

Covid-19 Communications

SUMMARY

There have been seven positive cases of covid-19 identified on campus today.

CASE A

An individual who spent time in the Math Science building and the Science Theatre tested positive for covid-19. Their infectious window on campus was May 11 & 12. Contact tracing is complete and three close contacts have been identified.

LOCATION AND DATE(S)

May 11

- 09:00 — 10:50: MS

May 12

- 15:50 — 16:00: ST

CASE B

An individual who spent time in Energy Environment Experiential Learning and Earth Sciences tested positive for covid-19. Their infectious window on campus was May 12 & 13. Contact tracing is complete and close contacts have been identified.

LOCATION AND DATE(S)

May 12

- 08:30 — 12:30: EEEL

May 13

- 09:00 — 17:00: ES

CASE C

An individual who spent time in Murray Fraser Hall and Energy Environment Experiential Learning tested positive for covid-19. Their infectious window on campus was May 12 & 13. Contact tracing is complete and close contacts have been identified.

LOCATION AND DATE(S)

May 12

- 09:00 — 12:00: MFH
- 12:00 — 16:00: EEEL

May 13

- 09:00 — 12:00: EEEL
- 12:00 — 14:00: EEEL

CASE D

An individual who spent time in the Science building tested positive for covid-19. Their infectious window on campus was May 13. Contact tracing is complete and close contacts have been identified.

LOCATION AND DATE(S)

May 13

- 09:00 — 12:00: SB

CASE E

An individual who spent time in the Grounds building tested positive for covid-19. Their infectious window on campus was May 13. Contact tracing is complete and close contacts have been identified.

LOCATION AND DATE(S)

May 13

- 07:00 — 15:00: Grounds building

CASE F

An individual who spent time in the Engineering building tested positive for covid-19. Their infectious window on campus was May 10. Contact tracing is complete and close contacts have been identified.

LOCATION AND DATE(S)

May 10

- 08:30 — 17:15: ENC

CASE G

An individual who spent time in the Biological Sciences building tested positive for covid-19. Their infectious window on campus was May 13. Contact tracing is complete and two close contacts have been identified.

LOCATION AND DATE(S)

May 13

- 08:30 — 12:00: BI

STEPS TAKEN

UCalgary requires individuals on campus to wear face coverings when in public locations or unable to distance. Visitors to campus will also be expected to comply with the university's program.

Please do not come to campus if you are experiencing cold or flu-like symptoms and go home immediately if symptoms develop while you are on campus. If you have been exposed to someone with covid-19, and you are not fully immunized please protect others by staying home.

If you have covid-19, please inform UCalgary by filling out the [webform](#). Close contacts should monitor for covid-19 symptoms; isolate and be tested for covid-19 if symptoms develop.

As per exposure criteria established by Alberta Health Services, a close contact is anyone who, during the infectious period has lived with or was within two metres of a person who has covid-19 for 15 minutes, even if a non-medical mask was worn during that contact. This includes cumulative contact where multiple interactions add up to 15 minutes or more. A close contact could also be someone who had direct physical contact (handshake, hugging, kissing) with an infectious person or direct contact with their bodily fluids, such as being coughed or sneezed on. [Learn more.](#)

The best protection against covid-19 is to be fully vaccinated. [Learn more.](#)
