- 15:00 — 15:15: Mac Hall

April 13

- 14:00 — 14:15: ICT

CASE E

An individual who spent time the Taylor Family Digital Library tested positive for covid-19. Their infectious window on campus was April 14. Contact tracing is complete and eight close contacts have been identified.

LOCATION AND DATE(S)

April 14

- 14:00 — 17:00: TFDL

CASE F

An individual who spent time in the MacEwan Student Centre and Engineering tested positive for covid-19. Their infectious window on campus was April 12 & 14. Contact tracing is complete and close contacts have been identified.

LOCATION AND DATE(S)

April 12

- 17:00 — 19:30: Mac Hall

April 14

- 12:00 — 17:00: ENA

CASE G

An individual who spent time in the Social Science building and the MacEwan Student Centre tested positive for covid-19. Their infectious window on campus was April 14. Contact tracing is complete and close contacts have been identified.

LOCATION AND DATE(S)

April 14

- 07:30 — 16:00: Social Sciences 13th floor
- 12:00 — 12:30: Mac Hall

CASE H

An individual who spent time in the Clinical Skills Building tested positive for covid-19. Their infectious window on campus was April 16. Contact tracing is complete and one close contact has been identified.

LOCATION AND DATE(S)

April 16

- 14:00 — 19:00: CSB

CASE I

An individual who spent time in Scurfield Hall tested positive for covid-19. Their infectious window on campus was April 14. Contact tracing is complete and close contacts have been identified.

LOCATION AND DATE(S)

April 14

- 07:45 — 11:30: SH

CASE J

An individual who spent time in the Education Tower tested positive for covid-19. Their infectious window on campus was April 13. Contact tracing is complete and one close contact has been identified.

LOCATION AND DATE(S)

April 13

- 08:30 — 15:30: EDT

STEPS TAKEN

UCalgary requires individuals on campus to wear face coverings when in public locations or unable to distance. Visitors to campus will also be expected to comply with the university's program.

Please do not come to campus if you are experiencing cold or flu-like symptoms and go home immediately if symptoms develop while you are on campus. If you have been exposed to someone with covid-19, and you are not fully immunized please protect others by staying home.

If you have covid-19, please inform UCalgary by filling out the [webform](#). Close contacts should monitor for covid-19 symptoms; isolate and be tested for covid-19 if symptoms develop.

As per exposure criteria established by Alberta Health Services, a close contact is anyone who, during the infectious period has lived with or was within two metres of a person who has covid-19 for 15 minutes, even if a non-medical mask was worn during that contact. This includes cumulative contact where multiple interactions add up to 15 minutes or more. A close contact could also be someone who had direct physical contact (handshake, hugging, kissing) with an infectious person or direct contact with their bodily fluids, such as being coughed or sneezed on. [Learn more.](#)

The best protection against covid-19 is to be fully vaccinated. [Learn more.](#)
