

ENTRANCE AWARDS

General Information and Policies

Application: Complete the High School Awards online application, available through the myUofC portal: <https://my.ucalgary.ca> (PeopleSoft Student Centre). Students may also access the portal from the U of C home page or from the Student Awards and Financial Aid website: www.ucalgary.ca/awards/

Deadline: Unless otherwise stated, the online High School Awards application must be submitted on or before **April 1**.

Exception: Students wishing to apply for the Seymour Schulich Academic Excellence Entrance Scholarships and/or the Seymour Schulich Community Service/Entrepreneurial Entrance Awards must submit the online High School Awards application by: **December 15**. Guidelines are as stated for Entrance Awards.

Entrance scholarships and bursaries are available to students entering their first year of post-secondary studies, who will be admitted to the University on the basis of their high school grades. Students must be entering a Fall Session at the University of Calgary. Generally recipients of awards must have achieved above average grades in five appropriate 20-level courses (grade 11) or equivalent for non-Alberta students and in some cases must demonstrate financial need.

- Students entering the Bachelor of Health Sciences program in the Faculty of Medicine are eligible for Entrance Awards.
- Students entering or continuing in the Bachelor of Education (Master of Teaching Program) are not eligible for Entrance Awards, however, they are eligible for Competitive Undergraduate Awards (Deadline is August 1).
- Upon completion of consecutive Fall and Winter Sessions at the University of Calgary, students are then eligible for Competitive Undergraduate Awards.

The following points should be considered when applying for Entrance Awards:

- Students MUST apply for **admission** prior to applying for Entrance Awards, as they will require a U of C student ID number to access the online High School Awards application.
- Students need not have been *accepted* for admission to the University prior to applying for High School Awards.
- Students are strongly encouraged to review the *High School Awards Online Application Information* provided on the Student Awards and Financial Aid website, prior to applying for helpful hints and required information.
- Applicants should familiarize themselves with the kinds of scholarships and bursaries that are available to high school graduates. When completing the online application, applicants should be sure to include all information that is pertinent to the specific awards for which they feel especially qualified.
- By completing the High School Awards online application, applicants will be considered for all scholarships and bursaries listed in this section with the exception of those stating "No application required."
- **Non-Alberta** students MUST mail or fax their **high school transcript** to the Student Awards and Financial Aid office by **April 16**. Grades for Alberta students will be obtained electronically by the Student Awards and Financial Aid office from Alberta Learning, providing an accurate Alberta Learning ID number is entered on their application for admission to the U of C.
- Unless otherwise stated in the conditions, awards are payable only when the student is in actual full-time attendance at the University of Calgary; recipients must maintain full-time status.
- The payment of tuition and fees is the first charge against scholarships and bursaries.
- If a student is granted an award, the University of Calgary reserves the right to release pertinent information to award donors, high schools, provincial funding bodies, U of C Faculty and administrative offices and public news agents. Specific information may be used for U of C promotional purposes.
- In support of the Academic Plan, awards are distributed among the most deserving students and in keeping with the terms of reference for awards. No student may normally receive total award funds of more than the value equivalent to the average cost of attendance as calculated by the Student Awards and Financial Aid office unless the value of the award is higher.

The University assumes liability for the payment of scholarships, bursaries, prizes and other awards only to the extent that gifts from donors, or returns from particular investments for these purposes will permit.

As this information is published a considerable time before the opening of the session, the University reserves the right to make whatever changes circumstances may require, including cancellation or addition of particular awards.
