

By using the Change of Program Admission Assessment Rules table faculties are able to setup the transfer/university GPA and high school averages for any academic program or plan by admit type. When the change of program process is run it processes students according to the values set on the COP Admission Assessment Rules table.

1. Click the **Set Up SACR** link.  

2. Click the **Product Related** link.  

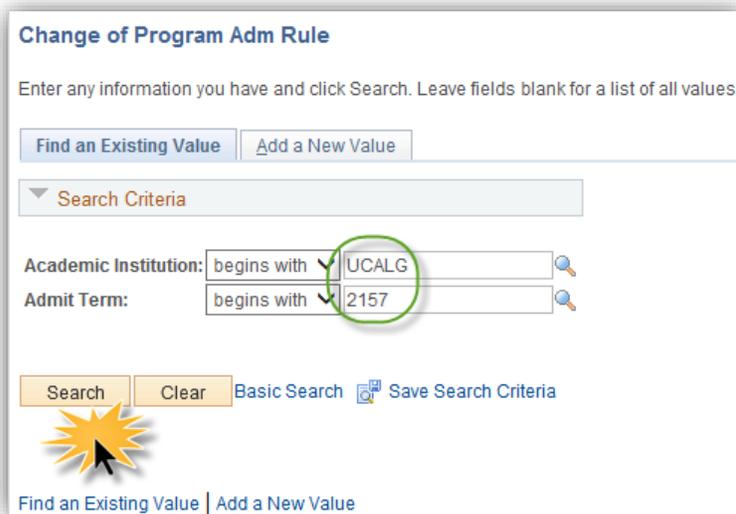

3. Click the **Recruiting and Admissions** link.  

4. Click the **U of C Evaluations** link.  

5. Click the **COP Admission Rules** link.  

6. Click the **COP Admission Assessment Rules** link.  

7. Enter the Academic Institution and applicable Term press Enter or Search. Click the **Search** button.  

**Change of Program Adm Rule**

Enter any information you have and click Search. Leave fields blank for a list of all values.

# Admission Assessment Rules for Change of Program

SA - Registration

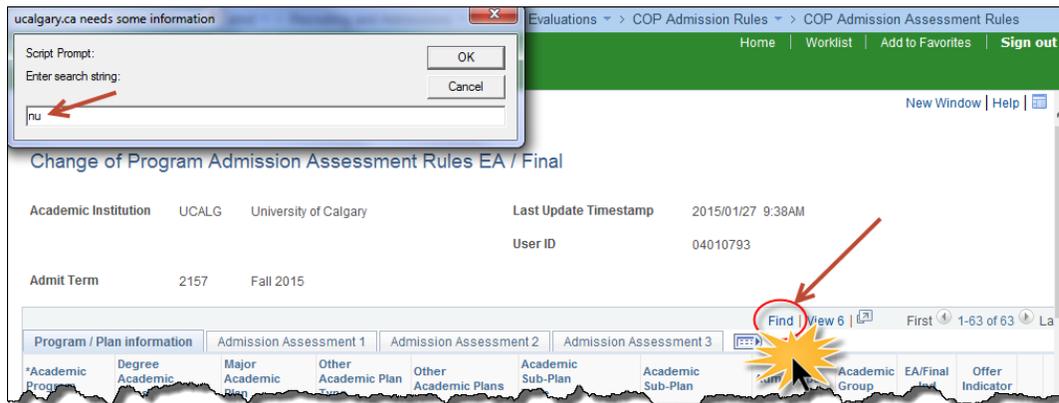

8. The Admission Assessment Rules table will list the programs alphabetically by 1) Academic Program, 2) Major, 3) other plans. To view the entire list, click View All. Click the [View All](#) link.

[View All](#)

9. After pressing **View All** scroll down to view the desired Academic Program. **Tip:** Using the Find link can assist in finding the Academic Program rather than scrolling down. Click the [Find](#) link.

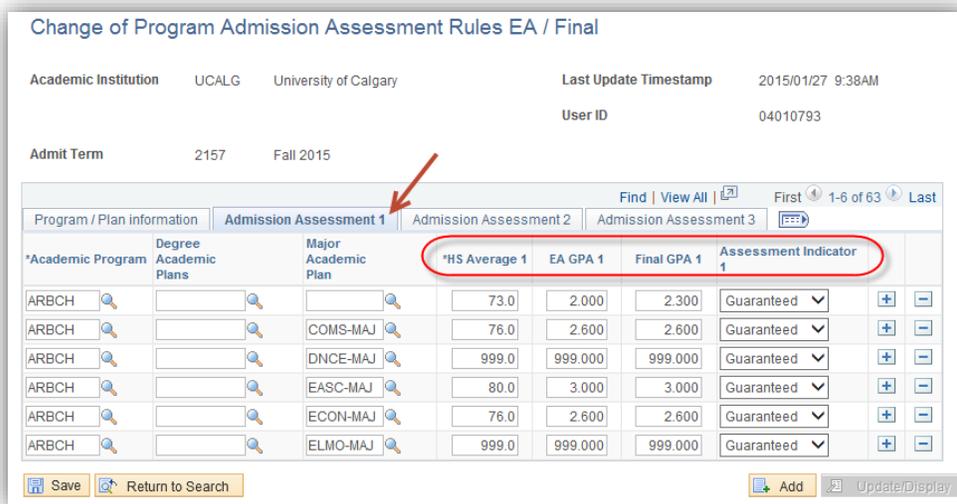

[Find](#)

10. The Find dialog box displays. For example to find Nursing enter part of the name (e.g. nu for Nursing). Click the **OK** button. The Search results display at the bottom.

[OK](#)

11. When the change of program process is run, it determines the students' admissibility according to the values set on this table. If you don't enter an admit type, it will be used for all admit types (CF1, CF2 and CF3). Similarly, if the process doesn't find a match on the assessment table to the student's program and plans (i.e. ARBCH/COMS) it will use the row on the table that only specifies the academic program (ARBCH) to determine admission.
12. Click the **Admission Assessment 1** tab. Averages entered here are used to **admit** a student. If a student has a calculated GPA and/or high school average (if applicable) that is equal to or exceeds the values entered, the student will be admitted if they meet all course requirements and have no other exceptions.

# Admission Assessment Rules for Change of Program

SA - Registration

- Click the **Admission Assessment 3** tab. Grades entered here are used to **deny** students. If a student has a calculated GPA and/or high school average (if applicable) that is higher than the value entered here, but lower than the Admission Assessment 2 and they have no exceptions, the student will be denied admission.

17. **Offer Indicator** has to be selected for the process to grant students admission. To stop the process from granting admission to a program, remove the offer flag (deselect). **Note:** You can also run in report mode and the process will not grant admission. If this flag is not selected, even when the process is in report mode, you will not see the admission values that the process would use in live mode.
18. Assessment Indicators are the same values used for new admits to the University of Calgary (Guaranteed, Hold/Wait, Minimum). Grade point averages can be entered at a faculty level or down to other academic plans or sub plans. To add a new rule, use the (+) indicator and enter the appropriate values. Once the value is added the process can use the value immediately. It's not dependent on the values being loaded overnight.

*HS Average 1	EA GPA 1	Final GPA 1	Assessment Indicator 1	HS Average 2	EA GPA 2	Final GPA 2	Assessment Indicator 2	HS Average 3	EA GPA 3	Final GPA 3	Assessment Indicator 3
