## Development Grant for New Group Study Programs

**Purpose:** The Development Grant for New Group Study Programs supports Goals 2 and 3 of the [Global Engagement Plan](#): “Improve Global and Intercultural Capacity Within Our Campus” and “Enhance Global Partnerships.” This grant is to assist faculty at the University of Calgary who wish to develop an instructor led, credit-bearing Group Study Program (GSP) to an international location. Grants may be used for travel to assess suitability of a study location, developing technical resources to be used, hiring an assistant to assist in development of a program, etc. **Funds may not be used:** to contribute to salary of the instructor; purchase of equipment; or costs considered normal operating cost of the department.

**Deadlines / Timing:** funds must be used by March 31, 2024. It is hoped this will lead to a GSP proposal for the 2024/25 academic year.

**Study Themes:** Proposals should align with UCalgary [academic](#) and/or [research](#) plans and other institutional strategies and plans, such as the [Global Engagement Plan](#), [Indigenous strategy \(ii' taa'poh'to'p\)](#), research themes and faculty plans.

The selection committee will give particular attention to proposals which complement or bridge gaps in existing programs, have the ability to attract sufficient students to run the program, and demonstrate they are accessible and inclusive of underrepresented student populations.

Consideration may also be given to proposals which may strengthen links to University of Calgary international partners.
