- “Experienced” GSP instructors who wish to develop a new program and/or locate a new site and require some resources to ‘vet’ the site and ensure it meets requirements related to education content, safety, etc.

Criteria:

- Applicants must be in a continuing full-time academic appointment at UCalgary
- Proposed program must be aligned with Plans and Strategies: Proposals should align with [academic](#) and/or [research](#) plans and other institutional strategies and plans, such as the [Global Engagement Plan](#), Indigenous strategy (ii' taa'poh'to'p), research themes and faculty plans
- Proposed programs should:
 - complement existing GSPs or serve to fill gaps in existing programming,
 - have the ability to attract sufficient students to run the program, and
 - be accessible and inclusive of underrepresented student populations in Global Learning (economically disadvantaged, first in family to attend university, Indigenous, LGBTQ2S, students with disabilities and visible/racialized minorities)
- Proposals must include a **letter of support** from the Associate Dean International or Dean (or designate) verifying that the proposal and planned program:
 - Supports the Faculty’s academic and international plans, and
 - Complements existing GSPs and/or fills gaps in existing programming within the Faculty and Department, ensuring an extensive applicant pool.

The Development Grant for New Group Study Programs supports Goals 2 and 3 of the [Global Engagement Plan](#): “Improve Global and Intercultural Capacity Within Our Campus” and “Enhance Global Partnerships.”
