

Covid-19 Communications

SUMMARY

There have been 10 positive cases of covid-19 identified on campus today.

CASE A

An individual who spent time in the Science building and the Taylor Digital Family Library tested positive for covid-19. Their infectious window on campus was February 28. Contact tracing is complete and close contacts have been identified.

LOCATION AND DATE(S)

February 28

- 09:00 — 17:00: SA
- 09:00 — 11:00: TFDL

CASE B

An individual who spent time in Murray Fraser Hall and the MacEwan Student Centre tested positive for covid-19. Their infectious window on campus was February 28. Contact tracing is complete and close contacts have been identified.

LOCATION AND DATE(S)

February 28

- 14:00 — 16:00: MFH
- 16:00 — 17:00: MacHall
- 17:00 — 19:00: MFH

CASE C

An individual who spent time in the Biological Sciences, Information and Communications Technologies and the Engineering building tested positive for covid-

19. Their infectious window on campus was February 28 and March 1. Contact tracing is complete and close contacts have been identified.

LOCATION AND DATE(S)

February 28

- 11:30 — 12:30: BI

March 1

- 09:30 — 10:15: ICT
- 10:30 — 11:30: ENC
- 11:15 — 11:30: BI

CASE D

An individual who spent time in the Jack Simpson Gym tested positive for covid-19. Their infectious window on campus was February 19. Contact tracing is complete and close contacts have been identified.

LOCATION AND DATE(S)

February 19

- 13:30 — 14:30: Jack Simpson Gym
- 18:00 — 22:30: Jack Simpson Gym

CASE E

An individual who spent time in Craigie Hall and the Engineering building tested positive for covid-19. Their infectious window on campus was February 28 & March 1. Contact tracing is complete and four close contacts have been identified.

LOCATION AND DATE(S)

February 28

- 14:00 — 16:50: ENG

March 1

- 12:30 — 13:45: CHC

CASE F

An individual who spent time in Kananaskis Hall, Dining Centre, the Science building, and the Information and Communications Technology building tested positive for covid-19. Their infectious window on campus was February 27, 28, March 1 & 2. Contact tracing is complete and one close contact has been identified.

LOCATION AND DATE(S)

February 27

Kananaskis Hall

- 07:30 — 07:45: Dining Centre
- 15:00 — 15:30: Dining Centre

February 28

Kananaskis Hall

- 07:30 — 07:45: Dining Centre
- 12:00 — 12:30: Dining Centre
- 19:00 — 19:30: Dining Centre

March 1

Kananaskis Hall

- 07:30 — 07:45: Dining Centre
- 15:00 — 15:30: Dining Centre
- 15:30 — 16:45: SA

March 2

Kananaskis Hall

- 08:30 — 08:45: Dining Centre
- 09:00 — 09:50: ICT
- 07:45 — 12:30: Kananaskis Hall 6th floor

CASE G

An individual who spent time in the Olympic Oval tested positive for covid-19. Their infectious window on campus was February 28. Contact tracing is complete and close contacts have been identified.

LOCATION AND DATE(S)

February 28

- 06:00 — 08:30: Olympic Oval

CASE H

An individual who spent time in the International House, Dining Centre, Science building, South Tower, Information and Communications Technology building tested positive for covid-19. Their infectious window on campus was February 28, March 1 & 2. Contact tracing is complete and eight close contacts have been identified.

LOCATION AND DATE(S)

February 28

International House

- 18:00 — 19:00: Dining Centre

March 1

International House

- 15:15 — 17:00: SA

March 2

International House

- 11:50 — 12:50: ST
- 12:50 — 13:50: ST
- 13:50 — 14:50: ICT
- 17:30 — 15:55: Dining Centre

CASE I

An individual who spent time in Aurora Hall, and Yamnuska Hall tested positive for covid-19. Their infectious window on campus was March 2. Contact tracing is complete and one close contact has been identified.

LOCATION AND DATE(S)

March 2

- 07:30 — 08:00: Yamnuska Hall Main floor lobby
- 08:00 — 16:00: Aurora Hall common area

CASE J

An individual who spent time in Craigie Hall, and the Education Classrooms tested positive for covid-19. Their infectious window on campus was March 1. Contact tracing is complete and close contacts have been identified.

LOCATION AND DATE(S)

March 1

- 09:00 — 17:00: CHE, EDC

STEPS TAKEN

Areas where the individuals are known to have spent time are being deep cleaned.

UCalgary has created [covid safe guidelines](#) to support our campus community. Students, faculty and staff are required to either attest they are fully immunized against Covid-19 in order to be on campus. UCalgary also requires individuals on campus to wear face coverings when in public locations or unable to distance. Visitors to campus will also be expected to comply with the university's program.

Please do not come to campus if you are experiencing cold or flu-like symptoms and go home immediately if symptoms develop while you are on campus. If you have been exposed to someone with covid-19, and you are not fully immunized please protect others by staying home.

If you have covid-19, please inform UCalgary by filling out the [webform](#) so we can help you to inform others with whom you may have been in close contact. Close contacts should monitor for covid-19 symptoms; isolate and be tested for covid-19 if symptoms develop.

As per exposure criteria established by Alberta Health Services, a close contact is anyone who, during the infectious period has lived with or was within two metres of a person who has covid-19 for 15 minutes, even if a non-medical mask was worn during that contact. This includes cumulative contact where multiple interactions add up to 15 minutes or more. A close contact could also be someone who had direct physical contact (handshake, hugging, kissing) with an infectious person or direct contact with their bodily fluids, such as being coughed or sneezed on. [Learn more.](#)

The best protection against covid-19 is to be fully vaccinated. [Learn more.](#)
