

Covid-19 Communications

SUMMARY

There have been eleven positive cases of covid-19 identified on campus today.

CASE A

An individual who spent time in Biological Sciences, Science B, Engineering and Murray Fraser Hall tested positive for covid-19. Their infectious window on campus was March 15 & 16. Contact tracing is complete and eight close contacts have been identified.

LOCATION AND DATE(S)

March 15

- 09:00 — 11:50: BI
- 18:00 — 19:15: SB

March 16

- 10:00 — 11:50: ENA
- 13:00 — 13:50: MFH

CASE B

An individual who spent time in the Reeve Theatre and Kinesiology tested positive for covid-19. Their infectious window on campus was March 11 & 15. Contact tracing is complete and five close contacts have been identified.

LOCATION AND DATE(S)

March 11

- 19:00 — 21:00: RT

March 15

- 09:00 — 15:30: KNB

CASE C

An individual who spent time in Cascade Hall, ICT, Engineering, Science A, Biological Sciences and Kinesiology tested positive for covid-19. Their infectious window on campus was March 14, 15 & 16. Contact tracing is complete and one close contact has been identified.

LOCATION AND DATE(S)

March 14

Cascade Hall

- 08:00 — 09:00: ICT
- 10:00 — 11:00: ENA
- 17:00 — 18:00: SA

March 15

Cascade Hall

- 09:00 — 12:00: BI

March 16

Cascade Hall

- 14:00 — 15:30: KN

CASE D

An individual who spent time in Olympus Hall and Engineering tested positive for covid-19. Their infectious window on campus was March 14. Contact tracing is complete and close contacts have been identified.

LOCATION AND DATE(S)

March 14

Olympus Hall

- 14:00 — 15:15: ENG

CASE E

An individual who spent time in the Sports Medicine Centre tested positive for covid-19. Their infectious window on campus was March 14. Contact tracing is complete and close contacts have been identified.

LOCATION AND DATE(S)

March 14

- 09:30 — 13:00: SMC

CASE F

An individual who spent time in Murray Fraser Hall and MacEwan Student Centre tested positive for covid-19. Their infectious window on campus was March 16. Contact tracing is complete and close contacts have been identified.

LOCATION AND DATE(S)

March 16

- 09:30 — 13:30: MFH
- 13:30 — 13:45: Mac Hall

CASE G

An individual who spent time in Engineering and MacEwan Student Centre tested positive for covid-19. Their infectious window on campus was March 14 & 15. Contact tracing is complete and three close contacts have been identified.

LOCATION AND DATE(S)

March 14

- 12:00 — 14:00: END

March 15

- 10:00 — 13:00: END
- 13:30 — 14:00: Mac Hall

CASE H

An individual who spent time in the Health Science Centre tested positive for covid-19. Their infectious window on campus was March 16. Contact tracing is complete and three close contacts have been identified.

LOCATION AND DATE(S)

March 16

- 08:00 — 16:00: HSC

CASE I

An individual who spent time in Murray Fraser Hall, Science Theatres and the Dining Centre tested positive for covid-19. Their infectious window on campus was March 14 & 16. Contact tracing is complete and close contacts have been identified.

LOCATION AND DATE(S)

March 14

- 12:00 — 13:00: Dining Centre
- 13:00 — 14:00: MFH

March 16

- 11:00 — 12:00: ST

CASE J

An individual who spent time in Kananaskis Hall and the Dining Centre tested positive for covid-19. Their infectious window on campus was March 14. Contact tracing is complete and close contacts have been identified.

LOCATION AND DATE(S)

March 14

Kananaskis Hall

- 07:10 — 08:00: Dining Centre

CASE K

An individual who spent time in MacEwan Student Centre tested positive for covid-19. Their infectious window on campus was March 17. Contact tracing is complete and close contacts have been identified.

LOCATION AND DATE(S)

March 17

- 13:30 — 13:45: Mac Hall

STEPS TAKEN

UCalgary requires individuals on campus to wear face coverings when in public locations or unable to distance. Visitors to campus will also be expected to comply with the university's program.

Please do not come to campus if you are experiencing cold or flu-like symptoms and go home immediately if symptoms develop while you are on campus. If you have been exposed to someone with covid-19, and you are not fully immunized please protect others by staying home.

If you have covid-19, please inform UCalgary by filling out the [webform](#). Close contacts should monitor for covid-19 symptoms; isolate and be tested for covid-19 if symptoms develop.

As per exposure criteria established by Alberta Health Services, a close contact is anyone who, during the infectious period has lived with or was within two metres of a person who has covid-19 for 15 minutes, even if a non-medical mask was worn during that contact. This includes cumulative contact where multiple interactions add up to 15 minutes or more. A close contact could also be someone who had direct physical contact (handshake, hugging, kissing) with an infectious person or direct contact with their bodily fluids, such as being coughed or sneezed on. [Learn more.](#)

The best protection against covid-19 is to be fully vaccinated. [Learn more.](#)
