

## Covid-19 Communications

### **SUMMARY**

There have been fifteen positive cases of covid-19 identified on campus today.

### **CASE A**

An individual who spent time in the Health Research Innovation Centre tested positive for covid-19. Their infectious window on campus was January 18. Contact tracing is complete and no close contacts have been identified.

### **LOCATION AND DATE(S)**

January 18

- 08:00 — 15:00: HRIC

### **CASE B**

An individual who spent time in the ICT Building tested positive for covid-19. Their infectious window on campus was January 17. Contact tracing is complete and no close contacts have been identified.

### **LOCATION AND DATE(S)**

January 17

- 06:00 — 14:00: ICT

### **CASE C**

An individual who spent time in Cascade Hall and MacEwan Student Centre tested positive for covid-19. Their infectious window on campus was January 18. Contact tracing is complete and no close contacts have been identified.

## **LOCATION AND DATE(S)**

January 18

Cascade Hall

- 11:30 — 12:30: MacHall

## **CASE D**

An individual who spent time in the Dining Centre tested positive for covid-19. Their infectious window on campus was January 13. Contact tracing is complete and one close contact has been identified.

## **LOCATION AND DATE(S)**

January 13

- 12:00 — 13:00: Dining Centre

## **CASE E**

An individual who spent time in Kananaskis Hall and the Dining Centre tested positive for covid-19. Their infectious window on campus was January 17. Contact tracing is complete and no close contacts have been identified.

## **LOCATION AND DATE(S)**

January 17

Kananaskis Hall

- 12:50 — 13:50: Dining Centre

## **CASE F**

An individual who spent time in Yamnuska Hall and the Dining Centre tested positive for covid-19. Their infectious window on campus was January 15, 16 & 17. Contact tracing is complete and five close contacts have been identified.

## **LOCATION AND DATE(S)**

January 15

Yamnuska Hall

- 20:15 — 21:00: Dining Centre

January 16

Yamnuska Hall

- 18:10 — 19:00: Dining Centre

January 17

Yamnuska Hall

- 07:20 — 08:00: Dining Centre

## **CASE G**

An individual who spent time in Kananaskis Hall and the Dining Centre tested positive for covid-19. Their infectious window on campus was January 17. Contact tracing is complete and one close contact has been identified.

### **LOCATION AND DATE(S)**

January 17

Kananaskis Hall

- 11:00 — 11:40: Dining Centre

## **CASE H**

An individual who spent time in Crowsnest Hall and the Foothills Hospital Morgue Teaching Site tested positive for covid-19. Their infectious window on campus was January 17. Contact tracing is complete and eight close contacts have been identified.

### **LOCATION AND DATE(S)**

January 17

Crowsnest Hall

- 10:00 — 12:00: Foothills Hospital Morgue Teaching Site

## **CASE I**

An individual who spent time in the Fitness Centre tested positive for covid-19. Their infectious window on campus was January 12. Contact tracing is complete and one close contact has been identified.

### **LOCATION AND DATE(S)**

January 12

- 07:00 — 08:00: Fitness Centre

## **CASE J**

An individual who spent time in Yamnuska Hall and the Dining Centre tested positive for covid-19. Their infectious window on campus was January 18. Contact tracing is complete and two close contacts have been identified.

### **LOCATION AND DATE(S)**

January 18

Yamnuska Hall

- 08:40 — 09:30: Dining Centre

## **CASE K**

An individual who spent time in Calgary Centre for Innovative Technology tested positive for covid-19. Their infectious window on campus was January 17. Contact tracing is complete and no close contacts have been identified.

### **LOCATION AND DATE(S)**

January 17

- 12:00 — 16:00: CCIT

## **CASE L**

An individual who spent time in Rundle Hall, the Dining Centre and the Fitness Centre tested positive for covid-19. Their infectious window on campus was January 10 & 14. Contact tracing is complete and one close contact has been identified.

### **LOCATION AND DATE(S)**

January 10

Rundle Hall

- 08:00 — 09:00: Dining Centre
- 12:00 — 13:00: Dining Centre
- 19:00 — 20:00: Dining Centre

January 14

Rundle Hall

- 12:00 — 13:00: Dining Centre

### **CASE M**

An individual who spent time in Biological Sciences tested positive for covid-19. Their infectious window on campus was January 13. Contact tracing is complete and no close contacts have been identified.

### **LOCATION AND DATE(S)**

January 13

- 09:00 — 12:00: BI

### **CASE N**

An individual who spent time in MacEwan Student Centre and the SAPL Workshop tested positive for covid-19. Their infectious window on campus was January 18 & 19. Contact tracing is complete and no close contacts have been identified.

### **LOCATION AND DATE(S)**

January 18

- 11:00 — 11:15: MacHall

January 19

- 07:15 — 08:20: SAPL Workshop

## **CASE O**

An individual who spent time in the Olympic Oval tested positive for covid-19. Their infectious window on campus was January 17. Contact tracing is complete and no close contacts have been identified.

## **LOCATION AND DATE(S)**

January 17

- 16:30 — 18:30: Oval

## **STEPS TAKEN**

Areas where the individuals are known to have spent time are being deep cleaned.

UCalgary has created [covid safe guidelines](#) to support our campus community. Students, faculty and staff are required to either attest they are fully immunized against Covid-19 in order to be on campus. UCalgary also requires individuals on campus to wear face coverings when in public locations or unable to distance. Visitors to campus will also be expected to comply with the university's program.

Please do not come to campus if you are experiencing cold or flu-like symptoms and go home immediately if symptoms develop while you are on campus. If you have been exposed to someone with covid-19, and you are not fully immunized please protect others by staying home.

If you have covid-19, please inform UCalgary by filling out the [webform](#) so we can help you to inform others with whom you may have been in close contact. Close contacts should monitor for covid-19 symptoms; isolate and be tested for covid-19 if symptoms develop.

As per exposure criteria established by Alberta Health Services, a close contact is anyone who, during the infectious period has lived with or was within two metres of a person who has covid-19 for 15 minutes, even if a non-medical mask was worn during that contact. This includes cumulative contact where multiple interactions add up to

15 minutes or more. A close contact could also be someone who had direct physical contact (handshake, hugging, kissing) with an infectious person or direct contact with their bodily fluids, such as being coughed or sneezed on. [Learn more.](#)

The best protection against covid-19 is to be fully vaccinated. [Learn more.](#)
