Social Work PhD students.

Social Work 719 H(2S-0)
Social Work Education
An exploration of theories of adult and experiential learning, social work education, curriculum development, use of technology in teaching, and preferred styles of teaching and learning. Consists of both classroom instruction and a brief practicum that allows students to reflect on the teaching process and develop practical skills of teaching and course management. Provides graduates with specific training in education, and particularly education in social work.
Note: Restricted to Social Work PhD students.

Social Work 721 H(2S-0)
Integrative Research Colloquia
A concluding course offered as final component of student's course work. Allows doctoral students and the instructor to engage in a series of research colloquia, thereby facilitating critical analysis, feedback and synthesis of materials covered and skills learned in other course work. This process will help students to develop conceptual and methodo-
logical skills.
Note: Restricted to Social Work PhD students.

Social Work 725 H(2S-0)
Doctoral Seminar III
Theories of clinical practice and policy.
Prerequisite: Social Work 715.
Note: Restricted to Social Work PhD students.

Social Work 735 H(2S-0)
Doctoral Seminar IV
Synthesis and extension of policy and clinical practice issues previously studied in the develop-
ment of a fully completed dissertation proposal.
Prerequisite: Social Work 725.
Note: Restricted to Social Work PhD students.

Sociology

Sociology 201 H(3-1T)
Introductory Sociology
The sociological study of society, social institutions, group behaviour, personality formation and social change.

Sociology 205 H(3-1T)
Canadian Society
An examination of the major institutions of Canadian society. Consideration given to the diversity of the Canadian population and to the dynamics of contemporary patterns of social change.
Note: Not open to students with credit in Social Sciences 202.
Note: This course is not a substitute for Sociology 201.

Junior Courses

Sociology 201 H(3-1T)
Introductory Sociology
The sociological study of society, social institutions, group behaviour, personality formation and social change.

Sociology 205 H(3-1T)
Canadian Society
An examination of the major institutions of Canadian society. Consideration given to the diversity of the Canadian population and to the dynamics of contemporary patterns of social change.
Note: Not open to students with credit in Social Sciences 202.
Note: This course is not a substitute for Sociology 201.

Senior Courses

Sociology 303 H(3-0)
Sociology of Gender Relations
An analysis of the condition of women in relationship to that of men in modern society, studying the impact of certain institutional structures. Examination of the nature of sex differences, gender role socialization, the sexual division of labour and liberalizationist movements.
Prerequisite: Sociology 201 or consent of the Department.
Courses of Instruction

**Sociology 305**  
*French-Canadian Society*  
The focus is on the major social structures and institutions of French Canada examining the course of social change. Nationalist ideologies, the separatist movement, French-Canadian identity, and French-Canadians outside Quebec.  
**Prerequisite:** Sociology 201 or consent of the Department.

**Sociology 307**  
*Sociology of First Nations in Canada*  
The dynamics of Native Indian groups, relations with each other and the larger society. Topics include decolonization and relations with the state, demography, Indian organizations, Indian nationalism and nation-building, power, social class and public policy.  
**Prerequisite:** Sociology 201 or consent of the Department.

**Sociology 309**  
*Alberta Society*  
Sociological introduction to the ideology, composition, dynamics, and institutions of Albertan society, using external comparisons where relevant.  
**Prerequisite:** Sociology 201 or consent of the Department.

**Sociology 311**  
*Introductory Social Statistics I*  
Basic descriptive statistics for survey research, including cross tabular analysis, regression and correlation, and related inferential statistics.  
**Prerequisite:** Sociology 201 or consent of the Department.  
**Note:** Credit towards degree requirements will be given for only one of Anthropology 307, Applied Psychology 301/303, Engineering 319, Political Science 399, Psychology 312, Sociology 311/315, Statistics 201/211, 213/217, 333, 357; that one being a course appropriate to the degree program.

**Sociology 313**  
*Introductory Social Research Methods*  
Research processes including problem definition, data collection and analyses; quantitative and qualitative strategies. Students are expected to acquire skills through doing research.  
**Prerequisite:** Sociology 201 or consent of the Department.

**Sociology 315**  
*Introductory Social Statistics II*  
Introduction to multivariate analysis for sociological research, including multivariate tabular analysis, multiple regression and correlation, and structural equation models.  
**Prerequisite:** Sociology 311 or consent of the Department.

**Sociology 321**  
*Medical Sociology*  
Medical institutions and professionalization, social attitudes toward illness and care, and how society structures the “sick role.”  
**Prerequisite:** Sociology 201 or consent of the Department.

**Sociology 325**  
*Introduction to Deviance and Social Control*  
Systematic analysis of theories of deviant, delinquent and criminal behaviours and the social responses to them.  
**Prerequisite:** Sociology 201 or consent of the Department.

**Sociology 331**  
*Classical Sociological Theory*  
The development of sociological theory from the nineteenth century to the Second World War.  
**Prerequisite:** Sociology 201 or consent of the Department.

**Sociology 333**  
*Contemporary Sociological Theory*  
The development of sociological theory from the Second World War to the present.  
**Prerequisite:** Sociology 331 or consent of the Department.

**Sociology 341**  
*Social Psychology*  
The study of individual and group behaviour observed in social processes.  
**Prerequisite:** Sociology 201 or consent of the Department.  
**Note:** Not open to students with credit in Psychology 345.

**Sociology 345**  
*Mass Communication*  
The analysis of socio-psychological effects of mass media of communication, radio, television, movies, comic books, etc.  
**Prerequisite:** Sociology 201 or consent of the Department.

**Sociology 353**  
*Urban Sociology*  
Institutional and ecological factors in the social life of cities.  
**Prerequisite:** Sociology 201 or consent of the Department.

**Sociology 355**  
*Population and Society*  
The study of population structure (size, composition, distribution) and process (fertility, mortality, migration); its relation to society, including world population problems.  
**Prerequisite:** Sociology 201 or consent of the Department.

**Sociology 365**  
*Social Stratification*  
An introduction to theories of social stratification and different types of social stratification systems.  
**Prerequisite:** Sociology 201 or consent of the Department.

**Sociology 367**  
*Ethnicity in Social Organizations in Canada*  
Impact of racial, ethnic, and linguistic heterogeneity and of various patterns of immigration on economic, political, social and cultural institutions.  
**Prerequisite:** Sociology 201 or consent of the Department.

**Sociology 369**  
*Political Sociology*  
An introduction to the study of the social bases of political institutions and practices, and of the impact of these institutions and practices on society.  
**Prerequisite:** Sociology 201 or consent of the Department.

**Sociology 371**  
*Sociology of Families*  
Structure and functions of the family, family systems, sociology of family life stages (such as childhood, adolescence, adulthood, old age), contemporary trends and problems of the family.  
**Prerequisite:** Sociology 201 or consent of the Department.

**Sociology 373**  
*Sociology of Aging*  
Social and institutional factors associated with aging in modern society.  
**Prerequisite:** Sociology 201 or consent of the Department.

**Sociology 375**  
*Theories and Patterns of Ethnic Relations*  
A sociological introduction to the forms and dynamics of relations among ethnic groups around the world. Such concepts as prejudice, racism, assimilation, pluralism, and de-colonization are examined in theoretical and cross-national contexts.  
**Prerequisite:** Sociology 201 or consent of the Department.

**Sociology 377**  
*Sociology of Religion*  
An introduction to the theories and concepts utilized by sociologists to interpret religious behaviour and the organization of religion.  
**Prerequisite:** Sociology 201 or consent of the Department.

**Sociology 393**  
*The Sociology of Work*  
A sociological analysis of the nature and meaning of work; economic, social, cultural and institutional factors associated with work; the effects of changing technology on work in industrial and post-industrial societies.  
**Prerequisite:** Sociology 201 or consent of the Department.

**Sociology 399**  
*Sociology of Sport*  
Organized around the theme of social problems in sport, this course examines sports-related behaviour, consumption, and sponsorship. A variety of approaches shows how sport is socially constructed and embodies different meanings for different groups of people.  
**Prerequisite:** Sociology 201 or consent of the Department.
Courses of Instruction

Sociology 400  F(3S-0)
Honours Thesis
Research project under the direction of a member of the Department. Required of, and open only to, fourth year honours Sociology students.
Prerequisite: Consult Department for assignment to faculty member.

Sociology 401  H(3-0)
Special Topics in Sociology
Selected themes as announced by the Department.
Prerequisites: Sociology 313, 331 and 333 are recommended. Consult Department for specific course topics.
MAY BE REPEATED FOR CREDIT

Sociology 403  H(3-0)
Special Topics in Gender Relations
Selected themes and issues in the sociology of gender relations as announced by the Department.
Prerequisites: Sociology 303 and 313: or consent of the Department. Sociology 331 and 333 are recommended.
MAY BE REPEATED FOR CREDIT

Sociology 405  H(3-0)
Special Topics in Canadian Social Structure
A macro-level examination of Canadian social structure including a socio-developmental analysis of selected Canadian institutions such as bilingualism, regionalism, multiculturalism, multinational corporations, and ethnic stratification. Critical examination of sociological models for the study of Canadian society.
Prerequisite: Sociology 313 or consent of the Department. Sociology 331 and 333 are recommended.

Sociology 411 (formerly Sociology 401.02)  H(3-0)
Graphic Presentation of Sociological Data
Methods of graphic presentation and data analysis techniques using secondary data sources particularly the Canadian censuses, vital statistics and immigration data.
Prerequisites: Sociology 313 and 315 or consent of the Department.

Sociology 413  H(3-0)
Qualitative Research Methods
Research methods such as participant observation, naturalistic observation, interviewing, nonreactive techniques, and life histories, and methodological issues such as gaining access to subjects, and issues pertaining to the ethics of research.
Prerequisite: Sociology 313 or consent of the Department. Sociology 331 and 333 are recommended.

Sociology 415  H(3-0)
Sociological Analysis of Survey Data
Methodological and substantive issues in the creation and utilization of social surveys and their role in testing theories and informing social policies.
Prerequisites: Sociology 313 and 315 or consent of the Department.
Note: Not open to students with credit in Sociology 401.05.

Sociology 421  H(3-0)
Advanced Topics in Deviance and Criminology
Advanced study of contemporary issues in the research in deviance and crime.
Prerequisites: Sociology 325 and 313; or consent of the Department. Sociology 331 and 333 are recommended.
Note: May be used for credit toward the concentration in Criminology, Deviance and Social Control a maximum of twice.
MAY BE REPEATED FOR CREDIT

Sociology 423  H(3-0)
The Sociology of Youth Crime
Explanations of the criminal activities of young people including an assessment of treatment strategies and legal regimes developed in response to this behaviour.
Prerequisites: Sociology 325 and 313; or consent of the Department. Sociology 331 and 333 are recommended.

Sociology 425  H(3-0)
The Sociology of Violence
An exploration of violence in a variety of situations and social institutions and more general patterns of victimization in contemporary society.
Prerequisites: Sociology 313 and 325; or consent of the Department.

Sociology 427  H(3-0)
The Social Organization of Criminal Justice
Comparative social organization of the criminal justice system from a sociological perspective; special attention to and analysis of the structure of the Canadian criminal justice system.
Prerequisites: Sociology 325 and 313; or consent of the Department.

Sociology 429  H(3-0)
The Sociology of Law
Sociological problems regarding the origin, impact and definition of law, dispute resolution, and the relationship between law and social change.
Prerequisites: Sociology 325 and 313; or consent of the Department. Sociology 331 and 333 are recommended.

Sociology 435  H(3-0)
The Sociology of Knowledge
The study of knowledge as a social practice; theories of knowledge, representation and interpretation; practical knowledge in everyday life; the role of organized knowledge in social domains such as science, biomedicine, bureaucracy, social service administration and professional occupations.
Prerequisites: Sociology 331 and 333 or equivalents; or consent of the Department. Sociology 315 is recommended.

Sociology 439  H(3-0)
The Construction of Sociological Theory
Discussion of existing approaches to theory construction - e.g., classical, grounded theory, concept formation, hypothesis construction. Propositional inventories and causal modelling will also be examined through analysis of examples of explanations in the social sciences.

Prerequisites: Sociology 313 and either 331 or 333; or consent of the Department.

Sociology 441  H(3-3)
Social Interaction and Group Dynamics
Investigates the interplay between interpersonal interaction and group processes. Uses interdisciplinary concepts to establish sociological connections between ongoing behaviour in the group and personal experience.
Prerequisite: Sociology 313 or consent of the Department. Sociology 333 is recommended.

Sociology 443  H(3-0)
Special Topics in Social Psychology
An advanced study of social processes and interactions of persons in groups with some methodological considerations.
Prerequisites: Sociology 341 and 313; or consent of the Department. Sociology 331 and 333 are recommended.

Sociology 445  H(3-0)
Special Topics in Urban Sociology
Critical analysis of theories of urban institutional and ecological characteristics. Emphasis is on comparative data derived from a sample of world cities.
Prerequisites: Sociology 313 and 363; or consent of the Department. Sociology 331 and 333 are recommended.

Sociology 451  H(3-0)
Worker Movements and Labour Unions
A social movement perspective on working class struggle and accommodation in capitalist societies. Historical and contemporary movements will be considered, with an emphasis on Canada.
Prerequisites: Sociology 313 and one of 331/333, 365 or 389; or consent of the Department.

Sociology 467  H(3-0)
Ethnic Relations in Canada
An introduction to the structure and form of ethnic (racial) group relations in Canada. Contemporary relations will be analysed from a historical perspective.
Prerequisite: Sociology 313 or consent of the Department. Sociology 331 and 333 are recommended.

Sociology 471  H(3-0)
Special Topics in the Sociology of Families
Selected themes and issues in the sociology of families as announced by the Department.
Prerequisites: Sociology 371 and 313; or consent of the Department. Sociology 331 and 333 are recommended.
MAY BE REPEATED FOR CREDIT

Sociology 475  H(3-0)
Special Topics in Race and Ethnic Relations
Advanced analysis of selected themes and issues in race and ethnic relations within the framework of theory and research.
Prerequisites: Sociology 313 and either 367 or 375 or consent of the Department. Sociology 331 and 333 are recommended.
Note: May be used for credit toward the concentr-
### Courses of Instruction

**Software Engineering**

In addition to Ethnicity, Population and Canadian Society a maximum of twice.

**MAY BE REPEATED FOR CREDIT**

### Software Engineering SENG

Instruction offered by members of the Department of Computer Science in the Faculty of Science and the Department of Electrical and Computer Engineering in the Faculty of Engineering.

Computer Science Department Head - K. Barker

Electrical and Computer Engineering Department Head - J. Leon

Registration in each course requires the consent of the Department teaching the course.

### Senior Courses

**Principles of Software Engineering**

Introduction to software development problems and to the processes and methods used to address them. Software life cycle models. Goals and methods for requirements analysis and specification, software design, implementation, integration and testing of software. An introduction to one or more informal methods (focusing on object-oriented approaches) currently in widespread use. Techniques are applied in a team project. Sociology 375 or consent of the Department.

**Note:** Not open to students with credit in Computer Science 331.
Courses of Instruction

Software Engineering 411 H(3-3T)
Human and Organizational Aspects in Software Engineering
Addresses the human and organizational aspects of software development. Topics will include requirements engineering techniques, formal specifications, human factors, software documentation and manuals, software project management, social, ethical, and professional issues. Emphasizes a large-group project.
Prerequisite: Software Engineering 311 or Computer Science 333.
Note: Not open to students with credit in Computer Science 451.

Software Engineering 421 H(3-2T)
Software Metrics
The theory of measurement, experimental design, software metrics collection, statistics for analyzing measurement data, software size and software structure, resource measurement, prediction of software characteristics, planning software measurement, software quality and reliability.
Prerequisite: Software Engineering 311 or Computer Science 333.

Software Engineering 443 H(3-2T)
Software Architectures
Software architecture, architectural styles, design patterns, software components and reuse, frameworks, distributed system design.
Corequisite: Software Engineering 311 or Computer Science 333.

Software Engineering 501 H(3-2)
Advanced Topics in Software Engineering
Aspects of the next generation of software development methods, techniques, and tools. Topics will change as technology changes.
Prerequisite: Consent of the Department.
Note: Consult Department (Computer Science or Electrical and Computer Engineering) for details regarding offerings in the upcoming academic year.
MAY BE REPEATED FOR CREDIT

Software Engineering 511 H(3-2T)
Software Process Improvement
Software processes, the Capability Maturity Model, ISO 9000, SPICE, Total Quality Management, inspection and reviews, software testing, configuration and change management, process modelling, process support systems, experience management and experience bases.
Prerequisites: Software Engineering 421 and one of Software Engineering 411 or Computer Science 451.

Software Engineering 513 H(3-2T)
Web-Based Systems
An overview of software engineering methods and technologies for developing web-based software systems.
Prerequisite: Software Engineering 411 or Computer Science 451.
Corequisite: Computer Science 471.

Software Engineering 521 H(3-2T)
Software Reliability and Testing
Principles of reliability, software reliability models, techniques to improve and predict reliability, software testing, quality assurance, Cleanroom development.
Prerequisite: Software Engineering 421.

Software Engineering 523 H(3-2T)
Formal Methods
Software specification using a mathematically rigorous approach, formal methods concepts, formal specification languages, algebraic and model-based specification, verification and validation.
Prerequisites: Software Engineering 411 or Computer Science 451; and Philosophy 279 or 377.

Software Engineering 531 H(3-2T)
Software Evolution
Introduction to state-of-the-art methods in software evolution and maintenance. Topics will be drawn from areas such as design principles, usability vs. usefulness, empirical background, improving modularization, program comprehension, static and dynamic analyses, visualization, reverse engineering, restructuring, refactoring.
Prerequisite: Software Engineering 443.

Graduate Courses

Software Engineering 607 H(3-1)
Special Topics in Software Engineering
A study of problems of particular interest to students specializing in Software Engineering.
Note: Consult Department (Computer Science or Electrical and Computer Engineering) for details regarding offerings in the upcoming academic year.
MAY BE REPEATED FOR CREDIT

Software Engineering 609 Q(3-1)
Special Topics in Software Engineering
A study of problems of particular interest to students specializing in Software Engineering.
Note: Consult Department (Computer Science or Electrical and Computer Engineering) for details regarding offerings in the upcoming academic year.
MAY BE REPEATED FOR CREDIT

Software Engineering 611 Q(3-1)
Requirements Engineering I
The elicitation, modelling, expression, and validation of requirements.

Software Engineering 613 Q(3-1)
Requirements Engineering II
Applications of requirements engineering to the management of the lifecycle of software development from requirements elicitation through analysis, design, coding, testing, enhancement and reuse.
Prerequisite: Software Engineering 611.

Software Engineering 621 Q(3-1)
Software Process Management
Analysis of software process maturity models from repeatability, through definition and management, to optimization.

Software Engineering 623 Q(3-2)
Software Quality Management
Analysis of applicable quality, measures for software processes, the role of reviews, metrics and tools for the automatic derivation of quantitative measures.
Prerequisite: Software Engineering 621.

Software Engineering 625 Q(3-1)
Software Engineering Decision Making
Provides methodological foundations of software engineering decision-making and how to apply them to make better decisions about processes, products, and resources as well as for selection of tools and techniques.

Software Engineering 631 Q(3-2)
Introduction to Dependability in Computing Systems
Principles of hardware and software dependability techniques. Topics include: Faults, errors and failures, probability measures of reliability, availability, MTTF, assessment methods, mechanisms to improve and analyze the dependability of a system, structural view of systems for high availability.
Note: Students are expected to have a background in elementary probability theory.

Software Engineering 633 Q(3-2)
Software Fault Tolerance Techniques
Strategies, methods and techniques to tolerate faults that remain in the code after testing, verification and validation. Perspectives on high availability/reliability software systems using fault tolerance techniques.
Prerequisite: Software Engineering 631.

Software Engineering 635 Q(3-2)
Software Reliability and Testing
Introduces software reliability growth models and shows techniques to improve and predict software reliability. The principles of software testing, black box testing, white box testing, unit testing, system testing, and integration testing will be explained.
Prerequisite: Software Engineering 631.

Software Engineering 651 H(3S-0)
Half-Course Project
A project in either software development or software best practice and experience.
Note: Credit for both Software Engineering 651 and 652 will not be allowed.
Note: This course is only available to students registered in the course-based MSc in Computer Science with the Software Engineering Specialization.
Note: Students should register for this course in the semester when they will complete it.

Software Engineering 652 F(3S-0)
Full-Course Project
A project in either software development or software best practice and experience.
Note: Credit for both Software Engineering 652 and 651 or Electrical Engineering 698 will not be allowed.
Note: This course is only available to students registered in the course-based MSc in Computer Science with the Software Engineering Specialization or to MEng students with a specialization in Software Engineering.
Note: Students should register for this course in the semester when they will complete it.
Software Engineering 693  Q(3S-0)

Trends in Software Engineering
Recent developments in various areas in software engineering.

Software Engineering 695  H(3-1)

Software Engineering for Internet Applications
Methods and techniques that support the development of Internet-based applications. Life cycle models for developing Internet-based applications, advanced software technologies for Internet applications (e.g., distributed object systems, application servers, web technologies), quality assurance for web applications, design and code inspections.

Software Engineering for Engineers (formerly Electrical Engineering 519.03)
Instruction offered by members of the Department of Electrical and Computer Engineering in the Faculty of Engineering. 
Department Head - L.J. Leon
Associate Heads - S.A. Norman (Undergraduate), A. Sesay (Graduate)
Director of Undergraduate Program for Electrical Engineering - W. Rosehart
Director of Undergraduate Program for Computer Engineering - S.A. Norman
Director of Undergraduate Program for Software Engineering - M. Moussavi
Software Engineering for Engineers 007  H(20 hours)

Software Engineering Fourth-Year Block Course
This block course is intended to provide the necessary background material to prepare students for the fourth year Team Design Project. Topics covered include: personal responsibilities and interpersonal relationships involved in a team project; team projects from a current industrial perspective; tools to automate project management, e.g., PERT charts, critical path analysis, resource management, report generation and project tracking. 
Prerequisite: Fourth year standing in the Department of Electrical and Computer Engineering. 
NOT INCLUDED IN GPA

Senior Courses
Software Engineering for Engineers 519  H(3-2)
Special Topics in Software Engineering
Current topics in software engineering. 
Prerequisite: Consent of the Department. 
Note: Consult Department for announcement of topics. 
MAY BE REPEATED FOR CREDIT

Software Engineering for Engineers 582  H(2-4) (formerly Electrical Engineering 519.03)
Fourth Year Software Engineering Team Design Project, Part A
Introduction to the theory, experience and practice of project management. Theory includes generally accepted project management principles, the structure of both project and team, together with ancillary topics that commonly affect project outcome. The experience is gained from a series of guest lectures by industrial practitioners with engineering background. The practice is obtained through the performance of a “customer suggested” team project through the stages of project requirement and specification analysis, high level and detailed low level designs. The project is executed, and progress measured against a plan developed by the team participants. 
Prerequisite: Software Engineering for Engineers 007.

Software Engineering for Engineers 589  H(2-4) (formerly Electrical Engineering 519.04)
Fourth Year Software Engineering Team Design Project, Part B
Continues upon the foundations of theory, experience and practice of project management established in Part A. The detailed low-level project design developed by the team in Part A will be implemented, unit tested, integrated and system tested before undergoing customer trials. The project is executed and progress is measured against a plan developed by the participants. 
Prerequisite: Software Engineering for Engineers 583. 
Note: Software Engineering for Engineers 507, 583 and 589 are a required three-course sequence that shall be completed in the same academic year.

Software Engineering for Engineers 591  H(2-4)
Individual Software Engineering Project, Part II
This individual project is intended for students who have completed a suitable Software Engineering 599 Individual Project and wish to continue the assigned research project by completing a more extensive investigation. A comprehensive written report is required which is defended and presented orally in a department seminar. 
Prerequisite: Software Engineering for Engineers 599 and formal approval from the project supervisor and course coordinator(s). 

Software Engineering for Engineers 598  F(4-2)
Individual Software Engineering Research Project
The project involves individual work on an assigned Software Engineering research topic under the supervision of a Departmental faculty member. Submission and defense of a mid-year written report is required. A final comprehensive written report is required which is defended and presented orally in a departmental seminar format. 
Prerequisite: Fourth year standing and formal approval from the project supervisor and course coordinator(s). 
Note: Credit for both Software Engineering for Engineers 598 and either 591 or 599 will not be allowed.

Software Engineering for Engineers 599  H(2-4)
Individual Software Engineering Project
This project involves individual work on an assigned Software Engineering topic under the supervision of a faculty member. The topic would normally involve a literature review, theoretical and experimental or computer work. Submission and defence of a written formal report is required. 
Prerequisite: Formal approvals from the project supervisor and course coordinator(s). 

South Asian Studies (formerly East Asian Studies)
Understanding South Asia
The roots of ancient civilization; society, resources and environment; racial, ethnic and cultural diversities; philosophic and religious traditions; arts and aesthetics; historical bases of tradition and modernity; role of education in social development; ideological differences and economic development. Primary focus on India, Sri Lanka, Pakistan, Bangladesh, Bhutan and Nepal. 
Prerequisite: South Asian Studies 315 or consent of the Faculty.

Space Physics (formerly Space Physics 677)
Physics of the Upper Atmosphere
The processes which affect the neutral upper atmosphere. Topics will include the structure and composition of the earth’s atmosphere, photochemical reactions, diffusion, circulation, radiative transfer, and measurement techniques. 
Prerequisite: Consent of the Department.

Graduate Courses
Space Physics 671  H(3-0) (formerly Physics 671)
Physics of the Magnetosphere
Physics of the interaction between the earth’s magnetic field and the fields and plasmas of the surrounding interplanetary environment. Topics include magnetic field models and coordinate systems, reconnection, current flow in the magnetosphere, storms, and particle acceleration. 
Note: It is expected that a student’s background will include Physics 509 and 555 or equivalent.

### Space Physics 673

**Waves and Instabilities in Plasmas**

An introduction to the observations and theory of wave phenomena in space plasmas. Topics include dispersion relations for waves in both magnetized and unmagnetized plasmas, various kinetic and MHD instabilities, Alfvén waves, and effects of inhomogeneous plasmas.

**Note:** It is expected that a student’s background will include Physics 457 and 509 or equivalent.

### Spanish Courses

Instruction offered by members of the Department of French, Italian and Spanish in the Faculty of Humanities.

**Department Head - R. Schmidt**

Students are encouraged at all times to seek Departmental guidance in planning any aspect of their programs. Upon admission to the Major in Spanish each student will be assigned a departmental advisor who will assist with program planning and course selection.

French, Italian and Spanish-speaking students or students with more than matriculation in these languages (including graduates of a bilingual or immersion program) MUST consult the Department to be placed in a course corresponding to their ability. Native speakers are not eligible to take language courses by special assessment or to receive advanced credit for them.

To register in Senior Courses (300 level and above), students must have completed Spanish 203 or have obtained the consent of the Department. Not all Senior Courses are offered every year. Current course offerings are listed in the Master Timetable.

**Note:** All university-level prerequisites for Spanish language courses (specifically Spanish 203, 301, 303, 321, 323, 405, 407, 505) must be met with a grade of “C-” or better.

### Department Notes

- **Consent of the Department:** Not all Senior Courses are offered every year. Current course offerings are listed in the Master Timetable.
- **Not open to students with credit in:** Spanish 30 or in any University Spanish course other than Spanish 235. May not be counted towards a Minor, Major or Honours in Spanish.
- **Not included in GPA:** Spanish 201, 203, 235, 301, 303, 321, 323, 405, 407, 505.
cinema to popular culture, relations of cinema and literature, etc.). Use of contemporary theories of cinematographic expression. Format and content of course may vary from year to year.

**Prerequisites:** Spanish 303, 321 and 323 or consent of the Department.

**Spanish 473**  
**Hispanic Cultures**

Overview of Hispanic history, literature and art. Use of essays, journalism, films and electronic media for classroom discussion. Format and content of course may vary from year to year.

**Prerequisites:** Spanish 303, 321 and 323 or consent of the Department.

**MAY BE REPEATED FOR CREDIT**

**Spanish 475**  
**Topics in Spanish Language**

Topics in Spanish phonology, dialectology, and other general aspects of the Spanish language. Format and content of course may vary from year to year.

**Prerequisites:** Spanish 303, 321 and 323 or consent of the Department.

**Spanish 481**  
**Spanish Literature and Culture from the 18th Century to the Spanish Civil War**

Survey of major works and cultural movements from the 18th century to the early 20th century. Focus on reading and analytical skills. Format and content of the course may vary from year to year.

**Prerequisites:** Spanish 303, 321 and 323 or consent of the Department.

**MAY BE REPEATED FOR CREDIT**

**Spanish 499**  
**General Topics in Hispanic Studies**

Discussion of selected topics in Hispanic language, literature or culture. 

**Prerequisites:** Spanish 303, 321 and 323 or consent of the Department.

**MAY BE REPEATED FOR CREDIT**

**Spanish 505**  
(for formerly Spanish 521)

**Advanced Spanish**

Advanced course in Spanish language and culture with particular emphasis on composition, vocabulary building and linguistic accuracy. Includes a capstone interdisciplinary project to link the knowledge and skills learned from concentrations outside the Major (either another Major, a Minor, or a Micro-focus) with those learned in the Major (Spanish). 

**Prerequisites:** Spanish 405 (or 401), 407 (or 403), 421 and 423 or consent of the Department.

**Spanish 523**  
**Translation**

Introduction to the theory and practice of translation from Spanish into English and from English into Spanish. Format and content of course may vary from year to year to include other languages in addition to English.

**Prerequisites:** Spanish 405 (or 401), 407 (or 403), 421, 423 and Romance Studies 409 or consent of the Department.

**Spanish 533**  
**Uses of Spanish as a Second Language**

Introduction to basic issues related to the teaching of Spanish as a second language. In special circumstances the theoretical component may be taught in English. The practical component may vary.

**Prerequisites:** Spanish 405 (or 401), 407 (or 403), 421 and 423 and consent of the Department.

**Spanish 555**  
**Spanish American Literature after 1900**

Study of the major movements and authors of the twentieth century. Format and content of course may vary from year to year.

**Prerequisites:** Spanish 405 (or 401), 407 (or 403), 421 and 423 or consent of the Department.

**Spanish 557**  
**Current Trends in Hispanic Studies**

In-depth study of literary and cultural issues which could include marginalization, identity, nationalism, the emergence of silenced voices, or other new developments. Format and content of course may vary from year to year.

**Prerequisites:** Spanish 405 (or 401), 407 (or 403), 421 and 423 or consent of the Department.

**Spanish 565**  
**Medieval and Golden Age Literature**

Representative works of literature in the Spanish language from the 10th to the 17th centuries. Format and content of course may vary from year to year.

**Prerequisites:** Spanish 405 (or 401), 407 (or 403), 421 and 423 or consent of the Department.

**Note:** Not open to students with credit in Spanish 561 or 563.

**Spanish 571**  
**Art and Literature**

Study of the interrelations of the visual arts and literature, using as its reference Hispanic literary texts and works of art. Format and content of course may vary from year to year.

**Prerequisites:** Spanish 405 (or 401), 407 (or 403), 421 and 423 or consent of the Department.

**Spanish 583**  
**Spanish Literature and Culture from the Spanish Civil War to the Present**

Interdisciplinary course stressing the relationship between various cultural manifestations and their sociopolitical background. Format and content of course may vary from year to year.

**Prerequisites:** Spanish 405 (or 401), 407 (or 403), 421 and 423 or consent of the Department.

**Spanish 593**  
**Literary Theory**

An introduction to modern literary theory and its various schools of thought, with application to works of Hispanic literature.

**Prerequisites:** Spanish 405 (or 401), 407 (or 403), 421 and 423 or consent of the Department.

**Spanish 595**  
**Research Methodology**

Refinement of research skills. Preparation of specialized bibliographies. Writing of summaries and research proposals in accordance with current scholarly practice. Appropriate use of technology and electronic resources.

**Prerequisites:** Spanish 405 (or 401), 407 (or 403), 421, 423, and 593 and consent of the Department.

**Note:** Restricted to Spanish Honours students.

**Spanish 597**  
**Honours Thesis**

**Prerequisites:** Spanish 593 and 595 or consent of the Department.

**Note:** Restricted to Spanish Honours students.

**Spanish 599**  
(for formerly Spanish 591)

**Advanced Topics in Hispanic Studies**

A specialized course for advanced students. Course may function as a seminar or as a directed readings course.

**Prerequisites:** Spanish 405 (or 401), 407 (or 403), 421 and 423 or consent of the Department.

**MAY BE REPEATED FOR CREDIT**

**Graduate Courses**

(Note: The Department will give graduate credit for 500-level courses in cases it deems exceptional. This option is subject to the approval of the Department. Graduate students taking a 500-level course for graduate credit will be asked to complete additional requirements.)

**Spanish 601**  
**Literary and Cultural Theory**

**MAY BE REPEATED FOR CREDIT**

**Spanish 613**  
**Critical Analysis of Medieval Texts**

**MAY BE REPEATED FOR CREDIT**

**Spanish 615**  
**Golden Age Literature**

**MAY BE REPEATED FOR CREDIT**

**Spanish 617**  
**Theatre and Performance in the 19th or 20th Centuries**

**MAY BE REPEATED FOR CREDIT**

**Spanish 619**  
**Post-Franco Literature, Art and Film**

**MAY BE REPEATED FOR CREDIT**

**Spanish 621**  
**Art, Film and Literature in the Spanish Avant-Garde**

**MAY BE REPEATED FOR CREDIT**

**Spanish 623**  
**20th Century Spanish American Literature**

**MAY BE REPEATED FOR CREDIT**

**Spanish 625**  
**Avant-Garde Movements in Spanish America**

**MAY BE REPEATED FOR CREDIT**
Courses of Instruction

Spanish 631  H(3-0)
*Popular Culture*

**MAY BE REPEATED FOR CREDIT**

Spanish 633  H(3-0)
*Writings in Exile*

Spanish 635  H(3-0)
*Literature and the Visual Arts in Hispanic Culture*

**MAY BE REPEATED FOR CREDIT**

Spanish 637  H(3-0)
*Identities and Post-Colonial Voices*

**MAY BE REPEATED FOR CREDIT**

Spanish 639  H(3-0)
*Hispanic Female Voices*

Spanish 641  H(3-0)
*Hispanic Cinema*

**MAY BE REPEATED FOR CREDIT**

Spanish 643  H(3-0)
*Special Topics in Hispanic Culture, Language or Literature*

**MAY BE REPEATED FOR CREDIT**

Statistics 211  H(3-1T)
*Concepts of Statistics*

The systematic treatment of fundamental statistical ideas culminating in the discussion of parameter estimation and hypotheses testing.

**Prerequisite:** Mathematics 30 or Pure Mathematics 30 or Mathematics II (offered by Continuing Education).

**Note:** See the statements regarding credit which appear at the beginning of the Statistics course listings.

Statistics 213  H(3-2)
*Introduction to Statistics I*

Collection and presentation of data, introduction to probability, including Bayes’ law, expectations and distributions. Properties of the normal curve. Introduction to estimation and hypothesis testing.

**Prerequisite:** Mathematics 30 or Pure Mathematics 30 or Mathematics II (offered by Continuing Education).

**Note:** See the statements regarding credit which appear at the beginning of the Statistics course listings.

**Statistics 217  H(3-2)**
*Introduction to Statistics II*

**Prerequisite:** Statistics 213 or consent of the Division.

**Note:** See the statements regarding credit which appear at the beginning of the Statistics course listings.

**Statistics 227  H(3-2)**
*Introduction to Statistics III*

Introduction to basic simulation methods.

**Prerequisite:** Mathematics 311 and Mathematics 323, Psychology 312, Sociology 311, Applied Psychology 301, Engineering 319, Mathematics 321 or any Statistics course, or consent of the Division.

**Note:** Credit for both Statistics 227 (Pure Mathematics 227) and Statistics 421 will not be allowed.

**Statistics 237  H(3-1)**
*Environmental Statistics*

**Prerequisite:** Mathematics 249 or 251.

**Statistics 333  H(3-3)**
*Statistics for the Life Sciences*

Explorative data analysis, relationships between variables, elementary probability, random variables, statistical inference, application of statistical methods to medical and biological problems.

**Prerequisite:** Mathematics 30 or Pure Mathematics 30 or Mathematics II (offered by Continuing Education).

**Note:** See the statements regarding credit which appear at the beginning of the Statistics course listings.

**Statistics 357  H(3-1T)**
*Statistics for the Physical Sciences*

Introduction to the basic notions of probability, including Bayes’ Law. Discrete and continuous distributions and their generating functions. Point estimates and confidence intervals. Regression analysis. Acceptance sampling plans. Error analysis.

**Prerequisite:** Mathematics 251 or 249.

**Note:** See the statements regarding credit which appear at the beginning of the Statistics course listings.

**Statistics 407  H(3-1T)**
*Applied Probability*

**Prerequisite:** Mathematics 321.

**Statistics 409  H(3-0)**
*Theoretical Probability*

Elementary measure theory, zero-one laws, weak and strong laws of large numbers, characteristic functions, central limit theorems and infinitely divisible distributions.

**Prerequisite:** Mathematics 323.

**Statistics 419  H(3-0)**
*(Pure Mathematics 419)*
*Information Theory and Error Control Codes*

Information sources, entropy, channel capacity, development of Shannon’s theorems, development of a variety of codes including error correcting and detecting codes.

**Prerequisites:** Mathematics 311 and Mathematics 321 or any Statistics course, or consent of the Division.

**Note:** See the statements regarding credit which appear at the beginning of the Statistics course listings.

**Statistics 421  H(3-1T)**
*Mathematical Statistics*

**Prerequisite:** Mathematics 323.

**Statistics 423  H(3-1T)**
*Sampling Theory of Surveys*

**Prerequisite:** Any one of Statistics 217, 333, 357, Applied Psychology 301, Engineering 319, Mathematics 323, Psychology 312, Sociology 311, 312 or consent of the Division.

**Statistics 425  H(3-1T)**
*Experimental Design*

The objective and structure of an experiment, cause and effect, randomization, the estimation of error,
replication, interaction, confounding. Using a computer as an aid in the analysis.

**Prerequisite:** Any one of Statistics 217 333, 357, Applied Psychology 301, Engineering 319, Mathematics 323, Psychology 312, Sociology 311, 312 or consent of the Division.

---

### Statistics 429 H(3-1T)

**Applied Regression Analysis**

**Prerequisite:** Mathematics 323.

**Note:** Credit for both Statistics 429 and 431 will not be allowed.

---

### Statistics 433 H(3-1T)

**Survival Models**

Nature and properties of survival models; methods of estimating tabular models from both complete and incomplete data samples including actuarial, moment and maximum likelihood techniques; estimations of life tables from general population data.

**Prerequisites:** Mathematics 323, Actuarial Science 327.

---

### Statistics 437 H(3-1T)

**Risk Theory**

Economics of insurance; individual risk models for short term; collective risk models for single period; collective risk models over an extended period; application of risk theory to insurance.

**Prerequisite:** Mathematics 323.

---

### Statistics 505 H(3-1T)

**Time Series Analysis**

Trend fitting, auto-regressive schemes, moving average models, periodograms, second-order stationary processes, ARCH models, statistical software for time series. Additional topics may include Bayesian analysis, spectral theory, Kalman filtering.

**Prerequisite:** Statistics 429 or consent of the Division.

---

### Statistics 509 H(3-0)

**Operations Research**

Topics selected from: decision analysis, linear programming, dynamic programming, integer programming, probabilistic models of queues and inventories, project scheduling, systems reliability.

**Prerequisite:** Mathematics 323 or consent of the Division.

**Note:** Credit for both Statistics 509 and Actuarial Science 435 will not be allowed.

---

### Statistics 513 Q(1.5-0)

**Practice of Statistics I**

**Prerequisite or Corequisite:** Statistics 429.

**Note:** Credit for both Statistics 511 and 513 will not be allowed.

---

### Statistics 515 Q(1.5-0)

**Practice of Statistics II**

A continuation of Statistics 513.

**Prerequisite:** Statistics 513.

**Note:** Credit for both Statistics 511 and 515 will not be allowed.

---

### Statistics 519 H(3-0)

**Bayesian Statistics**

Fundamentals of Bayesian inference, single and multiparameter models, hierarchical models, regression models, generalized linear models, advanced computational methods, Markov chain Monte Carlo.

**Prerequisite:** Mathematics 323 or consent of the Division.

**Note:** Statistics 421 is recommended.

---

### Statistics 523 H(3-0)

**Nonparametric Statistics**

**Prerequisite or Corequisite:** Mathematics 323 or consent of the Division.

**Note:** May not be offered every year. Consult the department for listings.

---

### Statistics 525 H(3-1)

**Multivariate Analysis**

**Prerequisite:** Statistics 421 or consent of the Division.

**Note:** May not be offered every year. Consult the department for listings.

---

### Statistics 529 H(3-1)

**Special Topics in Applied Statistics**

Content of the course will vary from year to year. Consult the Statistics Division for information on choice of topics.

**Prerequisite:** Consent of the Division.

**MAY BE REPEATED FOR CREDIT**

---

### Statistics 531 H(3-1)

**Monte Carlo Methods and Statistical Computing**

Introduction to a variety of statistical languages and packages and introductory statistical programming in SPLUS, Pseudo-random variate generation. Bootstrapping, Variance reduction techniques. Computation of definite integrals. Model design and simulation, with applications.

**Prerequisite:** Mathematics 323 or consent of the Division.

---

### Statistics 532 H(3-0)

**Topics in Probability and Statistics**

The content of this course is decided from year to year in accordance with graduate student interest and instructor availability. Topics include but are not restricted to: Advanced Design of Experiments, Weak and Strong Approximation Theory, Asymptotic Statistical Methods, the Bootstrap and its Applications, Generalized Additive Models, Order Statistics and their Applications, Robust Statistics, Statistics for Spatial Data, Statistical Process Control, Time Series Models. **MAY BE REPEATED FOR CREDIT**

---

### Statistics 533 H(3-0)

**Bayesian Statistics**

Fundamentals of Bayesian inference, single and multiparameter models, hierarchical models, regression models, generalized linear models, advanced computational methods, Markov chain Monte Carlo.

**Note:** Lectures may run concurrently with Statistics 519.

---

### Statistics 5621 Q(2S-0)

**Research Seminar**

Reports on studies of the literature or of current research.

**Note:** All graduate students in Mathematics and Statistics are required to participate in one of Applied Mathematics 621, Pure Mathematics 621, Statistics 621 each semester. **MAY BE REPEATED FOR CREDIT**

---

### Statistics 623 H(3-0)

**Nonparametric Statistics**

**Note:** Lectures may run concurrently with Statistics 523.

---

### Statistics 625 H(3-0)

**Multivariate Analysis**

**Note:** Lectures may run concurrently with Statistics 525.

---

### Statistics 601 H(3-0)

**Computational Tools for Statistical Inference**

Topics include but are not restricted to selections from: Monte Carlo methods; the Bootstrap; the EM algorithm; data augmentation and imputation; Markov chain Monte Carlo methods.

---

### Statistics 633 H(3-0)

**Survival Models**

Advanced topics in survival models such as the product limit estimator, the cox proportional hazards model, time-dependent covariates, types of censorship.

### Senior Courses

- **Strategy and Global Management 559** (formerly Strategy and General Management 559)

### Selected Topics in Strategy and Global Management

- Examination of selected topics in Strategy and Global Management.

### Business Under Nafta

- Legal, political, economic and social considerations important to Canadian firms pursuing the US and/or Mexican markets, including the implications of the North-American Free Trade Agreement.

### Business with Japan

- An integrated approach to the cultural, governmental and structural factors influencing the conduct of business with Japan, whether as a supplier, customer, partner or investor.

### International Business

- Covers the concepts and knowledge base required to understand how foreign cultural, economic and political developments affect the strategies of firms involved in international trade and investment, as well as of firms often seen as principally domestic in orientation.

### Strategic Management

- Analysis of competitive situations from the general management point of view, including fit between key environmental forces and the firm’s resources, and changes in these over time. Formulating and implementing strategy based on that analysis. Developing and leveraging a firm's core competencies to gain long-term sustainable advantage.

---

**Strategic and Global Management**

Instruction offered by members of the Faculty of Social Sciences.

Graduate Coordinator - H. H. Herwig

**Graduate Courses**

Only where appropriate to a student’s program may graduate credit be received for courses numbered 500-599.
Graduate Courses

Strategy and Global Management 701  H(3-0)  (formerly Strategy and General Management 701)

Strategic Management I

The role of the CEO and other senior executives in formulating and implementing corporate strategies, and provides an overview of key strategic issues and topics. Covers such areas as industry analysis, executive leadership, corporate strategy, corporate diversification, strategic change, global strategy, mergers and acquisitions, and strategic implications of new technologies.

Prerequisite: Strategy and Global Management 701 or consent of the Haskayne School of Business.

Strategy and Global Management 725  H(3-0)  (formerly Strategy and General Management 725)

e-Strategy

The impact of internet technology on strategic management of large corporations. How the technology influences industry structure and how it drives companies' competitive strategies and their organizational structures and systems. Explores the implications for strategic leadership in organizations.

Corequisite: Management Information Systems 725.

Strategy and Global Management 751  H(3-0)

Strategic Management in the Global Energy Industry

Characteristics of the energy industry. Major strategic issues facing top management teams in corporations involved in oil and gas and power businesses and relevant strategic tools for addressing them. Industry structure, energy value chain, key players and their strategies, industry dynamics and trends, supply and demand, expansion, M&As, roles of governments, OPEC and international politics, Kyoto Protocol, major technological drivers, organization and top management leadership.

Corequisite: Strategy and Global Management 701.

Strategy and Global Management 775  H(3-0)  (formerly Strategy and General Management 775)

International Business Environment

The environment which influences international business activities including economic, legal, political and socio-cultural factors. Foreign direct investment in Canada will also be considered.

Seminar in Strategy and Global Management

Study and discussion of current research literature and contemporary issues on topics related to Strategy and Global Management in the private and/or the public sectors.

MAY BE REPEATED FOR CREDIT

Strategy and Global Management 799  H(3S-0)  (formerly Strategy and General Management 799)

Advanced Seminar in Strategy and Global Management

Prerequisite: Consent of the Haskayne School of Business.

MAY BE REPEATED FOR CREDIT

PhD Course

Strategy and Global Management 799  H(3S-0)

Doctoral Seminars in Strategy and Global Management

799.01. Survey of the Field
799.02. Corporate and Competitive Strategy
799.03. Current Topics in Strategic Management
799.04. Business Environment
799.05. Interorganizational Relationships: Creating and Managing Strategic Alliances

Term Abroad Program  TAP

Instruction offered by the University and individual Faculties depending on the topic(s) being covered.

Senior Courses

Term Abroad Program 201  H(3-0)

National Language I

Instruction in the Language (or one of the languages) of the country of residence as part of a Term Abroad Program.

Term Abroad Program 203  H(3-0)

National Language II

A continuation of Term Abroad Program 201.

Prerequisite: Term Abroad Program 201 or consent of the Faculty of Humanities.

Senior Courses

Term Abroad Program 301  H(3-0)

National Language Intermediate I

A continuation of Term Abroad Program 203.

Prerequisite: Term Abroad Program 203 or consent of the Faculty of Humanities.

Term Abroad Program 303  H(3-0)

National Language Intermediate II

A continuation of Term Abroad Program 301.

Prerequisite: Term Abroad Program 301 or consent of the Faculty of Humanities.

Tourism and Hospitality Management 419  H(3-0)

Managing Human Resources in Tourism and Hospitality Operations

Analysis of the human resource management problems involved in the delivery of hospitality and travel services including recruitment, selection, training and development, motivation, compensation, communication, unionism and labour market issues. Emphasis will be on the particular human resource challenges in hospitality and travel services, and the linkages between human resources strategy and overall business objectives.

Prerequisite: Third year standing.

Prerequisites or Corequisites: Human Resources and Organizational Dynamics 317 and Tourism and Hospitality Management 309 (Leisure, Tourism and Society 309); or consent of the Haskayne School of Business.

Tourism and Hospitality Management 429  H(3-0)

Tourism Marketing

Examination of the travel industry structure, the peculiarities of the tourism “product,” market trends, problems and prospects. Tourism demand, supply, and linking components are highlighted, with special emphasis on travel industry marketing in the broader community and regional marketing context and the integration of human resources management and marketing in service operations.

Prerequisites: Third year standing, Marketing 317 and Tourism and Hospitality Management 309 (Leisure, Tourism and Society 309); or consent of the Haskayne School of Business.

Note: Priority will be given to commerce students who have declared a concentration in Tourism and Hospitality Management. This course may also be used towards a joint concentration with Marketing.

Tourism and Hospitality Management 439  H(3-0)

Financial Management in Tourism and Hospitality

Application of principles of financial management to the Tourism and Hospitality industry: balance sheet

Note: Not available for credit toward the Bachelor of Commerce Program.
Courses of Instruction

Analysis; ratios; statements; capital budgeting analysis; working capital management; short, medium and long-term financing problems; reorganization.

**Prerequisites:** Third year standing, Finance 317 or 331 and Tourism and Hospitality Management 309 (Leisure, Tourism and Society 309); or consent of the Haskayne School of Business.

**Note:** Tourism and Hospitality Management 469 is recommended.

---

**Tourism and Hospitality Management 449 H(3-0)**

**Policy, Planning and Research in Tourism**

Focus on the impact of economic, social, cultural, political and technological issues and factors on travel and tourism and the host society. Examination of the structure and functioning of tourism systems and the manner in which general principles of issues management and forecasting can be adapted for effective tourism administration. Application of research on a specific dimension of travel and tourism management.

**Prerequisites:** Third year standing, admission to the Haskayne School of Business and Tourism and Hospitality Management 309 (Leisure, Tourism and Society 309); or consent of the Haskayne School of Business.

**Tourism and Hospitality Management 469 H(3-1T)**

**Profit and Control in Tourism and Hospitality**

Examination of the information systems useful in value-added processes within tourism and hospitality organizations. Interpretive, analytical, and judgmental skills will be applied in the study of quality and environmental costs, JIT and ABC costing, cash management, performance evaluation, and other topics.

**Prerequisites:** Third year standing, admission to the Haskayne School of Business, Accounting 317 or 321, and Tourism and Hospitality Management 309 (Leisure, Tourism and Society 309); or consent of the Haskayne School of Business.

**Note:** Not open to students with credit in Accounting 361.

**Note:** It is recommended that this course be taken before Tourism and Hospitality Management 439.

---

**Tourism and Hospitality Management 479 H(3-0)**

**Resort and Recreation Management**

Concepts and methods of resort planning, management and marketing, including recreational and event management for the resort environment. Case studies of real and proposed resorts from different environments will be used. Field visits to one or more resorts will be an essential part of the course.

**Prerequisites:** Third year standing, admission to the Haskayne School of Business and Tourism and Hospitality Management 309 (Leisure, Tourism and Society 309); or consent of the Haskayne School of Business.

**Note:** Enrollment is restricted to Bachelor of Hotel and Resort Management students and Tourism and Hospitality Management concentrators until August 15.

---

**Tourism and Hospitality Management 498 H(3-1)**

**Convention and Events Management**

An introduction to the principles and practice of convention and events management, covering conventions, meetings, exhibitions, trade and consumer shows, functions, and their venues. Specific attention is paid to the economic and tourism impacts of events.

**Prerequisites:** Third year standing, admission to the Haskayne School of Business and Tourism and Hospitality Management 309 (Leisure, Tourism and Society 309); or consent of the Haskayne School of Business.

---

**Graduate Courses**

**Tourism and Hospitality Management 741 H(3-0)**

**Policy Planning and Development in Tourism**

**Prerequisite:** Consent of the Haskayne School of Business.

**Tourism and Hospitality Management 745 H(3-0)**

**International Tourism**

**Prerequisite:** Consent of the Haskayne School of Business.

**Tourism and Hospitality Management 797 H(3S-0)**

**Advanced Seminar in Tourism**

**Prerequisite:** Consent of the Haskayne School of Business.

**PhD Course**

**Tourism and Hospitality Management 799 H(3S-0)**

**Doctoral Seminars in Tourism**

**799.01. General Fields in Tourism Management**

**799.02. Special Fields in Tourism Management**

**799.03. Tourism Policy and Strategy**

**799.04. Theory in Tourism**

---

**Transportation Science TRAN**

Instruction offered collaboratively by members of the Department of Geography in the Faculty of Social Sciences and the Department of Civil Engineering in the Faculty of Engineering. All Transportation Science courses are Area III in the Faculty of Social Sciences.

Contact - N.M. Waters

---

**Senior Courses**

**University 400 F(3-0)**

**Metaphors That Matter - An Interdisciplinary Perspective**

Lectureless course, which will use a wide range of resources to involve self-directed students in the exploration of the metaphors underlying the major disciplines constituting the modern university.

**Prerequisite:** Consent of the Course Co-ordinator.

**University 401 H(3-0)**

**Topic in Interdisciplinary Studies**

The focused examination of a topic from a variety of interdisciplinary perspectives.

**MAY BE REPEATED FOR CREDIT**

**University 501 H(0-4)**

**Experiential Learning**

An application of theory in a community or workplace setting.

**Prerequisite:** Consent of the student's faculty.

**Note:** Information regarding procedures to be followed in registering for this course is available from Associate Deans (Student Affairs) of undergraduate faculties and the Registrar.

**MAY BE REPEATED FOR CREDIT**
Urban Studies 451 H(3-0)

Prerequisite: Consent of the Course Co-ordinator.

Urban Studies 501 H(3-0)

Research in Selected Topics

Supervised individual study of a special topic.

Prerequisites: Consent of the Urban Studies Director and the Associate Dean (Academic).

Note: Students should contact the Office of the Associate Dean (Academic) prior to the first day of classes to arrange an independent study course.

MAY BE REPEATED FOR CREDIT

Urban Studies 505 H(3-0)

Special Topics in Urban Studies

An examination of selected topics in Urban Studies. See Master Timetable for current topic(s).

Prerequisites: Consent of the Urban Studies Director and the Associate Dean (Academic).

MAY BE REPEATED FOR CREDIT

Urban Studies 591 H(3S-0)

(formerly Urban Studies 501)

Integrative Seminar

Advanced seminar for the interdisciplinary consideration of selected problems in urban studies.

Prerequisites: Urban Studies 201 and two of Economics 361, Geography 351, Political Science 425, Sociology 353, or consent of the Faculty.

Note: May not be offered every year. May be taken as a reading course if an instructor is available.

Women's Studies 201 H(3-0)

Introduction to Women's Studies

An introduction to academic feminism that critically situating them within the history and respect for persons, benefit and harm, confidentiality and publication, and selection of research subjects. Taught by a multidisciplinary team with very broad experience on research ethics boards.

Women's Studies 307 H(3-0)

Contemporary Issues in Feminism

An analysis of some central and contentious issues impacting upon women's lives today. Topics include violence against women and "victim feminism"; sexual identities and transgressions; how women are differentially impacted by racism, colonialism, and economic class.

Prerequisite: Women's Studies 201 or 311.

Women's Studies 311 H(3-0)

Contemporary Feminist Theories

A comprehensive and comparative survey of the theoretical assumptions and the political stances associated with the main forms of feminist theory today - liberal, radical/cultural, socialist/Marxist, and postmodern feminisms.

Women's Studies 313 H(3-0)

Feminist Research Methods

An examination of the ways in which feminist thinking informs approaches to research, explores, and practices, several feminist methods of social research.

Women's Studies 321 H(3-0)

Women and Health

An interdisciplinary examination of women's experience of physical and psychological health and of perceptions and treatment of women within health care systems. The role of women as health care providers in families and society. Examples will come primarily, but not exclusively, from the Canadian context.

Women's Studies 331 H(3-0)

Women, Work, and the Globalized Economy

Women's domestic labour and "double day"; employment equity; the "feminization of poverty"; the impact of globalization, post-Fordism, and information-based technologies on women's labour North and South; sex work and surrogacy in the New World Economic Order.

Women's Studies 339 H(3-0)

Gender in Popular Culture

Introduction to the analysis of gender in popular culture, focusing on representations of gender in North America in the post Second World War period.

Women's Studies 405 H(3S-0)

Seminar in Feminist Praxis

An opportunity to develop practical and political skills by engaging in feminist activism. Students will be asked to give four to eight hours per month to their chosen activist endeavours. In-class time will be spent reflecting on these experiences and critically situating them within the history and perspectives of Western feminist activism.

Prerequisite: Women's Studies 201.
Courses of Instruction

Women’s Studies 431  H(3S-0)

Gender, Bodies, and Knowledge

How do women think about and experience their own bodies in different times and places? This interdisciplinary analysis will draw from studies in medicine, history, psychology and feminist theory, and will consider themes like sexuality, reproduction, health care, and youth and old age.

Prerequisite: Women’s Studies 201 or consent of the Associate Dean (Student Affairs and Curriculum).

Women’s Studies 501  H(3-0)

Research in Selected Topics

Supervised individual study of a special topic.

Prerequisites: Consent of the Women’s Studies Director and the Associate Dean (Academic).

Note: Students should contact the office of the Associate Dean (Academic) prior to the first day of classes to arrange an independent study course.

MAY BE REPEATED FOR CREDIT

Women’s Studies 591  H(3-0)

Integrative Seminar

Advanced seminar in which students will have the opportunity to apply their knowledge of feminist theory and issues to a more in-depth consideration of feminist research methodology and action.

Prerequisite: Women’s Studies 405 or consent of the Associate Dean (Student Affairs and Curriculum).

Zoology

Zool

Instruction offered by members of the Department of Biological Sciences in the Faculty of Science.

Department Head - D.M. Reid

† Limited amounts of non-scheduled class time involvement will be required for these courses.

Junior Course

Zoology 269  H(3-2T)

Introduction to Human Anatomy and Physiology

The structure and function of human organ systems with emphasis on homeostasis.

Prerequisites: Biology 30 and enrollment in the Faculty of Nursing.

Note: Credit for both Zoology 269 and any of Biology 305, Medical Science 200, 201, Kinesiology 261, Zoology 361, or 363 will not be allowed.

Note: Not open for credit to Majors or Minors in the Department of Biological Sciences or to Natural Sciences program students with a Concentration in Biological Sciences.

Note: Enrollment in this course may be limited. See explanation in the Program section of this Calendar.

Senior Courses

Zoology 361  H(3-3T)

Introduction to Human Physiology I

Basic physiology of human nervous, muscle, sensory, endocrine and reproductive systems. Emphasis is placed on integrative control of bodily function.

Prerequisite: Biology 231.

Prerequisite or Corequisite: Kinesiology 261 or Biology 233.

Note: Credit for Zoology 361 and any of Medical Science 502, Zoology 461, or 463 will not be allowed. This course is not open for credit to Zoology Majors in the Department of Biological Sciences.

Note: Enrollment in this course may be limited. See explanation in the Program section of this Calendar.

Note: Majors in the Department of Biological Sciences are strongly advised to take Zoology 461 and 463 as preparation for careers in health sciences (including medicine, dentistry, optometry and veterinary medicine).

† Zoology 363  H(3-3-2)

Introduction to Human Physiology II

Basic physiology of human immune, blood, cardiovascular, respiratory, renal and digestive systems, as well as metabolism and thermoregulation.

Prerequisite: Zoology 361.

Note: Credit for Zoology 363 and any of Medical Science 502, Zoology 461, or 463 will not be allowed. This course is not open for credit to Zoology Majors in the Department of Biological Sciences.

Note: Enrollment in this course may be limited. See explanation in the Program section of this Calendar.

Note: Majors in the Department of Biological Sciences are strongly advised to take Zoology 461 and 463 as preparation for careers in health sciences (including medicine, dentistry, optometry and veterinary medicine).

† Zoology 375  H(3-3)

An Introduction to Invertebrate Zoology

A survey of the invertebrate phyla with particular reference to those which exemplify the following grades of organization: protoplasmic, cellular, tissue, and organ-system and within the latter - acoelomate, pseudocoelemate, schizocoelomate and enterocoelomate. Emphasis is placed on functional morphology of the major phyla.

Prerequisites: Biology 231 and 233.

† Zoology 377  H(3-3)

The Vertebrates

Comparative anatomy; a basis for understanding the functional organization, development and adaptive radiation of vertebrates.

Prerequisites: Biology 231 and 233.

Zoology 461  H(3-1T-3)

Animal Physiology I

Study of control mechanisms in nerves, sensory organs, muscles and endocrine glands.

Prerequisites: One of Biochemistry 341, 393, Chemistry 351 or 354; Biology 331.

Note: Credit for both Zoology 461 and either Medical Science 502 or Zoology 361 will not be allowed.

Note: Prior completion of Physics 211 or 221 and 223 is strongly recommended

Note: Enrollment in this course may be limited. See explanation in the Program section of this Calendar.

Zoology 463  H(3-1T-3)

Animal Physiology II

Study of body fluids and hemostasis, body defence systems, reproductive physiology, respiration, circulation, excretion, gastrointestinal physiology and thermoregulation.

Prerequisite: Zoology 461.

Note: Credit for both Zoology 463 and either Medical Science 502 or Zoology 363 will not be allowed.

Note: Enrollment in this course may be limited. See explanation in the Program section of this Calendar.

Zoology 471  H(3-3)

(formerly Zoology 373)

Embryology

The development of vertebrate and invertebrate organisms including gametogenesis, fertilization, cleavage, gastrulation, organogenesis and growth.

Prerequisite: Zoology 377.

Zoology 475  H(3-3)

The Invertebrates

The phylogeny of the invertebrates; the relationships and adaptive radiation of all animal phyla, with emphasis on those structural and functional characteristics that are of evolutionary significance.

Prerequisite: Zoology 375.

† Zoology 477  H(3-3)

Biology of Vertebrates

Systematics, natural history and biology of vertebrates. Laboratory work will emphasize the identification and morphology of native taxa as well as basic techniques of biological systematics.

477.01. Birds and Mammals

477.02. Fishes, Amphibians and Reptiles

Prerequisite: Biology 313 or Zoology 377.

Note: Courses may be taken in any order.

Note: Zoology 477.01 is offered in odd-even dated academic years; Zoology 477.02 is offered in even-odd dated academic years.

Note: Enrollment in this course may be limited. See explanation in the Program section of this Calendar.

Zoology 483  H(3-3)

Principles in Parasitism

An introduction to protozoan, helminth, and arthropod parasites of animals; principles of host and parasite adaptations, host defense, disease and epidemiology. Laboratory tutorials emphasize morphology, life cycles and systematics of parasites. This course is delivered via video-broadcasting facilities.

Prerequisite: Cellular, Molecular and Microbial Biology 343 or Zoology 375.

Zoology 507  H(3-3)

Special Problems in Zoology

Lectures, seminars, term papers and training in theoretical and/or laboratory methods. After consultation with a Departmental faculty member who will supervise the chosen problem, a permission form obtained from the Department Office must be signed by the course supervisor before a student can register.

Prerequisites: Third or higher-year standing and consent of the Department.

MAY BE REPEATED FOR CREDIT

Zoology 528  F(0-6)

Independent Studies in Zoology

Original and independent thought, practical research and the completion of written and oral reports. After consultation with a Departmental faculty member
who will supervise the chosen problem, a permission form obtained from the Department Office must be signed by the course supervisor before a student can register.  

Prerequisites: Biology 315, fourth-year standing and consent of the Department.
