**FOR YOUR INFORMATION:**

**Onsite Interns**

- In the event of a delay in visa/permit issuance, recruited candidates will be engaged on a hybrid internship placement. This means that the interns will be expected to begin their internship placement virtually on the assigned date (as they wait for their visa/permit to be issued) and later on, travel to their respective host country once the visa/permit has been issued for the remaining part of their internship.

**Hybrid Interns**

- We will be offering hybrid internship placements to successfully recruited candidates who would wish to experience both the virtual and the onsite internship placement. This placement offers an opportunity for an intern to work virtually (from the comfort of their homes) and on-site (at the host country) during a 5, 6 and 8-month internship placement.
