BIOGRAPHY – Cara Wolf

Cara Wolf is the Founder and CEO of Ammolite Analytx, an international award-winning custom AI technology development firm specializing in advanced information security solutions and data analytics for global companies, government and private sector clients. Cara draws upon her 25 years of technical and business expertise to lead multi-disciplinary software development teams in the creation of customized advanced machine learning platforms in cyber security. She is an award winning, recognized thought leader, published author and speaker. She has extensive experience serving at the Advisory Board and Director level for many organizations including the Board of Governors UCalgary, Council of Innovation and Entrepreneurial Leadership UCalgary, Automotive Parts Manufacturing Association and vCISO Catalyst. She is a past Executive Director of the Calgary Council of Advanced Technologies, a SHEInnovator with UN Women and a business technology mentor with Technovation and Alberta Status of Women. Cara was recognized as TECTERRA's inaugural Woman of Impact award and is the 2019 Distinguished Graduate of the Haskayne School of Business at UCalgary. She was awarded the STEM Trailblazer Woman of Inspiration award and Top 20 Women in Cybersecurity. Cara was selected as 1 of 2 Canadian women leaders to participate in the Select USA Global Women in Technology Network Mentoring Program spearheaded by Secretary of Commerce Gina Raimondo, and a recipient of the Queen Elizabeth II Platinum Jubilee Medal for Community Leadership in Technology.
